We would like very much, good [illegible] cheese cloth for the girls to make [illegible] dresses for themselves for pageants, cantatas for School concert to be given about Nov. 1st. These would be kept for school use only. about 40 yds -

The simple tools are proving a boon to the boys.

I am delighted at the interest in Sewing - Crochet &c taken by the girls. It seems to me, that more time for this kind of thing would solve a number of the problems of discipline, in that the girls would have added interests to fill their time.

Next Year, the Jr. girls will be required to make underwear and I hope a simple dress for themselves.

One would need about 3 pairs of hands to do it well. If only there were an extra room and even a part time teacher, to help with the hand work.

The ideal in time to come, would be - 4 hrs per day academic work - 3 hrs per day hand work - longer noon, breaks for physical exercise. However, under present conditions, this is impossible. The cause of unbroken hours is attendance, [illegible] by [illegible] farming.

Sir:

I have your letter of the 11th instant, giving a list of the supplies required for the use of the Rama Indian Day School at the beginning of the new academic year. In reply I beg to say that you may arrange for the purchase and delivery of the following:-

2 brooms
1 copper wash boiler
1 case Gillett's lye
2 rolls picture wire
2 boxes paper clips
1 [redacted]
1 clothes line
a quantity of soap and pearline.

You may have a post installed to attach the clothes line. You may also have the furnace overhauled and dampers with chains put in the pipes where required. In the purchase of the above supplies and repairs to the furnace, etc., you should see that no unnecessary expense is incurred and that the cost is kept down as low as possible.

I have also your letter of the 11th instant, enclosing a list from the senior teacher showing the sewing material required by her. In reply I beg to say that you may incur an expenditure not exceeding $25.00 in the purchase of this material for the teaching of sewing, knitting, etc. It would be advisable to consult the teacher as to what is required, and you might arrange with her to purchase the material when the school re-opens. The above authorized amount should not be exceeded.

Please forward properly certified vouchers, in duplicate, covering the above authorized expenditure.

Ottawa, July 15, 1927.

Sir:

I have your letter of the 11th instant, furnishing a report on the visit made by the older pupils of the Rama Indian Day School to Midland and Port McNicoll. The Department is pleased that this trip was a success and enjoyed by the pupils. An account, covering the charges of the motor bus which conveyed the children on their visit, has already been received and paid. You may forward vouchers for the cost of the food given the pupils during the trip and for your personal outlay. Proper receipts should be attached and payment will then be made.

The essays written by the pupils, giving an account of their trip, have been received. I may say that the Department will allow a prize of $2.00 to the pupil writing the essay considered by yourself or the teacher as being the best and the sum of $1.00 to the second best. You may prepare and forward a voucher, properly certified, for these amounts. The names of the successful pupils should be stated on the voucher. The essays which you forwarded are returned herewith.

Sir:

I have your letter of the 15th instant, in which you recommend that a cement cover be placed on top of well at the Rama Indian Day School, replacing present board cover. In this connection I have to request that you will furnish an estimate of the cost of having this work carried out. The Department has lately authorized considerable expense at this school and would like to be informed as to what further expense is required in having the cement cover placed on the well, before authorizing having it done. It will be sufficient if you state the approximate cost.

Wm. Russell T. Ferrier, Supt'g Ed.
Dep't'y Superintendent, Ottawa,

Dear Sir:

After being here a year, and putting my best thought and effort into the problems of this reserve, I am venturing to write to you personally concerning one or two matters that are possible solutions to perhaps the most serious problem of the lot.

But first of all, I want to thank the Department for the support, and kindly sympathetic interest. It has meant much to me that I considered a very successful year in the field. I have been experimenting in all sorts of ways and find a program can be worked out that will more than pay its way. There is great encouragement in the days to come.

The sewing and crocheting of the girls has kept me busy in school all year. Each class cut & made their clothing, not including actual stuff & some one get the material to make it, I made

with only a very limited supply.

(c) The girls might be taught ... a simple practical course in cooking and cleaning.

A cookstove in the hall and the most ordinary utensils even makeshift ones - would be a means of splendid work here.

(d) A home-made workbench - a few tools - a few scrap lumber, some nails, glue &c and the boys could by practical handcraft - making of furniture, practical arithmetic &c.

(e) Classes for women under the guidance of the teachers could do a little to civilize the people by giving them something to do. There are a few who want to improve a garden - do dairy work &c. Some of the girls in school are intensely interested.

3. With Entrance classes (there will be two more studying for next year) - it's heavy work for one or even two - And incidentally the Indian is but ordinary teachers' salary - but if two Miss and Mrs are ready to put every bit of our energy and knowledge into the work we

The chief problem here, is that through natural laziness, emphasized by lack of definite training for any definite work - ~~[illegible]~~

With the added space - the problem of training for School Concerts &c would be solved.

I wish to add a difference to Mr Orr whom I was sorry to have missed, by 10 minutes - His surprise visit here, the price and fineness of the school would be materially enhanced if the new Council hall were built further north on the present grounds, near the Crossroads corner, - And we need the right to cut gravel are to carry the work there in the latest and quickest.

I hope that you will take this Suggestion in the Spirit in which it is given and Consider ways and means of promptly having this building for the School and Community.

Ottawa, September 28, 1927.

Sir:

I have your letter of the 24th instant, enclosing a quotation from A. Burke for the building of a cement cover over the well at the Rama Indian Day School.

In reply I beg to say, in view of your recommendation that this cement cover is required, the Department will approve of your arranging with Mr. Burke to install a suitable cement cover over the well, at a cost not exceeding the amount stated by him. You should see that this work is satisfactorily performed, and, when completed, you should forward a properly certified voucher, in duplicate, covering the cost.

Replying to your letter of the 23rd instant, I beg to say that you may purchase a pane of glass for the girls' toilet and two panes of glass for the cellar windows, and arrange to have same installed. You may also purchase a small tube of cement. Accounts, in duplicate, properly certified, should be forwarded covering the expenditure.

The Department will place an order here for the supplying of 2 soft ball bats, and will have same forwarded to the teacher.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

Ottawa, October 31st, 1927.

Sir:

The Public School Inspector, in a report on his inspection of the Rama Indian Day School, states as follows:

> "A cupboard large enough for general supplies in the senior room would permit the cupboard now in senior room to be moved to junior room for manual training, art and other supplies. Every classroom should have a cupboard for supplies. When the lights were put in near the front of the senior classroom, one should have been put in in centre of room".

If you approve of the Inspector's suggestion, you may arrange to have the cupboard in the senior room moved to the junior room and arrange to have a cupboard large enough to contain the general supplies installed in the senior room. It in thought that it would be cheaper to have this cupboard built locally than to purchase same. I shall be pleased if you will consult the teacher as to the type of cupboard that would be satisfactory, and forward an estimate of the cost of having same built.

I have also to request that you will state the probable cost of installing a light in the senior classroom, as recommended by the Inspector.

J. D. McLean,
Asst. Deputy and Secretary.

Dear Sir;

Do you or we a good lantern in the Mission Churches. I have recently wondered if your department could furnish slides of an Educational character, such as, Health, Canadian Industries, Natural Resources, Agriculture etc., - broadening ... I mean ... would interest to be used once a week, primarily for the school, but also as a means of Education for the whole home. If so, we should like to at least every two or three and you might find other ways. Thanking you I remain

Madam:

I have your letter of the 19th instant, requesting that lantern slides of an educational character be supplied to be used primarily for the Rama Indian Day School, but also as a means of education for the members of the reserve.

In reply I beg to say that this department does not keep any supplies of this nature on hand. You should make enquiry from the Provincial Department of Education, Toronto, or other sources of supply, and ascertain the character of the slides that could be obtained and the cost of the service, and inform the Department. When we have full information as to where these slides could be obtained, also the cost, consideration will then be given to providing the funds necessary for the purpose. When you have obtained the information, it would be advisable for you to forward same to the Department through the office of your local Indian Agent.

Sir.

In connection with the Xmas closing of the Rama Indian Day School a Tableau is being put on by the Pupils. The necessary dresses have been made by the pupils and in addition they required white stocking. which they have not got and in order to have their costumes complete Mrs Steele purchased 17 pairs at 75¢ a pair, and has requested that the Department now pay for same. The stockings to be the property of the School for future use.

On different occasions I have notified Mrs Steele that she must not incur any expense unless first approved of by the Department. Provided you will now pass this expenditure if you think advisable and I will remember on the next occasion.

Sir:

I have your letter of the 17th instant, relative to the expenditure incurred by the senior teacher at the Rama Indian Day School in the purchase of 12 pairs of stockings at twenty-five cents per pair for the use of the pupils in their Christmas entertainment.

In reply I beg to say that you may prepare and forward a voucher covering the cost of the stockings, when payment will be made. You should, however, again inform Mrs. Stickle that authority should first be obtained before incurring expenditure which it is intended that the Department will be called upon to pay.

Sir-

Mr Jean Stickler Principal of Kenna Indian Day School has applied to me to have a telephone installed in the teachers quarters at the School. The cost of an individual line (which she asks for) would cost $1.25 per annum, or 10.45 per month

The Rev. Mr Snell the missionary for the Reserve who resides opposite the School has a phone and the teachers are allowed the use of it at all times and I therefore cannot recommend that a phone be installed in the teachers quarters. and besides the cost is very high compared with cost of a party line which is somewhere around $1.00 per month.

Reference No 24-1-5.

Referring to your letter of 31st October.
last regarding lamps, cupboards for senior
Room, Rama Indian Day School.
Mrs. Shedden the senior teacher asks for a cupboard
12 ft long x 5 ft high. and to install a cupboard
this size would cost 75cc and I do not consider
a cupboard this size is necessary.
I would recommend that a cupboard as mean
to the one placed in the senior room be placed
in the junior room which cost 33cc
Regarding the light in the centre of the room it
was not necessary when the light were put in
near the front of the room that one be installed
in the centre. and I would advise to allow
the matter to stand as the meadside.

Sir:

I have your letter of the 4th instant, regarding the installation of a cupboard in the junior room at the Rama Indian Day School.

In reply I beg to say it is considered that a cupboard of the same size as the one at present in use in the senior room would be satisfactory for the purpose. We note that you estimate that a cupboard of the same size could be placed in the junior room at a cost of $33, and you may arrange to have this done. It would not, therefore, be necessary to make any change in the cupboard in the senior room, and the new cupboard would be for the use of the junior room. You should see that locks and keys are provided. When this cupboard has been completed to your satisfaction, you should forward an account, in duplicate, properly certified, covering the cost.

Regarding the installing of a light in the centre of the senior classroom, the Department, in view of your recommendation, considers that it is not necessary to take any further action in this matter at the present time.

Relative to the water getting into the basement, I beg to say that this matter will receive consideration, and you will be further advised.

Sir Something further will have to be done with regards to the water getting into the basement of the Rama Indian Day School I was in hopes that when we put a new floor in the furnace part that the trouble would cease, in that part it has to a certain extent, but in that part used by the teachers it is very bad. I have examined it on different occasion but cannot understand how it comes in and I consider that some practical person should investigate the trouble and advise what is best to be done. So much water causes a dampness and it is not healthy for teachers or pupils.

Dear Mr. Anderson,-

With reference to your letter of the 4th instant, regarding the water getting into the basement of the Roman Day School, you will remember that when I visited the school last year we arranged to put in a new concrete floor in order to drain the water to the outlet in the basement floor. The water from this point to be carried to the well at the front of the building and a pump provided to pump the water from the well. It would be very difficult to keep the water from seeping through the walls of the basement, but this summer when I am at Roma in connection with the Council Hall I will discuss the matter further with you.

Yours very truly,

I beg to acknowledge receipt of your letter of 12th inst regarding supplies for Kenora Indian Day School.

I understand that 3 dozen knives and forks were supplied at one time for teachers quarters. but according to the inventory taken of supplies when the present teachers were engaged there was 2 old forks, 2 odd knives. 2 dessert spoons. 1 table spoon which must have been in use for some time and could now be discarded, as worn out.

I was not sure if cutlery was in use but if it is I would recommend that a new supply be issued

October 26th, 1928.

Sir,

In reply to your letter of the 20th instant I beg to inform you that the account of Messrs. Macnab & Sons for $5.5¢ was paid by official cheque No. 7719 on the 17th December last. The cheque has been paid by the bank and returned. Examination of the cheque would indicate that it was cashed at the Royal Bank of Canada, Orillia, Ontario on December 19th, 1927 and was apparently properly endorsed. You should explain this matter to the firm and no doubt they will be able to trace the payment of the same.

Sir:

I have your letter of the 4th instant, relative to the repairs required to the fence dividing the girls' and boys' playgrounds at the Rama Indian Day School, and also to the condition of the wells at the school and council hall.

You may arrange to have the repairs required made to the fence. You should purchase any material that may be needed and arrange for the labour, keeping all costs as low as possible.

You may also arrange to have the well at the school cleaned out and the water in both this well and the well at the council hall tested. It is thought that you can arrange to have the water tested in Orillia, and you should arrange to have this done at an early date, and inform the Department of the results.

Please forward accounts, in duplicate, properly certified, covering the expenditure incurred in the carrying out of the above authorized work.

Sir

Reference No. 74-1-5

Referring to your letter of 7th June
regarding wells at Sahone & Fontine Hall.
I had the water in the well at the School
all pumped out and the inside also cleaned
out. I then took samples of the School
and Council Hall water and had them
tested. The report I received according to
the Provincial Analysis is. The water from
the well at the School is bad and the drinking
of it should be prohibited. The water from the
Hall pump is ok. It is a question of by cleaning
out the well again and washing the stone
work with Chloride of lime it will be much
better. but it is worth a try. But if the soil
through which the water comes into the well
is infected the treatment is worthless
Immediately upon receiving the report I went
direct to the School pump and placed a notice
prohibiting the use of the water and at the
same time disconnected the pump so that it
cannot be used. Kindly let me have your instructions
in the matter.

Sir:

Replying to your letter of the 29th ultimo, I have to say that you may purchase and have delivered for the use of the Rama Indian Day School one dozen electric light bulbs.

Relative to the request of the teacher to be supplied with two pairs of pillow cases, I have to say that this equipment has, in a number of Indian schools, been supplied by the teachers themselves when they have been able to do so, along with other bed linen, towels, etc. If, however, the teachers at the Rama School cannot supply the pillow cases, you may arrange for the purchase and delivery of same.

Accounts, in duplicate, properly certified, should be forwarded covering the above authorized expenditure.

The teachers of Rama Indian Day School would like very much to have a Portable Gramaphone in the School. They claim they are a great benefit and assistance for time, in Marching, Physical Drill, Marking etc. One can be purchased for about $17.00.

I have not seen this in use at any School, though I no doubt your Mr Tennier will have, and provided you approve of the purchase. the cost being small. I would recommend that same has your approval

Ottawa, November 6, 1930.

Sir:

I have your letter of the 4th instant, relative to the request of the teacher of the Rama Indian Day School to be supplied with a portable gramaphone for use in the school.

In this connection I have to say that the Department will approve of an expenditure of approximately $12 in the purchase of this equipment. It is noted that the teachers estimate that a suitable gramaphone can be purchased for approximately the above mentioned amount. I may add that it is not the usual policy of the Department to supply equipment of this nature to Indian day schools, but in view of the fact that the cost is small, an exception is being made in this instance.

I have also your letter of the same date, relative to the renewing of the fire bricks in the kitchen range in the teacher's living quarters and the tuning of the organ in the schoolroom. You may arrange to purchase the fire bricks required and have them installed in the range, and you may also arrange to have the organ tuned and placed in good condition. Please keep all expenses as low as possible.

When the above purchases have been made and the work authorized carried out, you should forward accounts, in duplicate, properly certified, covering the expenditure incurred.

Sir:

Miss Cousins, travelling nurse, who recently visited the Rama Indian Day School, recommends that equipment be provided to enable the pupils to wash their hands at school. She states that some of the children remain all day at school and have no means of washing and that others come dirty.

The Department will approve of your arranging for the purchase of a suitable washbasin, 6 cakes toilet soap and a small quantity of towelling, and, if same are required, a few steel combs and an inexpensive mirror. The teachers should see that this equipment is properly taken care of and used by the pupils. After the purchase of the above has been made, you should forward accounts, in duplicate, properly certified, covering the cost.

Sir:

Replying to your letter of the 17th instant, I have to say that you may arrange for the purchase and delivery of two brooms for the use of the Rama Indian council hall and two mops for the use of the Rama Indian day school. You may also arrange to have the ash shaker of the furnace in the day school repaired. If this is not possible, you may purchase a new shaker.

After the above purchases have been made, you should forward an account, in duplicate, properly certified, covering the expenditure incurred. Please state on the voucher the cost of the brooms for the council hall separately from the cost of the mops and ash shaker for the school, as these expenditures are paid from different appropriations.

Sir:

I have your letter of the 4th instant, relative to the request of the Principal of the Rama Indian Day School for sewing material, etc.

In this connection I have to say it is regretted that your letter of the 28th ultimo regarding this request was inadvertently overlooked. You may arrange for the purchase and delivery of 25 yards of gingham, 6 boxes Mouline cotton, assorted colours, 5 yards blue broadcloth and 6 pounds wool and 2 brooms.

Our funds for the balance of the present fiscal year are entirely assigned and accounts covering the cost of the above supplies should not be rendered until about April 1st, next, when our new appropriation will be available.

Sir:

I have your letter of the 26th ultimo, informing the Department that the roof of the Rama Indian Day School requires repairing in order to prevent leakage. In this connection I would point out that you have not stated the work necessary to place the roof in good condition.

Our funds this year are extremely limited, and it will not be possible to authorize the expenditure required in supplying the material and labour in putting on a new roof. It is considered that if the roof were patched where necessary it would be satisfactory until next summer, at which time, if funds are available, consideration would be given to the installing of a new roof. You may, therefore, arrange to have the roof patched where required, and all expense for the purpose should be kept as low as possible. When this work has been completed, you should forward an account, in duplicate, properly certified, covering the cost of any material and for the labour.

I have your letter of the 23rd instant, requesting authority to supply the material mentioned by you, for the use of the Rama Indian Day School.

In this connection I have to say that you may purchase and supply two boards, 7 ft., for fence dividing the school grounds, 5 panes of glass of the size required for windows in closets, 2 locks and knobs for doors in class-rooms, one-half dozen electric light bulbs and a new seat installed on the boys' closet. Please have the work in installing the above equipment carried out. When the purchases have been made and the work performed, you should forward a certified account, in duplicate, properly certified, covering the cost.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

(Criminal on No.. 24-1-1.)

Ottawa, November 21, 1931.

Sir:

I have your letter of the 17th instant, enclosing a communication from Miss Swerdfeger, senior teacher of the Rama Indian Day School, requesting that she be allowed to teach her class two Saturdays before the Christmas vacation and close the school on December 19th, next.

In reply I have to say that the Department desires that this school be kept in operation until four o'clock on the afternoon of December 22nd, next, and that no teaching be carried on during Saturdays. Please inform the teacher of the Department's requirements and also that the date for reopening the school after the Christmas holidays is to be on the morning of Tuesday, January 5th, next.

Regarding the request for a grant to purchase gifts for the pupils at Christmas, I have to say that the Department will approve of an expenditure not exceeding the sum of $12 for this purpose. Itemized accounts, in duplicate, should be obtained covering the cost. These you should attach to proper voucher forms, certify in the usual manner and forward to the Department for payment.

It is noted that you have arranged to have the fire grate of the furnace replaced. Your action in this matter is approved. Please forward the usual certified voucher in payment of the expense incurred for this purpose.

Your obedient servant,

A. F. MacKenzie,
Secretary.

DEPARTMENT OF INDIAN AFFAIRS

[redacted]

Ottawa, March 2nd, 1932.

[redacted]

Mr. Ferrier.

I visited the Rama Indian Day School on the 19th ultimo and found everything satisfactory. The attendance is irregular mostly due to colds and slight ailments. Seven pupils were absent on the day I was there.

The buildings are in a good state of repair. The front steps will later on need a few boards replaced. The Agent will have this attended to when it becomes necessary.

Apparently both teachers are giving good service and getting along very well with the parents. The Indians I talked with, all spoke very highly of them.

The walls of both classrooms look bare. Could you let them have six wall pictures each for the two rooms? There is a need for four wire window screens, two for each room. Nothing in this way has ever been provided and it is very annoying, particularly in the summer time, when the windows have to be opened, to have the classrooms full of flies.

If the funds at your disposal will bear this small expenditure, I would recommend that Agent Andersen be advised to get four screens made right away.

Sir:

Mr. Inspector McCookin, who recently visited the Rama Indian Day School, has recommended that four screens be provided for the windows of the classroom - two for each classroom. In this connection I have to say that you may arrange for the purchase and delivery at the school of four half screens of the ordinary sliding type. These screens may be purchased when considered timely by you to have them delivered. Please forward an account, in duplicate, properly certified, covering the cost.

The Inspector also recommended that pictures be supplied for the walls of the classrooms. The Department is placing an order through the Government Stationery Office here to forward a set of Nelson's Pictures of Canadian History. There are twelve pictures in the set, and six should be placed in each classroom.

I have your letter of the 25th ultimo, regarding the condition of the furnace in the Rama Indian Day School.

In reply I have to say that you may arrange with a competent man to examine this furnace and advise what repairs are required to place it in a satisfactory condition. It is hoped that only minor repairs will be necessary. Our funds this year are extremely limited, and, unless absolutely necessary, we would be unable to provide the amount required in the purchase and installation of a new furnace. Sir:

I have your letter of the 17th instant, regarding the furnace in the Rama Indian Day School, and enclosing a quotation which you received for repairing the present furnace or installing a new one. The Department considers, owing to the report which you forwarded from Phillips & Company on the condition of the present furnace, that it would be a waste of money to make repairs and that a new furnace should be installed.

I have to request that you will obtain quotations, from firms on the list to receive consideration, for the supplying and installing of a furnace that would be satisfactory for the proper heating of the school building. When we have this information, you will be advised as to the firm from whom the furnace should be obtained. Please give this matter your prompt attention.

Memorandum:

MR. RUSKARD.

It is necessary to install a new furnace in the Indian day school on the Rama Reserve to replace the present old furnace which the local Indian Agent has had examined by Phillips & Co., a plumbing firm in Orillia, who report the furnace to be beyond repair. The local Indian Agent forwards a quotation he received from Orillia Heaters & Plumbers, Orillia, to supply and install a Gurney furnace for $210, or a Peace furnace for $235.

The Agent requests that he be given the names of firms from whom to ask for quotations for supplying and installing a new furnace, and I shall be pleased to be advised of the firms who should be asked to quote.

The Rama Reserve is six miles from Orillia, and in the electoral district of Muskoka-Ontario.

Ottawa, November 5, 1932.

Sir:

I beg to acknowledge receipt of your letter of the 1st instant, enclosing quotations received for the furnace required at the Rama Indian Day School.

You may authorize Orillia Heaters & Plumbers, Orillia, to install a Howard furnace, 45,000 feet capacity, for the sum of $160.00. It is noted that they guarantee this furnace to heat the building to 70 degrees, and it is understood that they will move the old furnace. The Department considers that it would be advisable to place a cold air register in the North classroom. The necessary work in this regard can probably be done for an amount not exceeding $25.00.

85

You should arrange to have the new furnace installed and the cold air register put in place at the earliest possible date. An account, in triplicate, should be forwarded for the expenditure incurred.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Sir:

I have your letter of the 15th instant, enclosing a resolution passed by the Rama Indian Council regarding the repairs required to the pump in front of the Rama Indian Day School which is used for the purpose of drawing water out of the basement of the school.

Before considering the question of authorizing repairs, you should inform the Department as to the cost involved in placing the pump in satisfactory condition; also if you would recommend that the work be carried out. Our funds are extremely limited, and only the repairs, etc., absolutely urgent in connection with the Rama School should be requested during the coming fiscal year. Please state if this well is used for any other purpose than stated above.

Sir:

I have your letter of the 21st instant, regarding the condition of the roof of the Rama Indian Day School.

You should arrange to have a practical man examine this roof and report the repairs necessary. I may say that our funds are extremely limited, and only the minor repairs absolutely necessary to place the roof in good condition should be considered at the present time. An estimate of the cost of the work should be given. When we have this information, consideration will then be given as to whether funds for the purpose can be provided or not.

I have also your letter of the 22nd instant, regarding the request of the teachers to be supplied with six tea towels, and, in reply, have to say that it is considered the teachers should supply this equipment, themselves, without cost to the Department.

Ottawa, March 2nd, 1933.

Sir,-

The Department is in receipt of the enclosed account and it is noted that you quote as authority official letters of April 25th, 1924, and February 26th, 1927. As you are aware, new authority should be requested each fiscal year for purchases. Possibly, the charges in the account cover the cost of items for which payment was not previously made. If so, the Department cannot understand why the accounts were not forwarded at the time.

It is, also, noted that you state one broom was supplied the Rama Indian Council Hall. As expenditure for this building is paid from a different allotment than the expenditure at the Rama School, a separate account should be forwarded.

The voucher is being returned for correction and explanation.

Ottawa, March 8, 1933.

Sir:

I have your letter of the third instant, with reference to the requisition which you forwarded in January, last, for sewing material for use at the Rama Indian Day School. I regret that this requisition was mislaid. You may arrange for the purchase and delivery of the following:-

12 spools each black and white cotton thread.
6 packages sewing needles, assorted sizes.
20 yards white broadcloth.
1 pair of scissors, 7".

Please obtain an itemized account, in triplicate, covering the cost, which you should attach to proper voucher forms, certify in the usual manner and forward for payment.

A requisition will be forwarded to the Government Stationery Office for the number of kindergarten scissors considered necessary.

Our funds for the next fiscal year will be extremely limited, and you should inform the teachers that only the supplies and articles of various kinds absolutely necessary should be requested.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Dear Sir:— Re. Rama Indian Day School Roof.

As requested I have examined above roof and would first mention present shingles have served about twenty years; East South and West sides are are in bad shape and evidently have already been repaired few times.

As to cost of repairing same d would say it could be made water tight for thirty Dollars, but could give no guarantee as to how long it would remain that way.

I am taking the liberty to quote you on Reshingling above school three different types of shingles:

I Using-No I 5X cedar shingles laid 4½" Exposure New galv. drow hips, Valleys and flashing $360.00

II Using- asphalt Slate shingles 200 lb per square $420.00

III Using- asphalt Slate shingles 125 lb. per square laid over present wood shingles $290.00

Ottawa, March 14, 1933.

Sir:

I have your letter of the 9th instant, enclosing an estimate of the cost of reshingling the roof of the Rama Indian Day School.

In reply I have to say that, as our appropriation for the next fiscal year has been considerably reduced, we will have no funds to cover the cost of reshingling the roof. It will be possible to authorize only the absolutely necessary repairs in order to make the roof watertight. It is noted from the communication which you forwarded from the man who examined the roof that same could be made watertight for approximately $30. The Department will therefore approve, when weather conditions permit, of you having the absolutely necessary repairs made to the roof. The cost of material and labour should not, if possible, exceed the sum of $30. After these repairs have been completed, please forward an account, in triplicate, properly certified, stating in detail the material and labour supplied.

During the coming fiscal year, I have to say that the Department will rely on you to see that only the absolutely necessary repairs, equipment and supplies are requested for this school.

Sir,—

Reference No 24-1-5

I beg to acknowledge receipt of your letter of 9th inst regarding vouchers for supplies for Rama Indian Day School.

The brooms were purchased under Authority of letter No 24-1-5 Dec 9/1932.

The Oil. Soap and Pearline were purchased in December last for Oiling floors, and Soap & pearline for washing Woodwork etc during Xmas holidays 1932.

The authority for these purchases were authorized by letter No 24-1-5 dated April 25/1924 & Feby 26/1927. and the Authority has been given for purchasing Oil Soap & pearline at these dates for paying account which has been granted. In view of fact authority must now be obtained each fiscal year. I would request that authority be given that Oil for Oiling School floors, and, Soap & Pearline for washing woodwork be approved.

I am returning herewith vouchers with account for broom for Council Hall separate.

I beg to acknowledge receipt of your letter of 21st February. regarding repairs to pump for draining water out of basement Rama Indian Day School.

I enclose herewith report and estimate of work required for doing the work.

It is very important that something be done for removing the water that continually gathers in the School Basement. At times there is as much as 6 inches of water. it backs up into the furnace and coal bins. and in one of the class rooms the boards of floor are warped. no doubt from dampness in basement. Open wells are note from the Report that word is necessary to protect the foundations of Schools. Yours truly

I have your letter of the first instant, with reference to the drainage of the basement of the Rama Indian Day School and enclosing report and estimate of work required.

In reply I have to say the Department will approve of you arranging for the supplying and installing of an automatic electric sump pump, the taking up of the cement around two wet sides of the school, placing weeping tile underneath, laid in fine crushed stone, putting the cement back again and piping the drainage to a sump hole - this hole to be dug in the ground and cemented. It is noted the entire cost will be $150. I am enclosing Encumbrance Certificate authorizing the expenditure (see circular letter dated March 16th). I would request that you arrange to have the above work carried out at the earliest possible date.

Dear Dr. McGill:

I beg to submit the following report on my recent visit of inpection to the Rama Agency.

x x x

The following repairs are needed on the school.

The ceiling of the Junior cloakroom has fallen.

The plaster on the East wall of the Junior classroom is badly cracked in one place and in danger of falling on the pupils. This should be attended to without delay. The damage was caused by a leaky roof which has been repaired.

The classrooms, teachers quarters and outside of building are badly in need of painting.

The front entrance steps are in a dilapidated condition and should be replaced as soon as possible.

The tile drain recently constructed in the cellar has completely eliminated the water seepage, the cellar is now quite dry.

Sir:

Mr. Inspector McCookin, who recently visited the Rama Indian Day School, reports that the following repairs are required:

1. Ceiling in junior cloakroom has fallen and plaster on east wall of junior classroom is badly cracked in one place and in danger of falling.

2. Front entrance steps are in a dilapidated condition and should be repaired.

I have to request that you will forward an estimate of the cost of having the repairs as mentioned by the Inspector carried out. I may add that our funds this year are extremely limited, and any expense for material and labour in repairing the plaster in the cloakroom and junior classroom and front steps should be kept as low as possible. When we have your report, in detail, of the cost of the above repairs, consideration will then be given as to whether funds for the purpose can be provided or not. Please also state if the work is urgent or if it could be carried out during the summer holidays.

June 15th 1933.

Sir:

reference No 24-1-5.

I have to advise that additional seating & desk accomodation is required for the Junior room in Rama Indian Day School. At present time there are only seats and desks for 38 pupils whereas there are 41 on the roll and at times five have to set on one seat. I would therefore recommend that at least 3 additional seats & desks be supplied

Sir:

I have your letter of the 15th instant, requesting that two additional desks be supplied for use in the junior room at the Rama Indian Day School.

In reply I have to say that, as our funds for the supplying of desks and equipment have been extremely reduced, I regret it will not be possible this year to provide the extra seating accommodation required. The teacher will have to carry on next year under present seating conditions.

Dear Sir:

On Looking over the school at Rama re necessary repairs I find the following work should be done to make it satisfactory.

The plaster on almost the entire ceiling of the Cloak room is loose and should come off. The wall of the Junior room is loose in places and might possibly all come off if tampered with.

In the living quarters

upstairs there are three small patches to be put in.

All the plaster would require a first coat and a finishing coat and tinted to match the rest of the decogating.

In regards to the outside steps..

The treads in some places are badly warped and twisted and should be replaced with white pine to avoid this.

There are a couple of places where other parts of the woodwork has rotted and it should be replaced and the steps and landing painted two coats

Sir:

I have your letter of the 16th instant, relative to the repairs required to the plaster of the ceiling in the clockroom and the wall of the junior room and also repairs required to the outside steps at the Rama Indian Day School. It is noted you enclose a quotation which you received in connection with these repairs.

In reply I have to say that, owing to recent orders for a reduction in the Appropriation for Indian Education, it will not be possible to provide the funds necessary to carry out all the work as mentioned in the letter which you enclosed. The Department would like to hear further from you, stating only what minor repairs are absolutely necessary to the plaster and the outside steps, with the approximate cost. It is thought that the greater part of the work mentioned could be deferred. If the expenditure required is only a small amount, it may be possible to provide the funds, but no large amount can be authorized. When the Department hears from you, consideration will be given as to what work can be authorized.

Reference No. 24-1-5.

I beg to acknowledge receipt of your letter of July 31st regarding repairs at Rossford School Day including painting of floors in Teachers quarters. I have to day gone over the work required with Mr. Hurst. and cannot see any reason why the floors in Teachers quarters should not be painted, as they are in the front entrance step. but sufficient for present. The walls in junior room will not be touched as they may last for some time. Though repairing would give a better appearance. The floors in teachers quarters do not require scraping, only painting. I consider Mr. Hurst tender a very low figure for work scheduled.

Sir:

I have to acknowledge receipt of the requisition which you forwarded, for 42 ft. of weather stripping for the two front doors of the Rama Indian Day School.

In reply I have to say that you may arrange for the purchase and installation of the quantity of weather stripping required for the doors. Please forward an account, in triplicate, properly certified, covering the cost.

In future, I would request that you do not use Form No. 56 in making requests of this nature. A letter should be written and full particulars given as to cost involved.

Sir:

Replying to your letter of the 25th instant, I have to say that you may incur an expenditure, which must not exceed the sum of $8.00, in the purchase of supplies for a treat to the pupils of the Rama Indian Day School at Christmas. Our appropriation for this purpose is so limited this year, that the sum mentioned is the full amount that can be allowed for this school, and this should not be exceeded.

Please obtain an itemized account, in triplicate, covering the cost of the supplies purchased. This, you should attach to proper voucher forms, certify in the usual manner and forward for payment.

ESTIMATES FURNISHED

ORILLIA, ONTARIO March 17 1934

A. J. Anderson Esq.
Longford. ont.

Dear Sir:-

Since receiving your letter, I have been waiting an opportune time to look over school roof. It rained quite steady this afternoon so I was able to go up in the attic and locate leaks. Not nearly as bad as last year, but with a few warm days it might be different, from present appearance I would say. Fifteen Dollars would fix up leaks, of course I could not guarantee a water-tight roof for any length of time.

The cost of Reshingling with wood Shingles would be. $360.00

" " " " " asphalt shingles weighing-
200 lb. per. Square. Removing old shingles - $360.00

The cost of painting all exposed woodwork of school two coats - - - - $85.00

Sincerely yours.
John R. Carson

Referring to No. 24-1-5

I beg to acknowledge receipt of your letter of 14th inst regarding cutting wood at Rossville Indian Day School. The cost for purchasing of wood stripping was authorized by Dept. in No. 24-1-5 Nov 9/33 and I instructed the caretaker to attend to same.

The purchasing of grates was authorized by Dept. No. 24-1-5 Jany 6/34. and I instructed the Teacher to have the caretaker place them in the stove.

In reference to cutting of wood I did not give instruction for each day the wood was cut. The wood has been cut from time to time by the caretaker when required and his account has always been paid. This was the system followed on before and after my appointment.

Regarding the removing & piling of wood in basement I gave instruction to have this work done as in former years.

Sir:

The following brief report on my inspection of the Rama Agency is respectfully submitted.

x x x

The double class school with teacher's residence needs a new roof. The present one has done duty since 1913 and repaired frequently at considerable expense, it still leaks badly damaging the walls, further patching would be money wasted. The interior of the class rooms and residence should be decorated, the plaster is broken in places from rain seeping through the roof. The outside wood work is also badly in need of painting.

In reply I have to say that the Department will have no funds to carry out any redecorating of the living quarters this year.

If you consider it necessary, you may supply the quantity of paint required for the hall upstairs. It is not stated how this painting would be carried out. Would the teachers do the work themselves?

I should be pleased to have your opinion as to the necessity for the supplying of linoleum rugs.

MEMORANDUM

I inspected the Hama Agency on the 14th and 15th instant and beg to submit the following report.

x x x

Day School

The classroom walls and ceilings are badly in need of painting. The plaster on the north wall of the junior room is badly damaged by water leaking through the roof.

Repairs to the roof have been made from time to time with little success. It has done service for 22 years and further attempts at repairing it are useless. The only solution is a new roof as soon as funds are available.

The front steps of the building need repairs. Two steps are broken and should be replaced by new planks.

The upstairs rooms of the teachers' residence should be re-decorated as soon as funds are available. The walls are very dirty and shabby from rain seeping through the roof.

Dear Sir,-

In a report regarding his recent visit to the Rama Indian Day School, Inspector McCookin states that the plaster on the north wall of the junior room is badly damaged by water. If you consider it advisable to have this repaired, you may do so during the Christmas holidays.

Mr. McCookin also states that the front steps need repairs. Please have this matter receive your early attention.

Yours truly,

A. F. MacKenzie.

Dear Sir:-

EX'D.

Owing to the recent heavy rains the basement in the Rama Indian Day School has become flooded.

On the evening of March 11th.Miss.Swerdfeger telephoned to me that the water was coming in very badly.I immediately got in touch with Mr.A.R. Payne,of Orillia and arranged with him to have the water removed.

I visited the School on the morning of the 12th.and found the water had risen to about 4 feet,putting out the furnace,with the result that the School rooms were to cold for the pupils to remain in School,and I instructed the Teachers to dismiis their classes,until such time as the trouble is overcome and the furnace can be started.

This morning the water had again risen to yesterday's depth,and consulting Mr.Payne he stated the only thing to do is to keep on pumping until the trouble is overcome.The Schoolis still closed.

DEPARTMENT OF INDIAN AFFAIRS
ANAIA

MAR 19 1936

Longford Mills, Ont.
March, 17th. 1936.

Dear Sir:-

In further reference to my letter of the 13th. inst. regarding the water in the basement of Rama Indian Day School, it has been necessary to keep pumping the water until this morning, when the electric sump pump started and I expect it will be able to keep the water down, unless the flow into the basement is again as much as the last few days, the pump was not large enough to carry off all the water, hence it rose and put the pump out of order.

Where the water entered the basement could not be located, around the School the ground is raised, and no snow within 15 feet of the School wall. There is a down pipe from the roof at the North East of the School, which may be the cause of the trouble, and I would recommend that it be altered The pipe from the roof runs down into the ground, close beside the wall of the School, coming down from the roof about half way down is a tin pipe connecting to an iron pipe about 10 feet in length, and this iron pipe goes down into the ground, and how the water is disposed of then I do not and could not find out, possibly if you have the plans of the School when it was built they will show. However I would recommend that this pipe into the ground be done away with, and made that the water be drained off on the surface. Immediately where the pipes enter the ground there is a settlement, as if something has given away.

Ottawa, March 21, 1936.

Dear Sir:

I have your letter of the 17th instant, regarding the water in the basement of the Rama Indian Day School, stating that you consider if the down pipe from the roof, at the north east corner of the building, was removed it might prevent the water seeping into the cellar in future.

You may arrange for the removal of this pipe, which drains into the ground. The Department will leave the matter in your hands, to make the best arrangements to overcome the water draining into the cellar. It is hoped that the electric sump pump which was installed will remove the water at present in the basement and that, after the pipe is removed, there will be no further difficulty in keeping the cellar drained.

Please forward an account, in triplicate, properly certified, covering the expenditure incurred in removing the down pipe, stating definitely the number of hours and the rate paid in having the work done. This matter should receive your early attention.

Dear Sir:-

Reference, No.24-1-5

I have again to report that the water was again coming into the basement of the Rama Indian Day School yesterday, about 6.30 P.M. it appeared the way it was rising that it would again reach the Electric Sump Pump. I considered it necessary to have Mr.A.R.Payne of Orillia go to the School and stand by ready to remove the pump if necessary, at 9.30 P.M. he reported to me if the water rose 2 inches he have to remove the pump, to save it from damage, as the water then was rising faster than it was being pumped out. At 11 P.M. the flow of water not so great and the pump was still working and keeping it down.

Dear Sir:-

reference,No.24-1-5

On Friday 27th.inst.the water again came into the basement of the Rama Indian Day School,about 4.p.m.it was coming in very fast, and as I was unable to get Mr.Payne to come out with pump,and pump the water out,I put three Indians to work to bale,and endeavour to keep the water down so as to prevent it rising and putting the sump pump out of business,about 7 p.m the Electric current in the district went off,and when it came on again the Sump pump would not work,about 9 p.m I took the men off the job as they were unable to keep the water down,as Mr.Payne's outfit for pumping was on another job,he could nothing on Saturday. So as to be able to have School open on Monday,I arranged with Mr.Payne to work on Sunday,which he did,and about 6 p.m the water was all out again and the sump pump working.

I have to advise that it was again necessary to have the water in the basement of the Rama Indian Day School,pumped out on Saturday last, the water came in so fast that it rose and put the sump pump out of action and burnt out the motor.

I have endeavoured to find out the cause of the trouble,but cannot understand where the water comes from,and I consider we should have an expert Engineer to consult with to decide what should be done to over come the difficulty.

Dear Sir:

I have to inform you that the sum of $375.00 has been provided in our Appropriation for the current fiscal year to cover the cost of re-shingling the roof and for painting at the Rama Indian Day School. These are the amounts as stated in the Estimates submitted by you last fall.

I would request that you state how you would recommend having the work carried out. Would it be satisfactory for you to purchase the shingles, paint and any other materials and have the work performed by Indian labour, if necessary, under the charge of a competent foreman? This work should be completed during the summer holidays. Please give as complete information as possible, regarding the best means of having the materials supplied and the work carried out.

Yours truly,

A. F. MacKenzie,

Dear Sir:-

I enclose herewith a resolution passed by the Rama Indian Council that two gates be purchased for Rama Indian Day School, and padlocks, the total cost being about $12.00. When entertainments etc. are held in the Council Hall, excuses are made that the people wish to get water at the back of the School, this would not be so bad, if they got their drink and left the grounds, but they hang around the School to the annoyence to the Teachers, and commit other nuisences. The object being that by placing these gates on the entrances to the grounds they can be locked and keep the public out I would recommend that same has your approval.

Dear Sir:

The Department is in receipt of your letter of the 15th instant, with reference to the request of the teachers of the Rama Indian Day School for an expenditure of $72.00 for painting and decorating the interior of the teachers' residence.

In official letter of the 5th instant, you were informed regarding the amount provided for reshingling the roof at the Rama School.

The amount provided for this purpose is all that the Department can expend at the Rama School this year, and, therefore, funds for the decorating requested by the Department cannot be provided.

Ottawa, June 29, 1936.

Dear Sir:

I have your letter of the 24th instant, regarding the reshingling of the roof and the painting of the Rama Indian Day School building and giving an estimate of the cost.

As you were informed, the amount available to carry out the work at this school is $375. It is noted that you estimate the cost of the shingling to be $360 - in which event, there will be no funds to provide for the painting of the building.

The Department will approve of you arranging for the purchase, from firms on the approved list, of the shingles and other materials required to reshingle the roof. You may have the work carried out by Indian labour, under your supervision. Please keep peoper time sheets, in triplicate, of the labour employed, and, if requested the Department would send you an advance for the amount you require to pay the labour. You should obtain itemized accounts, in triplicate, covering the cost of the shingles, nails and other material used. I would request that you arrange to have the work completed during the summer holidays.

It is considered that the painting of the building can stand over for another year, as we are unable to provide any funds in excess of the amount as stated above, that was appropriationed for this school.

Yours truly,

A. F. MacKenzie,
Secretary.

The following articles are needed and recommended for the Rama Indian Day School and teacher's residence —

2 mattresses for bed couch
2 Congoleum rugs for bedroom floors
2 waste paper baskets for use in classrooms.

The bedroom floors are of soft wood and worn badly. So the soft of covering is absolutely necessary.

The mattress of the couch is in holes and looks disreputable It has been use a long time

EX'D.

Dear Sir:

I beg to submit the following report on my recent inspection of the Rama Agency.

x x x

The one - 2 class - Indian Day school was visited and conditions found very satisfactory. Average attendance is very good and the pupils are making good progress. They look healthy, clean and tidy. Cod Liver Oil is given daily in the class rooms. All pupils have been vaccinated up to date. Sewing, mending, and knitting are taught in the senior room. The class rooms are clean, comfortable and well ventilated.

The class room walls and ceilings are badly in need of redecorating. The upstair rooms of the teacher's residence also need this attention. The walls have got discolored and shabby from a leaky roof. The new roof and painting of the outside wood work has added very much to the appearance of the building.

Dear Sir:-

Reference No. 24-1-5

I have again to report that the sump pump in the basement of the Rama Indian Day School, again went out of working order, and it was necessary that I secure the services of an electrician to attend to it immediately, an account of the water running into the basement, I was able to have it attended to, the motor in the pump required to be taken out and repaired, and while the motor was being repaired, another motor was left temporarily in the pump.

The walls of the School basement have been examined by an engineer and his report is, that in his opinion the only way to stop the water coming through the walls is to dig down to the depth of the walls all around the school, and then place a good covering of tar on the walls, and also tile all around.

Mr A. L Anderson
Longford Mills

Dear Sir

In response to your request for report on furnace at Rama School I find that the combustion chamber of the furnace so burnt out just at the junction with the radiator above the fire door chute. This will require a complete new combustion chamber casting. I cannot at this time say just what the cost of this casting will be but the labor would run about $9.00 or $12.00.

I would point out that the reason for the trouble you are having so soon after the installation of this furnace is that it is altogether too small for the building and too light in weight and will not stand the heavy firing necessary to get the required heat.

## For Intense Heating Power and Long Years of Service—Install a "ECONOMY"

# Pease FURNACE

## CANADA'S CHOICE FOR OVER HALF A CENTURY

**Folks do want the highest type of Warm Air Heating Equipment. When you buy a furnace you buy the idea of WARMTH, of COMFORT, of ECONOMICAL FUEL CONSUMPTION and of LONG LIFE OF THE APPARATUS.**

**If you definitely specify the Pease "Economy" you'll absolutely obtain a Furnace that measures up to these expectations — one, whose name for over 50 years has signified high quality heating equipment.**

**For the above period of time the Pease "Economy" has been famous as the most efficient furnace devised for warm air heating. This reputation is maintained from year to year because the quality never varies.**

Pease "Economy" Furnace Cased ready for attaching Warm Air Pipes.

**In appearance and workmanship, comparison of weight and quality of materials, scientific design and performance — the Pease "Economy" is one of the outstanding developments in the heating industry. You will instantly recognize in the Pease "Economy" certain features which contribute so much to comfort, health and economy.**

**If you desire QUALITY in your heating system you will obtain it if you insist on a Pease "Economy" Furnace, and it will cost very little more in the first cost of installation. This quality in your heating system will also pay you handsome dividends in comfort, convenience, noiselessness, cleanliness, fuel saving, satisfactory operation and permanent efficiency.**

**A Pease "Economy" Furnace provides more heat at less price with less fuel. Every feature that will make for greater comfort, health and economy is found in it.**

**The Pease "Economy" Furnace affords the biggest value you will find in a high class, modern heating plant because with proper insta'lation, fuel and attention you will find every nook and corner of the building warm and comfortable.**

**Mechanically there is no finer furnace made. Study carefully the twenty-five items listed on the reverse side.**

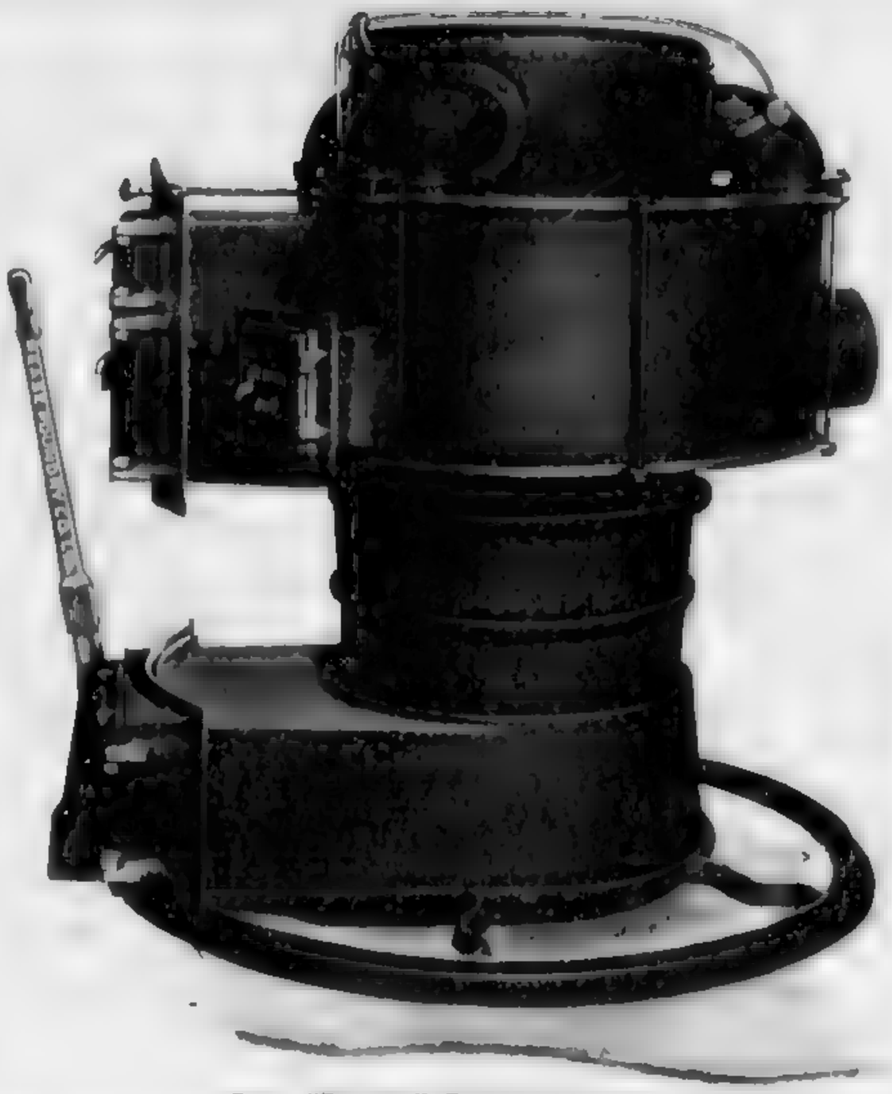
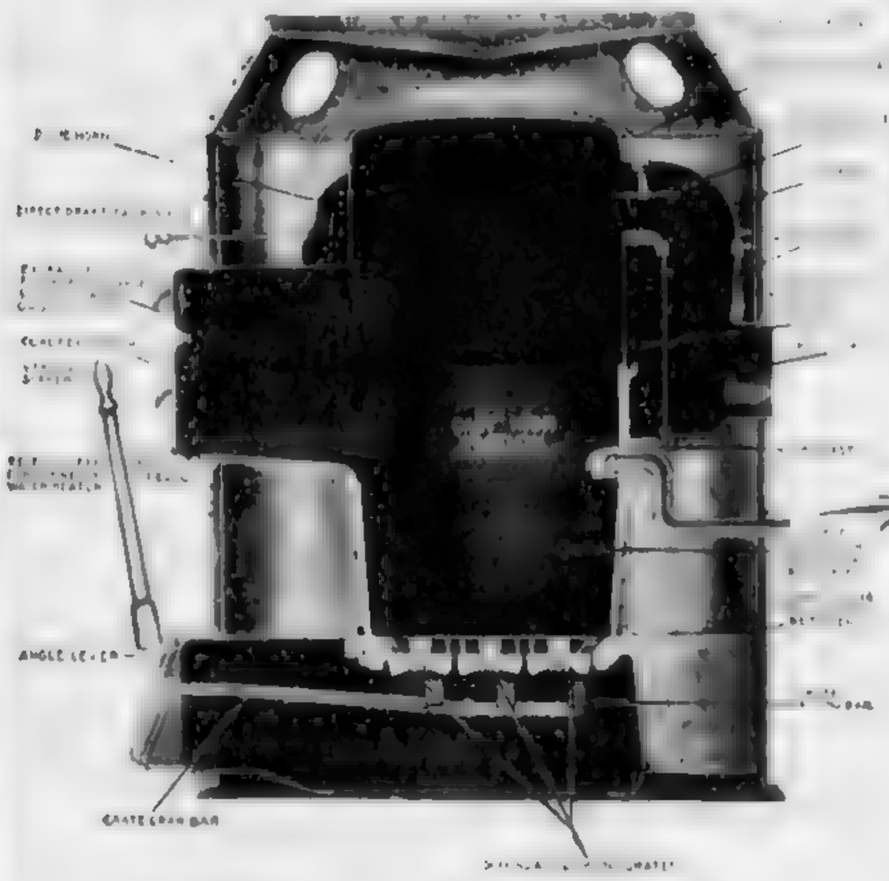
## Special Features Obtained When a Pease "Economy" Furnace is specified

1. Made in Canada, by Canadians, of Canadian material by Canada's Oldest Heating Supply House.
2. All parts, as well as performance of furnace, liberally guaranteed.
3. Repairs promptly obtainable anywhere in Canada.
4. A responsible Free Heating Engineering Service when required.
5. One piece, dust-tight ashpit; high and deep.
6. Extra heavy, clinker-crushing grate bars.
7. Vertical shaker handle — waist high.
8. Extra heavy firepot in two sections. (No heavier firepot offered on any furnace of equal size.)
9. Cast section above firepot. Enables soft coal or coke to be satisfactory used.
10. Large, double fire doors fitted with heat baffle plates on inner side.
11. Convenient cleanout doors — one on both sides.
12. Riveted boiler plate combustion chamber—large and roomy.
13. Long fire travel through extensive heat radiator encircling combustion chamber.
14. Direct draft damper.
15. Openings for domestic water coil connections.
16. Large vaporizing pan.
17. Pease Automatic Humidifier can be installed at small additional cost.
18. Pease Air Blast (or Carburetor) insures complete combustion of gases and enables any grade of fuel to be used.
19. Heavy, galvanized iron casings as illustrated on reverse side.
20. Tin linings, inside of casings, with air space between.
21. Wood-burning grates, no charge, when required.
22. Can be made into a Combination Warm Air and Hot Water Furnace.
23. Weight of Pease Economy Furnaces much above average.
24. Suited for use with an electric coal blower or an oil burner.
25. Distributed and serviced by Dealers in all parts of Canada.



Pease "Economy" Furnace not cased.



Sectional View of a Pease "Economy" Furnace.
Study this picture carefully. Note the large combustion chamber as well as the special cast section above the firepot enabling the user to burn soft coal or coke to splendid advantage. Hard coal can, of course, be used equally as well.

With each Pease "Economy" Furnace (cased or not cased) the following accessories are supplied:— Check damper, poker, shaker handle, cleanout brush, draft chains and pulleys, water pan and asbestos cement. All Pease "Economy" Furnaces are fitted with the Pease Air Blast gas burning attachment, and also have Double Feed Doors, 13 x 16 inches.

¶820 "Economy" Furnace Firepots are made in one piece.

*Capacities are for use on gravity installations. When electric fans are used for circulating the heated air the efficiency of the furnace is materially increased and the Pease Engineering Department should be consulted.

Mr. A.S. Anderson;

In compliance with your request I am sending you the bill for work done at the Rama School, also an explanation regarding the condition of the furnace

We found on tearing down the furnace that the firepot and the cast radiator were so badly warped out of shape that it was impossible to put on the new combustion chamber so we had to take the old casting back to town and patch it before replacing it. How this will only last for a short time but we hope it will see you through the rest of the winter

If you intend fixing up this furnace in the Spring it will mean purchasing new fire pots combustion chamber, and radiator which is nearly the whole furnace.

As I pointed out in my previous letter this furnace is too small for the school and it has to be fired too heavily to get the rooms to the required temperature and as

as consequence the furnace is burnt out
prematurely You will have the same trouble
again if you still use this furnace

You really need a larger furnace and
one of a heavier quality such as the
Pease Economy. There was a Pease furnace
in the school before the present one was
installed and I believe it lasted quite a
number of years. I believe the No. 916
Pease Economy would be the right furnace
for this job. It has a capacity of 4500 cu ft
and weighs 1800 lbs. The price for the furnace
is $199.00. Now I am expecting the Pease

to the school to look the job over to see if
the piping is as it should be. Then we will
be able to make our suggestions to you and
give you a Price for the job complete

We trust this will be satisfactory to

Dear Sir:-

I enclose herewith Vouchers No.57,amounting to $16.45, in favour of Edgar Maynard of Orillia,for repairs to the furnace in Rama Indian Day School,This expenditure was authorized by Departmental letter No.24-1-5 dated February 21st.1938.

I also enclose a futher letter from Mr.Maynard,regarding the condition of the furnace. In speaking to Mr.Maynard as pointed out in his letter the repairs done will only last a short time, possibly until the fire is no longer required this season, but then something will have to done, before the furnace is again started in the fall.

**Re: Rama Indian Day School.**

Senior Classroom:-

The walls are dingy and streaked where leakage occurred before repairs to roof were made. The plaster is broken in several places and should be repaired and the walls re-calsomined.

Junior Classroom:-

Several patches of plaster have fallen off the walls, other portions are ready to come away any time - quite a large piece of the centre wall will have to be replastered. All the walls should be re-calsomined.

Hallway:-

Also needs some patching on the walls and calsomined.

\- - -

These repairs are badly needed and it would be wise to have them attended to as soon as funds can be found.

Dear Sir:-

In reply to your letter of April 20th., reference 24-I-5, In regard to repairing plaster and doing something to the walls of Ra ma Indian Day School, I would say that considerable repairs will have to done to the plaster and the walls are dirty and smoked.

I have had a man who has done work there before, look at this job and he reports that he will repair plaster, paint walls and ceiling in two class rooms, halls and cloak rooms and varnish woodwork, two coats, for the sum of one-hundred andfifty-five dollars ($155.00)

Or, he will repair plaster, alabastine walls and ceiling in class rooms, halls and cloak rooms and varnish ~~www~~ woodwork for the sum of ($85.00) eighty-five dollars.

If the walls and ceiling are painted, they can be washed and it would seem to me that this would be the better proposition in every way.

Memorandum:

DEPUTY MINISTER

Following a recent inspection of the Rama Indian Day School, Rama Indian Agency, Electoral District of Muskoka-Ontario, Inspector McCookin recommended that the interior of the two class rooms be cleaned.

Mr. C. D. Brown, 89 Andrew Street, Orillia, Ontario, has offered to do the following work for $85.00:

"Repair plaster in two class rooms; alabastine walls and ceilings in class rooms, halls and cloak rooms and varnish all woodwork."

The Indian Agent considers that the quotation received from Mr. Brown is reasonable and funds for the purpose are available in our appropriation for the current fiscal year. Please let me know if you approve the engagement of Mr. Brown for this work.

Mr. Featherstone,

Dear Sir:

We are pleased to quote you on the following:-

To repair present furnace with new combustion chamber section---------- $ 52.00

Same as above, repair present furnace and use a forced air fan and filter unit with a capacity of 1,000 cubic feet per minute---------- $152.00

Present furnace has a capacity of 27,000 cubic feet whereas building calls for furnace with a capacity of from 35,000 to 40,000 feet. Using a 35,000 ft. Hecla or Pease Furnace price installed would be------ $225.00

Either of above with forced air filter unit--- $300.00

We recommend the forced air unit in Rama School as there are a number of isolated rooms which do not lend themselves to gravity heating. As these units are automatic in their action to heat control, the installation of one of these units would insure an even heat in all rooms.

Yours truly,

C.V.BENNETT CONSTRUCTION Ltd.

July 1st. 1938

Dear Sir:-

I beg to draw your attention to the fact that something will have to be done to the furnace in the Rama Indian Day School This summer. You will recall that temperary repairs were done last winter. I would refer you to Mr. Andersonâs letter of Mar. IIth.

I may say that this furnace is too small and in cold weather has to be forced which is probably the reason that the combustion chamber has gone. It has been found necessary to run a heater in one of the class-rooms as well.

4 225-5,

In order to have all information possible before you I have asked the firm of C.V. Bennet to look it over and submit prices and recommendations. They have done this in the form of a tender which I enclose.

Memorandum:

[redacted]

I am in receipt of your memorandum of the 20th instant regarding the new furnace required for the Rama Indian Day School.

I consider that the type of furnace on which you have received a quotation should be supplied. As mentioned on purchase requisition of July 6 a furnace with a heating capacity of 35,000 to 40,000 feet is necessary. The No. 916 Pease Economy Warm Air Furnace has this heating capacity.

The firm installing the furnace should be in a position to decide if new cold air registers are necessary. If so, they can be installed after the furnace has been placed in the proper position. I do not consider it necessary to send a heating engineer to the two-roomed Indian Day School.

Memorandum:

Mr. R. A. Hoey.

Tenders were invited to supply and install the new hot air furnace for the Rama Indian School.

The only tender received to date was that of Mr.Geo.A.Smith, of Smith Bros., Beaverton, Ontario, who quotes $233.50 on a No.916 Pease Economy Warm Air Furnace, completely installed, and using all old warm air and cold air pipes and fittings and supplying a new smoke stack, if necessary.

This firm also makes a recommendation that there are not enough cold air registers coming into the furnace to supply it, and states that Mr. Featherston, the Indian Agent, has suggested that they have a heating engineer out to look it over with a view to ascertaining if the additional cold air pipes are necessary.

In view of these remarks about the additional cold air registers, I should be pleased to have your advice before placing the order.

MEMORANDUM:

Dr. McGill

I beg to submit the following report covering my visit to Rama Agency on May 1st and 2nd.

x x x

Schools:

School was found clean and tidy with orderly class-rooms. Miss Graham and Miss McNeill interviewed, both seem competent teachers. Agent's attention was drawn to absence of individual drinking cups.

Repairs are necessary to outside toilet and to board fence in play ground estimated cost $35.00. Repairs are also necessary to front platform steps of school -estimated cost approximately $25.00. The platform and steps are not used, as side entrances are open, but have an unsightly appearance from the road and mar the appearance of an otherwise fine school building.

RECD.

Dear Sir:

In reporting on his recent inspection of the Rama Indian Day School Inspector Arneil states that repairs are necessary to the outside toilets and to the board fence around the playground. He estimates the cost of these repairs at $35.00.

Mr. Arneil also reports that the front platform steps should be fixed at a possible cost of $25.00. Please arrange for the repairs mentioned.

Yours truly,

Dear Sir:- Reference: 24-I-5

With reference to your letter of May 27th and later correspondence, I wish to advise that the repairs to the steps, the board fence and the toilets have been completed at a total cost of $74.32. I have paid out for labour $30.25. There is owing to Switzer Planing Mills for material, the sum of $44.07. It will be seen that the advance of $60.00 is insufficient by the sum of $14.32. Shall I account for this advance and put Switzer's account through the Department or will the further amount required be advanced to me?

I wish to advise that three window blinds are required for the class rooms in Moose Indian Day School and one blind for the teacher's quarters.

A new cook stove is required for the teacher's quarters, also. The teachers have been complaining about this stove for years and it seems that the limit is about reached. A small stove that will burn wood or coal is required.

Dear Sir:

As previously reported a number of children in the Rama school are infected with itch and impetigo. The known infected children have been sent home. I had Dr. Brown make an inspection of the pupils on Monday and he reports that the general cleanliness is not good and it is considered advisable to provide soap and paper towels for use at the school as sending these dirty children home for a clean up has not proved very effective. With this in view and in order to get started without delay, I have purchased a few paper towels and a bar of medicated soap.

I am of the opinion that liquid soap would be the most sanitary and satisfactory if a container can be purchased. Kindly advise if it is in order to purchase towels soap and etc. required to carry out this plan.

Dear Sir: Reference: 24-I-5

In reply to your letter of 13th instant, I have to advise that no noticeable improvement has resulted from carrying out the suggestions of Mr. Doucet in regard to the furnace in Rama Indian Day School.

There is not sufficient circulation of air to heat the rooms in cold weather and in my opinion it never will be satisfactory until an air fan unit is installed. I have had expert advice to this effect. This could have been done at the time the new furnace was installed in 1938 at a cost of about $75.00.

Dear Sir:

I wish to advise that a new lock is required for the teachers toilet at Rama Indian Day School.

The pump at the school has also gone wrong again and requires the services of a pump man.

The four cords of cordwood should now be sawn into short lengths prior to being placed in the basement of the school. The cost of sawing will be $1.00 per cord.

Kindly advise if it is in order to make these expenditures.

The Rural Mail box in connection with Rama Indian Day School was damaged by a snow plow during the winter. The box, recently came down and I took box and metal arm to a blacksmith shop for repairs. The cost will probably be about one dollar. I trust this meets with your approval.

As you probably are now aware,Miss Ruby P. McNeice intends to end her services at Rama Indian Day School at the end of this month.She has had her own piano in her class room for a number of years and now offers it for sale to the Department for $20.00.I would recommend that the Department purchase this piano,otherwise there will be no instrument in the school at all as the organ in the other room is no longer useful.

Dear Mr. Hoey: Re - Rama

There is one matter about which I forgot to talk to you. I was at Rama on Sunday. In talking over the needs with Mr. Hayward, who is both missionary and teacher, he said that he thought the children were suffering from lack of proper food. Would you consider making it possible for the school to provide a noonday lunch? I know that the difficulty does not arise from the economic needs of the people; and, consequently, I hesitate to make the suggestion, but I believe it is well worth thinking about.

Yours sincerely,

Mr. H.J. Featherston, Indian Agent, Longford Mills, Ont.

The Department is in receipt of a letter from the Board of Home Missions of the United Church of Canada in which it is intimated that one of their officials was informed by Mr. Hayward, teacher of the Rama School, that the latter considered that the children were suffering from lack of proper food and it has been suggested that a midday meal should be supplied.

In view of economic conditions on the Rama Reserve at the present time the Department cannot understand why the parents are not in a position to provide the necessary food for their children. At least the great majority of children attending the Rama School live a comparatively short distance from the school and should be able to go home for lunch. However, I thought it advisable to submit the matter to you. You might discuss the situation with Mr. Hayward and you might point out to him that it would be appreciated if he would interview you regarding such matters before submitting them to any outside official.

In reply to your letter of November 22nd in regard to noon lunch for pupils of Rama School I beg to advise that I have taken this matter up with Mr. Hayward and am advised that this appears to be the outcome of a chance remark made by Mrs. Hayward to Dr. Dory when he was telling her about the special biscuits sometimes supplied Indian children. She wondered "if it would put more pep into the children here"

All children at Rama school go home for lunch and none walk more than a mile to school. Mr. Hayward states that he never even thought of a noon lunch at school and realizes that if there is any undernourishment it is more likely to be due to ignorance and indifference than poverty.

I wish to refer to your letter of October 19th in regard to furnace in Rama Indian Day School.

It has not been easy to get any one to even look at an outsof town job of this sort but yesterday Mr. Jack Oatway, a plumber from Orillia, who seems to know his business, came out and gave the furnace and system a looking over. As the repairs required are very much beyond anything known or thought of at the time of Mr. Phelan's visit, I am making a report and asking instructions.

The fire pot is burned through and has to be replaced and the grates are also ruined and have to be replaced. I made the inspection with Mr. Oatway and discussed with him the cause and remedy. In the first place the air doesn't circulate sufficient to heat the building and in an effort to do so, fires are made so hot that no furnace will stand it for long. Mr Oatway says that the heat just sits over the furnace. The situation is made worse by the sort of coal that we are now compelled to use which burns up quickly and hot and also by a fireman not too competant.

OK.

The circulation can be increased somewhat by adding another cold air pipe to each room and taking it into the furnace a little differently at an estimated cost of $75.00 plus the cost of the castings (grates and firepot)

He strongly recommends the instalation of a forced circulation system by electric fan.He estimates that this will cost $300.00 plus cost of castings.He also recommends an electric "janitor" to control the drafts at an additional cost of $37.50.He considers this particularly advisable in this case where one has to contend with an incompetant or careless fireman.

I think myself,that we will never get satisfaction until there is a forced circulation and the saving in coal will be considerable and the life of the furnace greatly increased.

As previously intimated,no one is looking for work or business but Mr.Oatway has stated that he will undertake to do the job in the Christmas holidays if given the instructions immediately so that he can place his orders.

P.S.
There is no certainty that the firepot will permit the operation of the furnace until Christmas but it is hoped that it can be done.

I have your letter of the 30th ultimo, with reference to the furnace at the Rama School. The Department approves your arranging for the installation of another cold air pipe in each room and also the supplying of new grates and fire pot. It is noted that the expenditure in this regard will be $75.

We also approve the installation of an electric "janitor" to control the draughts at a cost of $37.50.

We are approaching the end of the fiscal year and our funds are becoming limited. Consequently it is not possible to favourably consider the additional expenditure of $300 for the installation of a forced circulation system.

I would refer to my letter of April IIth in regard to damage to the board fence around the toilets at Rama Day School.The advance of $30.00 has been received but I have not as yet done anything about it.Mr.Hayward has suggested that if these toilets were moved,one to each side of the lot,benefit would result in that the boys would not hang around the toilets so much.

I am not prepared to say~~whether~~ whether the benefits to be expected would warrant the change but I submit it for your consideration.The existing toilets are not in too good a condition and will have to be repaired or replaced in any case whether moved or not.Possibly the School Inspector could advise on the question or t e matter be held in obeyance until Mr.Arneil looks the situation over.

I am enclosing a plan of the school set up.

Mr. H. J. Featherston, Indian Agent,
Longford Mills, Ont.

I have your letter of the first instant, with reference to the toilets at the Rama Indian Day School. In view of the second paragraph of your letter, I feel the matter should be left in abeyance until Mr. Arneil visits the agency. Mr. Arneil is absent from the office at the present time, but I will discuss the matter with him next week.

I wish to refer to your letter of May 4th in regard to the toilets at Rama Indian Day School and to report that the matter was discussed with Mr. Arneil during his recent visit to the reserve. It was decided that the toilets should be torn down, salvaging what material may be of use and that new toilets should be erected, one on each side of the school grounds.

Kindly forward an advance in the amount of $125.00 for this purpose.

I wish to advise that the following caretaking supplies are required for Rama Indian Day school.

I would also recommend that a good carpenter be engaged to make tight and repair all windows and doors in the school. It is impossible to keep this school comfortable when the wind blows. The attic should also be insulated, that is to say, between the joists of the ceiling.

Re: Rama Indian Day School

The following is required for Rama school;

I coal shovel
I blade for ash scraper
2 window panes
4 lbs putty
labour(carpenter) $1.00

The school supplies requisitioned for last spring have not arrived and are urgently needed.

No action has been taken on the requisition for 10 tons coal dated June 14th., 1947. It is urgent that this coal be placed in the school before the snow gets too deep. We have considerable coal over from former years but not enough to be safe for the winter. The weather has beenmoderate and I believe 5 tons would see us through.

The Eavetroughs on Rama Indian Day School are badly rusted out and should be entirely replaced. The metal cap has come off one chimney. This should be replaced and brickwork repaired. I recommend that, if possible, this work be proceeded with this summer.

A great deal of heat escapes through the metal ceilings in the class rooms. These ceiling should be insulated and so reduce the coal consumption and increase the comfort of the pupils.

File: 24-1-5.

Extract from Inspector Polingtroke's report on the Rama Indian Day School, May 20th, 1943. (Senior Room). Original on 24-1-6.

I would like to submit the following detail for improving school conditions:

(a) School grounds should be cleaned up and beautified. This school should set an example to the whole community.

(b) The building needs painting, inside and out.

(c) Proper electric lighting should be installed throughout the building.

(d) There should be some means of driving good warm air into the class rooms and exhausting foul air.

(e) Properly equipped inside toilets should be installed and if possible, there should be running water in the school building.

(f) There should be a definite system of supplying text books and work materials within a short time so that the particular needs of this school could be filled. The present system seems to give little leeway for supplying local needs.

(g) The cost of heating this school could be lowered if it were properly insulated.

We have received Inspector Bolingbroke's report on his inspection of the Rama Day School on May 20th and he refers to the necessity for insulating the class room. You mentioned this matter in your letter of June 21st and we replied on June 24th but have not heard further from you.

You might also obtain a quotation on painting the interior of the school and we would like to know at what cost electricity could be installed in the building.

Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ont.

With reference to your letter of June 24th, 1948, in regard to repairs at Rama Indian Day School, I can now report that the cost of new eave-troughs throughout will run to about $85.00.

The insulating material required to do the ceiling of both class rooms will cost about $125.00. There will be the labour over and above that. I would think that it would be under $25.00.

It will cost probably $10.00 or $15.00 to repair the chimney.

Minor repairs are also required for the furnace.

Mr. H.J. Featherston, Indian Agent,
Longford Mills, Ontario.

With reference to your letter of the 21st instant, the Department approves an expenditure of $85.00 for repairing the eavestroughing at the Rama School.

An amount of $150.00 will be allowed for material and labour for insulating the ceiling in both class rooms.

You may also have the chimney repaired at a cost of approximately $15.00. Any minor repairs required to the furnace should receive attention.

With reference to your letter of July 20th file 24-I-5 I can advise that I have obtained ~~a fixture~~ a quotation from C.George Snache, an indian painter, by trade, to paint the two class rooms, the cloak rooms and hall of Rama Indian Day School, one coat, for the sum of $165.00 and he supply the paint or $90.00 for labour only and we supply the paint. It is proposed to use KemTone on the upper walls and ceiling and varnish on woodwork, seats and desks. I believe the price is reasonable.

Before any painting is done, the plaster will have to be repaired. This is not included in the price quoted. The cost should not exceed $25.00.

If this job is gone on with, it might be well to do the teacher's living room and the stairway and hall. The cost of repairing walls and painting would run to about $50.00

Mr. H.J. Featherston, Indian Agent,
Longford Mills, Ont.,

We are in receipt of your voucher # 151 for $255. issued in favour of George C. Snache for painting and repairing the interior of the Rama Indian Day School.

You quote as authority official letter of July 22nd. In that particular letter we authorized a total expenditure of $250. This included an amount of $85. for repairing the eaves troughing. No mention is made in Mr. Snache's account of the repair of the eaves troughing. If this work has not been done, the authority given in official letter of July 22nd has been considerably exceeded.

We would appreciate having an explanation for such action.

With reference to your letter of July 20th, file 24-I-5(E.I) and more particularly the last sentence in regard to installing electricity in Rama Day School, I wish to report that there is electricity in the school but the installation is most inadequate. In the class rooms there are three lights, only, at intervals across in front of the blackboard. The kitchen has a ~~sx~~ drop light from the ceiling, no switch and no base plug. The same is true of the living room and the ~~twes~~ bedrooms. The basement is much the same.

The Hydro-Electric Power Commission render a service, on request, in respect to the lighting of schools in the Province and I submitted a plan of the school (main floor) and asked their advice. They prepared a detailed plan which I am enclosing for your attention.

I went over the building with an electrician who has been doing some work hereabouts and gave him the plans in order that he might prepare an estimate of the cost of a proper installation. This man failed to submit an estimate saying that he was unable to get quotations on suitable fixtures and just recently returned the plans. It may be that someone with a larger and better connection would proceed with the job but before contacting anyone else, ~~youxxx~~ review the whole thing and advise.

If the school is rewired, I am afraid that there is little of the present wiring that can be made use of in the new job. I would suggest that switches and base plugs be put in the kitchen, living room and bedrooms, the basement properly wired and possibly lights over the outside doors. I would suggest that either flourescent or Semi-direct lights

as shown on Plate 2 in group four be used in the class-rooms. The flouresceent lights require much less current. It might well be that a 350 watt would do in place of the 500 watt if the semi-direct is used.

I would say that the job would probably run to five or six hundred dollars but this is only a guess.

Kindly advise and return plans.

Mr. H.J. Featherston,

We have your letter of the 5th instant in connection with the electricity in the Rama Indian Day School.

Careful consideration has been given to the contents of your letter but we find that the expenditure that would be involved would be much higher than we expected.

As we are approaching the end of the current fiscal year, our funds are becoming limited and under the circumstances it will be necessary to defer action until after April 1, 1949. You might bring this matter to our attention again in April or May, 1949 and possibly we could secure a firm quotation for the work at that time and have the work done during the summer holidays.

Chief, Education Division.

River Settlement School.

I visited the above school on May first, in an effort to promote and develop the work. I made suggestions to the teacher, with a view to more attractive instruction.

Miss Faulds is at her first year's work for the Department. Her qualifications are only fair (2 years high school) - salary $500 plus. 14 pupils were present.

It is extremely desirable that a more efficient truant officer be engaged to check up the children for this and the Back Settlement School. We will likely have to pay a salary of $100 a year for the right type of man.

Sir:

Referring to that portion of your report for the month of April, last, on the River Settlement Indian Day School, I beg to say that you may arrange to have steps built at the back door and the front steps repaired. You may also arrange to have the closets cleaned and put in good condition.

No undue expenditure should be incurred in having the above work done, and properly certified vouchers, in duplicate, should be forwarded covering the expenditure incurred.

These matters should receive your early attention.

Sir,—

In reply to your letter No.7-3-5 of July 24th. in regard to school water supply at the Bear Creek school.

I beg to say that the report should have been in reference to the River Settlement school, the present arrangement in regard to Bear Creek school being quite satisfactory.

The water supply for River Settlement school is obtained at a well about one hundred rods from the school, the property of Abram Seneca who has complained that the pupils annoy his family when they go to draw water, and that they throw dirt into it making the water urfit for his use. There is no other convenient place where water can be obtained.

Judging from the nature of the ground at this school, water could be had with very little digging. There are several local Indians who would do the sinking at a reasonable wage, should the Department decide to have this work done.

I have the honour to be, Sir.

Sir:

Referring to your report on the River Settlement Indian Day School for the month of October, last, I beg to say that you may arrange for the purchase and installation of 2 panes of glass, also for the installation of a storm door on the back entrance.

These matters should receive your early attention, and the work should be completed before the extreme cold weather sets in.

Properly certified vouchers, in duplicate, should be forwarded covering the expenditure incurred.

Your obedient servant,

J. D. McLean,

Sir:

The Public School Inspector, in a report on his inspection of the River Settlement Indian Day School, states that with the exception of the closets the condition of the building is satisfactory. The boys' closet door needs repairs, both boys' and girls' closets need shingling and the girls' closet has not been cleaned for some time. In the main building three window panes are out.

I shall be pleased if you will arrange to have the closets at this school repaired, thoroughly cleaned and placed in a sanitary condition. If any shingling is required, you may have this done - no unnecessary expenditure to be incurred for the purpose. You should also arrange to have the required panes placed in the windows of the school building. All this work should be done during the present summer holidays. Please forward properly certified vouchers, in duplicate, covering the expense incurred.

Sir:-

I beg to advise you that the girl's closet at the River Settlemert day schools requires some repairs, the door hinges are both broken and the screen before the entrance should have three boards replaced, the foundation also should be repaired by having a new pile at the north end of closet.

The desks are very old and rickety several of them are brokem and unfit for use, these desks have been in use for a very long time. If new seats are to replace these old ones, the following sizes are required, as shown in Myer's catalogue par 9, No.3 - eight single seats, No.4 - ten single seats, No.5 - six single seats, total 24.

This building is very badly in need of painting inside and outside.

Sir,-

I have your letter of the 6th instant, regarding the repairs required to the girls' closet at the River Settlement Indian Day School, also desks and painting required to the school building.

You may arrange to have the girls' closet repaired and placed in good condition. New door hinges should be put on and the screen before the entrance repaired. The foundation should also be repaired and the closet cleaned and placed in a sanitary condition. No unnecessary expenditure should be incurred in having this work done.

Regarding the new desks asked for, I beg to say that the supplying of same will have to be put off for the present as our funds are limited.

Regarding the painting of the buildings, both inside and outside, I have to request that you will state whether you could arrange for the purchase of the paint and other material required and for the labour in having the work done. You should state the approximate cost of the painting required and also for the labour. When we have full particulars as to the total cost involved in painting the building and what arrangement you would suggest in having the work done, consideration will then be given as to whether we can provide the funds and auth rize having the work done or not. Your reply, giving full information regarding the painting, should be forwarded at an early date.

# INDIAN OFFICE

At Murcey, Ontario.

April 4th. 19 25.

Sir:-

In reply to your letter No.7-8-5 of March 11th. regurding painting of the River Settlement day school.

I beg to say that this work can be done for the sum of $90.00, which includes two coats of best paint on the outside, clean walls and ceiling of the interior, paint the woodwork, size and put one coat of Muresco on walls.

Tenders were called for this work, the above from Mr. McArthur, Middlemiss, being the only one received, Mr. McArthur is an experienced workman and will do a good job. If the material were to be purchased and day labour employed the cost of the job would exceed tender price.

In regard to desks for this school, I might say that they are very badly needed, the ones in present use are broken and in some cases held together with wire. If funds are not available for painting and supplying desks, I would recommend that the work of painting be laid over for another year and the desks put in, the building will not suffer to any extent for lack of paint for another year, while the present seating accomodation for the pupils, is not at all satisfactory.

I have the honour to be, Sir.
Your obedient servant.

Ottawa, April 9th, 1925.

Sir:

I have your letter of the 4th instant, regarding the painting and desks required for the use of the River Settlement Indian Day School.

Regarding the painting, it is noted you recommend that the building receive two coats of paint on the outside, that the walls and ceiling of the interior be cleaned, the walls given a coat of muresco and the woodwork painted. The Department will approve of this work being undertaken during the coming summer holidays, and you may arrange with an experienced man to do the work and supply the paint and other materials required. We note that you estimate the cost will be approximately $90, and this amount should, if possible, not be exceeded. The work should be completed to your satisfaction, and you should forward properly certified vouchers, in duplicate, covering the expenditure incurred.

Regarding the desks, I shall be pleased if you will state if a number of the old desks sufficient to complete one or two rows would not be satisfactory, and the Department would supply new desks to make up the balance required. If, however, none of the desks at present are satisfactory for further use, we would place an order here to supply 24 single desks of the sizes as mentioned in your letter of the 6th of March, last. If any of the old desks can be utilized, please state the sizes of any further number required.

Your obedient servant,

J. D. McLean,

EXTRACT FROM LETTER FROM MR. THOS. MCGOOKIN, INDIAN AGENT, MUNCEY, ONT., DATED JAN. 14/26.

Original on File 7-2-5.

I beg to submit the following survey of repairs and improvements to the six day schools on the Caradoc Reserve which are required to put these schools in first class condition: -

RIVER SETTLEMENT SCHOOL.

River Settlement School requires 24 new single seats, the present ones are very poor and have been wired together, in many cases, to keep them from falling apart. This has been done to take as much service out of them as possible. New ones are really very much needed.

Ottawa, January 16, 1926.

Sir:

Relative to that portion of your letter of the 14th instant referring to the 24 new single desks required for the use of the River Settlement Indian Day School, I have to request that you will state the sizes of the desks required and the number of each size. I may say for your information that desks are manufactured in the following sizes, viz.,

Size No. 1 for Adults,
Size No. 2 for Pupils 16-20 years,
Size No. 3 for Pupils 12-18 " ,
Size No. 4 for Pupils 9-14 " ,
Size No. 5 for Pupils 6-10 " ,
Size No. 6 for Pupils 5-8 " .

You should estimate the number of rows of desks that will be placed in the classroom and arrange that each row will be of the same size of desk. It will save space if a front and rear seat are ordered for each row.

If you will supply full information as requested, consideration will be given to placing the order here for the supplying of the number of desks required. Full shipping directions should be stated.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

ALSO
TO DATE OF THIS LETTER

January 25th..... 1926

Sir,—

In reply to your letter No.7-8-5 of the 16th.instant with regard to 24 new single seats for the River Settlement day school.

I beg to say that the following sizes will meet the requirements,-

Size No.3. 7 seats with front and rear seat.
Size No.4. 7 seats with front and rear seat.
Size No.5. 10 seats with front and rear seat.

There will be four rows of seats,the two outside rows of seven each for the bigger pupils and two inside rows of five each for the smaller pupils.The position of the stove makes it necessary to have the inside rows shorter.

Regarding shipping of seats,I would suggest that the most direct way would be C.N.R.to St.Thomas,thence via M.C.R.to Muncey.

I have the honour to be,Sir.
Your obedient servant.

TO DATE OF THIS LETTER

Muncey, Ontario, May 6th, 19 26

Sir,—

I beg to advise you that the teacher's chair in use at the River Settlement Day School is unfit for furthur use, it is in very dilapidated condition being held together with wire, the teacher also requests to be supplied with a small kitchen chair for use in the class room.

A small wall mirror for the pupils' use and two hair combs are asked for.

I have the honour to be, Sir.

Your obedient servant.

Sir:

I have your letter of the 8th instant, requesting that a teacher's desk be supplied for the use of the River Settlement Indian Day School to replace the present desk which has become worn out.

In reply I beg to say that you may obtain prices from a number of dealers for the supplying of a teacher's desk. I may say that the type of desk we usually supply is that known as the teacher's sanitary desk, size approximately 26"x 42", made in elm, with 3 drawers down one side and a large drawer over knee space. You may make the purchase from the firm quoting the lowest price. After the desk has been delivered, please forward an account, in duplicate, properly certified, covering the expenditure incurred.

Sir:-

I would beg to advise you that after making an inspection of the River Settlement Indian Day School, I would recommend that a new roof be put on this school this Summer as the present roof is not in good shape and the shingles are loose and badly warped and it will not be long before it will do considerable damage to the interior of the school. A new fence is also needed around the school lot and the well from which the school secure it water want cleaning badly and the whole cost should not exceed $80.00, viz $,200.00 for the new roof, $50.00 for the fence and $50.00 for odd repairs and the well.

In reference to the roof, I would advise that a good grade of arrow-lock shingle put on over the cedar shingles would make a satisfactory roof, providing the cedar shingles were all nailed down well before the arrow-locks were laid. The repairs could be done by Indian day labor.

Ottawa, July 17, 1929.

Sir:

I have your letter of the 13th instant, relative to the repairs required to the roof of the River Settlement Indian Day School building, also to the fencing and cleaning of the well.

In reply I beg to say that you may incur an expenditure not exceeding approximately $50 in having a new fence erected around the school lot, and you may also expend approximately $25 in cleaning the well and in carrying out any repairs required to place it in a satisfactory condition.

Relative to the repairs to the roof, the Department considers that it would be more satisfactory if the old shingles were entirely removed and the roof reshingled with a good grade of cedar shingles. You should obtain a price for the supplying of the shingles and for the labour, and submit same for the consideration of the Department. When we have this information, consideration will be given to authorising having the work carried out this present summer.

After you have had the fencing completed and the well placed in good condition, you should forward certified accounts, in duplicate, covering the expenditure incurred.

July 23rd 1928;

Sir,-

I beg to acknowledge receipt of your letter 7-8-5 of July 17th, dealing with the intended repairs to be made at the River Settlement Day School on this Reserve and would wish to advise you that this School is 30' X 28' in size and it will take about 9M cedar shingles to cover the roof, it will also need 30 feet of ridge board and as shingles are $5.75 a M., it will cost in the vicinity of $80 to $85 to re-roof this School, allowing for removal of the old roof, cartage on material, material and labour.

Your authority is requested for the repair of this roof as soon as possible so that the work can be done during the present Summer holidays.

Sir,-

I have your letter of the 23rd instant, giving an estimate of the cost of reshingling the roof of the River Settlement Indian Day School. In reply I beg to say that the Department will approve of your arranging to have this work carried out. It is noted that it will require about 9 M. cedar shingles and, also, 30 feet of ridge board and that the total cost of the material and labour will be, approximately, $85.00. You should arrange to have this work completed before the school reopens after the present summer holidays.

Please see that a satisfactory job is done and forward properly certified accounts, in duplicate, covering the cost of the material and for the labour employed.

Sir:

Referring to that portion of your report for the month of October, last, on the River Settlement Indian Day School in which you draw attention to the condition of the porch, I have to say that you may arrange to have a new floor installed, keeping all expense for the purpose as low as possible, having in view the carrying out of a satisfactory job. After the new floor has been laid in the porch, you should forward an account, in duplicate, properly certified, covering the expenditure incurred.

DEPARTMENT OF INDIAN AFFAIRS

OFFICE OF
INDIAN AGENT

DEPT OF INDIAN AFFAIRS
JUN 20 1930
BRANTFORD

Muncey. Ont.

June 18th.1930.

Sir,-

I would beg to advise you that the following repairs are needed at the River Settlement Indian Day School, Caradoc Reserve and should be done during the coming Summer holidays,

2 pieces timber 2" X 12" X 5 ' for repair of porch steps.
1 plane a glass 15 X 30.
The present windows need re-puttying.
1 pair of door knobs.
Paint or muresco the walls and ceiling of the class-room and replace any damaged plaster,before painting.

Last Summer a new roof was put on this School, but previous to this being done some little damage was done to the plaster and now that the roof is in good shape,repairs should be made to the plastering and then a coat of muresco applied. The woodwork in the school class room is in good condition. The total cost of this work should not exceed in the vicinity of $50.00,if only one coat of muresco applied,which I would believe to be enough at present.

Sir:

I have your letter of the 18th instant, informing the Department of the repairs required at the River Settlement Indian Day School.

In reply I have to say that you may arrange to have the repairs and painting mentioned by you carried out. It is noted that the total cost of this work will be approximately $50. It is considered that one coat of muresco would be sufficient to be applied after the repairs to the plaster are carried out. This work should be performed during the summer holidays and, when completed, you should forward an account, in duplicate, properly certified, covering the cost.

Your obedient servant,

A. F. MacKenzie.

Sir;-

I would be glad to receive a voucher in favour of William Enoch, Sarnia, Ont. for $1.00 being for costs entailed and labour in repairing the fence at Sarnia Settlement Indian Day school on this Reserve and which I would respectfully ask.

Some little time ago some trouble might have been into this fence when the stock broke off the posts and tore the wire from the fence and some of it I had it repaired as soon as possible.

OFFICE OF
INDIAN AGENT

Muncey. Ont.

File 1-4-1

June 16th.1932.

Sir;-

I would beg to advise you that the following repairs are needed at the River Settlement Indian Day School of this Agency and that they should be made during the coming Summer holidays.

New bolt and lock to swing small gate at entrance to the school grounds.
Hock for door of the girls outhouse.
Repair school door lock or replace the same if necessary.
Three new blinds for the class room.
New roof put on the wood shed, size 10' X 20'.

The roof on this wood shed suffered somewhat when this district was recently visited by a severe wind storm and a patch about three feet square was torn off and it may be that one bunch of shingles would repair it temporarily and there is a spare bunch of shingles at this office that could be used, and this would mean that a new roof would be real necessary in a year or so at the least.

If only a temporary job can be done to this roof this year the total cost of these repairs should not exceed in the vicinity of $10.00 including the purchase of the blinds which need replacing very badly.

EXD.

Ottawa, June 21, 1932.

Sir:

I have your letter of the 16th instant, stating the repairs that will be required to be made at the River Settlement Indian Day School during the coming summer holidays.

In reply I have to say that you may arrange to have the minor repairs as mentioned in your letter carried out. You may also use the shingles which are on hand at your office in repairing the roof of the woodshed. It is noted that the cost of the repairs will not exceed approximately $10, including the purchase of three new blinds for the classroom. You should have these repairs carried out during the holidays, and, when completed, an itemized account, in triplicate, properly certified, covering the expenditure incurred, should be forwarded.

Your obedient servant,

A. F. MacKenzie,
Secretary.

SCHOOLS BRANCH
JUN 30 1933

Sir;-

I would beg to advise you that the following supplies and repairs are needed at the River Settlement Day School of this Agency and that these could be attended to during the coming Summer vacation.

2 locks for present cupboards.
3 catches for the elevation of the classroom windows.
12 feet of 6" cornice for that burnt by school boy.
1 combination cupboard or book-case.

This school is in need of a cupboard in which to store supplies of the school and the class-room is untidy on this account and a suitable cupboard could be built for $15.00.

The total cost of the needs of this school should not exceed $30.00 if the cupboard is authorized.

Consideration should be given in the near future to renew the flooring and all the window frames and sashes in this school which would incur considerable expense, as this building is very old and the floor is badly worn and should be recovered. The window sashes and frames have been on the school so long they have rotted in some places and been repaired and of ocurce are a source for winds and drafts in cold weather, but as the building is so old it would be a question of building a new structure rather than expend a large sum in repair and this question can be taken up the next time an official of the Dept. visits this Agency.

Ottawa, July 5, 1933.

Sir:

I have your letter of the 27th ultimo, regarding the repairs and supplies required at the River Settlement Indian Day School - the work to be carried out during the present summer holidays. In reply I have to say that you may arrange for the following work to be performed:-

2 locks installed on present cupboards;

3 catches installed for raising of classroom windows;

Replacing of 12 ft. of 6 inch cornice, which was burned by school boys.

The total cost of the above work should not exceed the sum of $5.00, authority for the expenditure being included in encumbrance certificate No. 739.

The Department will also approve of you arranging for the building and installing of a cupboard of the same type as that supplied for use at the Bear Creek School, at a cost not to exceed $15. Authority for this expenditure is included in encumbrance certificate No. 740. You should forward separate accounts, in triplicate, covering the cost of the above authorized repairs and the expenditure in connection with the cupboard. Please state on each voucher the E. R. number under which the expenditure was authorized.

Muncey. Ont.

File 1-421.

June 22nd. 1934.

Sir;-

I would advise you that the following repairs are needed at the River Settlement Day School of this Agency and should be made during the coming Summer holidays.

3 new fence posts to repair school yard fences.
Loose boards in outhouses to be nailed down and hinges placed on seat covers.
4 new window sashes 2' X 9" wide by 3' 11" long with paint for painting.
New floor for class-room proper 30' X 27'.
New barrel for Spring adjoining school yard, where water is obtained.

In the case of the sashes, there are four that are so rotten they are just holding to-gether, having been repaired many times, and it may be possible that the same glass can be used for the new sashes that is at present in the old ones.

The floor at this school is very bad, very thin and uneven and a new one is needed and I would suggest that it be of inch pine, so that the expense is not large, as the whole building is so old, the less expense the better as a new school building will be needed in the not to distant future.

The school is now geting water from a Spring 600 yards away, on account of the near Spring being used as a bath by dogs. If a tub or barrel was installed with a lid, this could be eliminated. Water can still be obtained from the other Spring only that the distance is great.

Estimated cost of these repairs is $70.00.

Your obedient servant.

Repair out houses by new hinges on doors and replacing four panes of screens.
Install yale lock on outside door at this school.
Install new door lock on the inside door.
Place six new locks on the windows of the school.
Replace one sash, with two panes glass 28" x36".

Due to the poor locks and door fastenings at this school, I have had at different times use the school as a parking spot and cigarette stubs have been found next morning on the floor. My total cost of these repairs should not exceed but I do not think $5.00.

Sir:

I have your letter of the 25th instant, regarding the repairs required at the River Settlement Indian Day School.

In reply I have to say that you may have the work, as mentioned in your letter, carried out during the coming summer holidays. It is noted the cost will not exceed the sum of $25.00. After the work has been completed, you should forward accounts, itemized, in triplicate, and properly certified, covering the expenditure incurred.

DEPARTMENT OF INDIAN AFFAIRS
ADMIN.

Muncey. Ont.

June 11-36.

File 1-4-1.

Sir:-

The following repairs are recommended to be made at the River Settlement Indian Day school and can be done during the coming Summer vacation period.

Re-swing door at boys outhouse. Repair seat cover.
Repair door at girls outhouse.
Replace board on wood-shed.
Repair N.west corner of school building proper which has broken away.
Repair chimney in the class-room, which is badly cracked.
Replace three top sashes with glass complete on the south side and 1 sash at the bottom on the north side.
Replace broken pane of glass on South side.
Replace one stove pipe.
Paint exterior of building, 2 coats.

The sashes of the windows at this school are over 40 years of age and are badly weakened and unsafe and during the past two years I have replaced some of the worst ones and will eventually replace all. This school could do with two coats of paint and the painting would cost in the vicinity of $50.00. The total cost of repair should not exceed a total of $75.00 including exterior painting.

Dear Sir:

Please find enclosed Agent's Report Forms covering visits made to the six Indian Day schools of Caradoc Agency for the month of May.

River Settlement School is also a very old building and will need a lot of repairs this year and I would suggest that the Departmental Architect or an official of the School Branch visit this agency at an early date when a complete survey could be made of these three buildings with a view of eliminating one of them or the complete overhauling and repair of the present structures.

DEPARTMENT OF INDIAN AFFAIRS

OFFICE OF INDIAN AGENT

File 1-4-1

R[illegible]urvey, Ontario.
June 20th, 1925.

Dear Sir:

Attention Mr. Philip Phelan.

In company with Mr. McKnight of the Surveys and Engineering Branch of the Department, an inspection was made of the River Settlement Indian Day School of Garden River and the following repairs and materials are recommended for this school:

½ sheet galvanized flashing to repair chimney leak at an estimated cost of 1.50
6 screens for windows at an estimated cost of 3.60
1400 ft. Ten-Test- estimated cost 24.00
500 ft. strapping- estimated cost 7.50
100 ft. cove moulding- estimated cost 2.00
1 panel door with frame and out sill (34"x 6'7") at an estimated cost of 2.50
Locks and hinges at an estimated cost of 2.50
4 gal. of paint estimated cost 12.00
Oil, turpentine and brushes- estimated cost 5.00
Nails- estimated cost 1.25
1 pane of glass 14½"x 31 and three-eighths inches, putty and brads at an estimated cost of 75 cents.
Exterior painting, 5 gals. of paint, oil, turpentine, etc. at an estimated cost of 15.00
Labour- estimated cost 30.00.

$161 60

This is only an estimate and the total cost would run in the vicinity of $250.00 and would put this building in proper condition for a number of years.

The building is over 50 years old and it would be necessary to remove all plaster from walls and replace it with Ten-Test, as, on account of the condition of the plaster, it is dangerous to the pupils.

As this building is so old and not knowing what difficulties may arise when repairs are being made, I would ask the kind city of the Department to purchase from local firms on the approved list the necessary materials for these repairs, to whom it is possible to return any unused materials after repairs are completed.

When this authority is granted, a cheque for 150.00 for payment of wages should be sent forward.

Dear Sir: Attention Mr. R. A. Hoey.

With further reference to repairs being made at River Settlement Indian Day School and my letter of August 15th, I would advise that I have not, as yet, received the advance cheque of $80.00 for payment of wages of workmen and as this work has been in progress nearly a week, I would ask that this cheque be sent forward as soon as possible.

Dear Sir:

Last summer holidays quite extensive repairs were made at the River Settlement Indian School and the building proper is in quite good shape, except that the wood work needs some attention a number of the boards having broken from the floor and some are missing altogether and need some nails to make them safe.

The teacher's desk for lunches is falling apart with shelves to provide storage space and is lack of proper lumber and 100' of tongue & groove lumber was provided she could build the necessary cupboards by manual training with her older pupils. This lumber would cost about $.60 and besides the cupboard there would be enough lumber to repair the wood-shed floor and the interior of the boys out-house.

The cost of any labour involved will be nil as I can have it done by some Indian who needs relief assistance from the office.

Dear Sir:

Some small repairs are needed at the River Settlement Indian day school such as replacing two fence posts and re-stretching the wire. The classroom desks need repairs and should be nailed to the floor more securely. A lock is needed on the classroom door.

A new outhouse should be built at the school to replace one of the present structures. Only one new outhouse was built last year for this school. Mr. John Drake of Strathroy, Ontario, did build five of these outhouses last year at $48.00 each and they were quite satisfactory. I would recommend that he again be engaged to build this outhouse, delivered and set up at the school.

The cost of materials for the other samll repairs should not exceed $4.00 and the same amount for labour will be required.

Your obedient servant,

A. D. Moore, Indian Agent.

Dear Sir:

With reference to your letter of the 3rd instant, you may arrange for the erection of a new toilet at the River Settlement Indian Day School, at a cost of $48.00. You may also expend $4.00 in making minor repairs.

Yours truly,

Philip Phelan,

Dear Sir:

I would beg to refer you to Mr. Moore's letter of July 3rd, 1941 and Departmental reply, file 7-8-5 of July 7th in connection with the erection of a new toilet at the River Settlement Indian Day School.

Mr. John Drake, Strathroy, Ontario, with whom I have been in touch, has advised me that the cost of lumber has increased considerably since a year ago and that he will have to increase the cost of the building to $58.00 instead of $48.00 as was paid last year. This would be delivered, painted and set up for a total cost of $58.00.

I would request your authority to expend $58.00 for erection of this toilet instead of the $48.00 which was previously approved.

Your obedient servant,

Dear Sir:

With reference to your letter of the 16th instant, I notice that in your estimate for the building of an out-house at the River Settlement Indian Day School you were obliged to change the price from $48.00 to $58.00, due to the increase in the cost of material. You are hereby authorized to expend that amount.

RIVER SETTLEMENT

Both exterior and interior decorating are badly needed. This School is dull, dirty and dismal and does not lend itself to good teaching. In fact it should be rebuilt. However, $ 250.00 spent on it would perhaps brighten it up.

This report is submitted with a view to laying before you for consideration, repairs which I think are necessary and should be given every possible consideration. For convenience the listed repairs are in order of priority. You will appreciate the fact that we are already in the second month of summer holidays. It would therefore be appreciated, should you consider the suggested repairs, that this Office be advised as soon as possible.

Mr. G.W. Down, Indian Agent, Muncey, Ont.

I have your letter of the 5th instant, in which you state that it will cost $250.00 to decorate the exterior and interior of the River Settlement School. Have you received a quotation of this amount from some contractor, or do you intend to do the work by day labour? In the latter event, you should let me know the cost of the material and forward a requisition in order that purchase of the material may be made through our Purchasing Branch. You should also let me know the approximate cost of the labour, so that an accountable cheque may be forwarded for the amount.

Re: River Settlement School

I have your letter of August 10th and hasten to advise that I intended to have this work done by day labour.

I am submitting herewith a requisition for materials that I have estimated it will take to decorate this school. It is in a very dilapidated condition and will likely soak up an extra gallon or two of paint. I have figured $ 125.00 for the labour and a few incidentals as we proceed with the work.

Wherever possible and if available I intend to have Indians do the work.

Re: River Settlement School

I have for acknowledgment your letter of the 12th instant and also a requisition for certain materials necessary for the painting of the above-noted school sent forward therewith.

I am today sending forward this requisition to the Departmental Purchasing Agent. I must express regret that it has not been possible to proceed with this work until this comparatively late date in the season. It is no doubt difficult, however, to secure labour for such repairs, in view of the acute labour shortage existing throughout the Dominion.

Repairs and decorating of the River Settlement Indian Day School are progressing. I would therefore request an advance with which to pay the cost of labour. I had estimated that this cost would be approximately $ 125.00. I think $ 100.00 will cover it.

Muncey, Ontario,
August 10th, 1945.

During a recent visit and inspection of the River-Settlement School, my attention was drawn to the condition of the wood shed. It is in a bad state of repair and needs re-shingling. I have measured the building and estimate that it will take five squares to cover it. The approximate cost is estimated at,

| | | |
|---|---|---|
| 5 sqs of No.1 5x shingles | at $ 7.60 - | $38.00 |
| 50 lbs of shingle nails | at .10 - | 50 |
| | | $38.50 |
| labour | | 20.00 |
| | | $ 58.50 |

I would recommend that this work be done before school re-opens.

There are also a number of minor jobs around the school and grounds, such as, anew board here and there, new glass and new fence posts ect; amounting to, perhaps, $20.00 which will be taken care of before school reopens.

Inspection Report
River Settlement
Indian Day School

River Settlement School is a small, dilapidated frame building, 28 ft. by 20 ft., which is a disgrace to any School Section. I shall not comment on it further. It should be demolished, and a new school built. This report should receive consideration in your program of better school accommodation.

The minor repairs, which I am endeavouring to have completed before school reopens are as follows-

Glass where necessary
Repairs to toilets
1 gallon paint

and I trust my action meets with your approval.

Extract from Inspector Young's report on his inspection of the River Settlement School on November 7, 1947.

It appears that my visit followed a rather unusually bad demonstration of Halloween [illegible]. The register was stolen so that no record of attendance was available. The door on the girls' locker was [illegible] and the room was not as tidy as it might have been.

I have always complimented Mr. [illegible] on his ability to have the pupils respond alertly, co-operate in the care of the property and other activities [illegible] to good citizenship. These features were not so much in evidence at this visit; still assignments are made. Their printing and writing are good.

EX'D.

Ottawa,
May 23, 1938.

Dear Sir:

In reporting on his inspection of the River Settlement School on the 27th ultimo Inspector Sexton states that the work at the school is handicapped by lack of tools and materials for making things.

Our funds for the purchase of such articles are rather limited. However, last year we allowed $20.00 for each school. We will endeavour to do the same for the academic year 1938-39. You might communicate with me in regard to this matter early in August.

It would be well to consult the teachers of the various schools before they leave for their holidays in order that you can ascertain from them what additional equipment of an inexpensive character they would suggest being secured.

Yours truly,

Philip Phelan,
Chief, Training Division.

Deputy Supt Genl of Indian Affairs
Sir,

I beg to report that Miss Mary Pace Teacher of the Ryerson Indian School has tendered her resignation the same to take effect on the 30th June next.

I beg to recommend that I be authorized to offer the position to Mr. B. W. Jacobs, Teacher of the Henvey Inlet School. Mr. Jacobs has not communicated with me on the subject but as he is an active energetic young man and as the Ryerson School is in need of such a Teacher I venture to recommend his transfer.

If my recommendation is approved it will be necessary in the event of Mr. Jacobs acceptance of the offer to get a new Teacher for the Henvey Inlet School

Toronto, 8th Jan., 1903.

Sir,-

I am in receipt of a letter from the Missionary residing on Parry Island, in which he mentions that the school at that point is vacant, and suggests one David Menomenee as competent to discharge the duties. I may say that David Menomenee was one of the very best pupils for a number of years in the Mount Elgin Industrial Institute, and for several years past has been employed by us as a Missionary to the Indians on the North Shore of the Georgian Bay. As he has been suffering with some difficulty with his eyes, the Doctor has advised that for the present he suspend his studies, and this is the reason why he is retiring temporarily from Mission work. Mr Menomenee does not hold the usual certificate, but he passed the entrance examination for the High School when he was at Muncey. Doubtless Mr Indian Agent Maclean of Parry Sound, will know about Menomenee, and can advise you as to his fitness for the school work.

Sir,-

I have to acknowledge the receipt of your letter of the 5th inst., inclosing a resolution of the Parry Island council asking for the appointment of an Indian teacher for the Ryerson school, and in reply I beg to say that the Department is not prepared to give effect to this resolution at present, as the reasons assigned for asking for this change are not borne out by the returns on file.

During the past year pupils up to the age of 19 have been shown on the quarterly returns and a number of them are over the age stated in the resolution. In addition to this the Public School Inspector speaks very highly of the present teacher. In his last report, which was made in the month of September, he says,- "who is doing excellent work. The school has been and is in very good form. Everything in connection with this school is in satisfactory condition."

The Department would like you to visit the school and report on the work of this teacher and whether there is any just cause for dis-satisfaction.

In reference to Resolution 5, re the Teacher they are clamoring for at the Ryerson school.

I have discussed the matter with the Chief and his Councilmen. And they claim that the present Teacher has refused to teach boys older than fifteen years, and the Chief contends that in the winter months when the mills are shut down and the lumber shipping is over, the winter is the only time for boys to go to school. I told the Chief and his Councilmen to embody their reasons fully in their resolution, which they have not done hence my reason for writing on this matter.

Ottawa, April 16, 1909.

Sir,-

I have to acknowledge the receipt of a resolution from the council of the Parry Island band asking for a change of teacher.

In reply I beg to say that, in view of the good work done by the teacher as reported by the Public School Inspector and your remarks on the resolution, the Department cannot approve it, and you will be good enough to advise the Council accordingly.

You remark that there are only seven children belonging to the band attending this school. Be good enough to report for the information of the Department where the rest of those in attendance come from.

Dear Sir; I have taught at Kipersow School No I 7 years and my sister Mrs. A. E. McKelvie at Skene No II. Tarry Island for the same length of time.

May I be allowed to state That our teaching has been eminently satisfactory to our Inspector and we are quite interested in the work, but as the cost of living has advanced materially during this time we find the salary lower for our requirements as there are fewer if any advantages in the place.

We should esteem it a favor, if it be within your province to advance the salary. Trusting for a favorable reply.

Memo.

Mr. Scott.

Miss J.E. Armour, teacher of the Pyerson Indian school, applies on behalf of herself and her sister, Mrs. McKelvie, teacher of the Skene school, for increases in salary. They are each paid at present $300.00. Miss Armour is paid wholly from the funds of the Parry Island band and Mrs. McKelvie's salary partly, the Department contributing one-half.

Miss Armour was transferred from the Skene school, in 1903 and Mrs. McKelvie appointed as her successor. They have, therefore, been in charge of their respective schools for six and one-half years.

Miss Armour is 48 years of age and holds an old County Second-class certificate, and the Inspector states that she is doing very good work, although the Indians have asked ~~for~~ on two occasions for the appointment of a teacher of their own race, requests which were refused.

Mrs. McKelvie is a widow, 60 years of age, and holds the same class of certificate as her sister, and is reported by the Public School Inspector as having done and doing good work.

It is for the Department to say whether they shall be granted increases, and, if so, to what extent and by whom the extra expense would be borne.

D.C.S. 29.7.09

Enquire whether Miss Armour is aware that the Department pays only one-half of Mrs. McKelvie's salary and that the Parry Island band pays the other half.

Miss Jane E. Armour, teacher of the Ryerson school, has written the Department enclosing a communication she received from Chief Peter Megis to the effect that a Resolution of Council had been passed that she should be asked to send in her resignation before the end of the current quarter.

The Department would like to have a report from you as to whether the statement made by Megis that his letter to Miss Armour was written at your request is correct or not. The right of the Council to engage or dismiss teachers is not recognized and, if dissatisfied with Miss Armour, the proper course would be to write to the Department and obtain its authority before any action was taken. Moved by Davis Hawk and seconded by Chas. Sandbah that this council resolve that the school teacher at the Parson School was asked to send in her resignation therefore she did not comply as the council desired. And the Indian Department would like to know the reason why the Indians need a change. Her work is not satisfactory as a school teacher. The parents have been complaining from time to time that the teacher instead of using a strap when whipping the children she used a pointed pencil (a knitting like) either on the head, neck and hands, that is not according to the school law: and others are not permitted to attend though are at the age to attend. are the ones the teacher refused to admit in her school. In this superintendency of all the Indian schools, ours, that is. the Parson School is the poorest in education.

Moved by John Menomene and seconded by John Manitowaba that this council resolve that the Indian Department be requested to inform the council to give the reason why they fail to carry out what they have promised before, in appointing a new teacher for the Ryerson School, or else close the school until the new one is appointed.

signed
Chief Peter Megis
E. Menomene Secy.

Note:

The reason that Miss Armour was re engaged was because she was one of the three applicants with the proper qualification to teach with the approval of the School Inspector.

It appears that the Indians are anxious to get W. A. Elias the late teacher at Shawanaga Reserve placed in one of the Schools on Parry Island. He has no qualification papers for teaching and the sooner the Department will give these agitators to understand that none but qualified Teachers will be Engaged the quicker Mr Elias and his malcontents will learn that the Department of Indian Affairs has to be Consulted as to the Selection of Teachers.

Dear Sir:—

A copy received you sent to me in which the Indian Department replying the resolution was passed at Parry Island Indian Council on the second day of Sept.; In reference to the appointment of a teacher for the Ryerson School. The chief, and the Council were quite sure that there would be a change made for the appointment of a new teacher of the said School. Because the Indian Department promised to do so. The parents whose children are attending the school, that is, the members of the Parry Island Band are so desirous to have a change in the near future

We admit that what the Indian Department states in the letter that "some professional qualifications" required of any one before can be appointed as a teacher.

We know that Miss Armour has some qualifications for the position

But the question comes in here and the preference for the change, the following reasons why the change is desired.—first, Her health is not strong enough to attend her duties for the next twelve months. She just barely got through for the last quarter, and took sick often. She is too delicate on account her age probably. Secondly. The Indian Department should seek to satisfy the Indians whose Interest money are paying for the teachers on the reserve. Thirdly. The Indian Depart-

Sir,

I have to acknowledge the receipt of your letters of the 27th ultimo and 2nd instant, with the former of which was enclosed a communication from the Chief and Secretary of the Parry Island Band in reference to the appointment of a teacher at the Ryerson School.

In reply I beg to say that it isthe intention of the Department to endeavour to obtain a qualified teacher for this school as soon as possible and in the meantime the children should be sent regularly to school. The Chief's letter has been read and, while there are no doubt some grounds for their objection to Miss Armour, it is not considered that there are sufficient to warrent them in not sending their children to school. It might be well also to point out to the Chief that the Department bears a portion of the salaries of these teachers, in fact in the case of the ~~Saugeen~~ Pearl school more than half is paid by the Department.

You should have reported this matter and obtained permission to grant the increase in salary. The arrangement is, however, satisfactory to the Department, if it is to others concerned. I would remind you that Mr. Yarwood was nominated for the position by the authorities of the Methodist Church, who have this privilege in connection with the Gibson school. Sir,

Owing to your letter of the 16th instant I
had to say that your application in regard to transfer
of pupils from the Gilson to the Mount School is
quite satisfactory. Rev. T. C. S. Moore, General Secretary
of the Methodist Missionary Society, is being asked to
nominate a successor.

In the meantime the Department does not wish to
have the Gilson School closed and it is thought that you
may be able to arrange with Miss Lovecha, who has had some
previous experience at the school, to re-open classes on
January 2nd under a satisfactory arrangement made before
that date. If you do not hear from the Department in the
course of a few days you may assume to have Miss Lovecha
take charge of the school and the Department will pay her
at the rate of $500.00 per annum, it to be understood that
she will give up the position immediately upon receipt
of notice to do so. If Miss Lovecha will not accept it you
may arrange Miss Scurr, but, as the former is much closer
to the school, it is considered preferable to give her the
temporary appointment.

I was asked to make a report by you, regarding the Ryerson school whether the children attending School or not. I must say that some of the parents do not wish to send their Children to school. the reason why is this, they say that the teacher do not look after the children, as she ought to, she seems lacking rule of order in school. Cannot keep the children to sit quite in their seats, but the children have their own way, they leave the room when ever they please. She seems she cannot control the school, according to the rules of order of any public school.

*Sir,—*

I beg to report to you that Ryerson School, Parry Island, has been opened today, for school purposes. The building in general is very fine and finished in nice shape. I had a few of the leading gentlemen from Parry Sound including the School Inspector, Mr. J.L. Moore, at the opening and they all spoke highly of the school and had a lot to say to the Indian parents who were present, re regular attendance of the children, which I trust may do some good.

**School Opened**

Last Thursday morning the new Indian School at the Upper Village on Parry Island was formally opened. On the invitation of Indian Superintendent Alex Logan, Mr. J L. Moore, District Inspector of Public Schools, Rev James Binnie, St Andrew's Church, Rev. W. T. Bunt, Baptist Church and Wm. Ireland, Editor of The North Star, accompanied the Superintendnet to Parry Island. The scholars, headed by their teacher, Miss Munt, marched from the old school to the new and in the presence of a number of the parents and friends of the children Mr. Logan opened the proceedings In a brief speech he pointed out that the new school and teachers home had cost about $3,500, exclusive of the seats and fittings, and was in every respect a modern and model building. It was heated throughout by a furnace, had modern ventilation, plenty of light and was a sign of the progress the Indian were making, as well as a credit to the Band. He wanted every boy and girl on Parry Island to attend school regularly and spoke of the advantages on a good education, Mr. Moore the School Inspector, next spoke and urged on the parents the importance of the children attending school regularly. They had now a fine school, a first class teacher in Miss Munt and he looked for great improvement. Rev. Mr. Bunt was the next speaker and he was followed by Rev. Mr. Binnie. Chief Megis addressed the school both in Indian and English as did Rev. D. Menominee, the Indian Missionary and Mr. James Walker, who recalled the fact that Mr. Ireland had been present at the opening of the old Skene school at the Lower Village, the Ryerson school just closed and now the new school. Mr. Ireland was asked to say a few words and he referred to the pleasure it gave him to be present at the opening of all three schools on Parry Island, and about thirty years ago had named the school after the the then Indian Superintendent, Captain Skene. The new school was erected by Mr. J. D. Riddell, of this town and is a model of comfort and convenience. The proceedings closed by singing the National Anthem.

I am also a graduate nurse. when sickness breaks out among the Indians I am often called upon for help. Since I have had charge of the school the attendance has been much larger than in former years.

As you know Sunny has advanced very rapidly within the last two years, making five hundred dollars as a salary scarcely sufficient to cover the ordinary expenses.

I would be very glad if you would consider a raise of fifty dollars for the next year.

Sir,-

Inspector Moore, who recently visited the Ryerson day school, reports that the teacher is not popular with the Indians and that is the reason for the small attendance.

Judging from the small attendance, there seems to be something wrong, and the Department wishes you to report fully, as soon as possible, on the Ryerson school, stating your opinion in regard to the lack of progress. Kindly state, also, if you consider it would be advisable to make a change in the teacher.

Sir,—

In reply to above letter I beg to report to you,that for some time past the teacher,Miss Munt,has been taking very little interest in the Indian children. She is"out"with all the Indian families and does not even visit or speak to the Indian Missionary who lives only fifty yards from the school house. She is a very strong Baptist and comes to Parry Sound church and Sunday School every Sunday and is therefore of no help to the Indians in that way. She has a very comfortable school and dwelling and generally has some of her friends from Parry Sound staying with her. I am sure that her influence,as a teacher,is gone and the Department may as well let her go at once and advertise for a new teacher.

I trust this may meet with your approval,

Dear Sir

I have just seen Mr. Logan the Indian Agent and he showed me a letter from the Department, at which I was surprised and also very much hurt, at the report Inspector Moore must have sent you of the condition of this school and my work. It is true I had a small school Jan. Feb. & March and I gave him the reasons for it. But the chief reason was the weather conditions. I had trouble with a couple of the Indians which also had some effect. I gave him these two reasons.
As soon as the weather and roads were favourable, I visited the homes and they told me, the weather had been so cold, that roads drifted, children lightly clad they could not send them

Now, I did not intend writing to the Dep[illegible]t. I do not want to hunt, or make trouble, or injure any one. But since reading your letter I feel I must write in defence of myself.

Last Dec. James Walker and Daniel T. Wing, two Indians of the Island, Hon. is Councillors of the school. Tuesday Afternoon and Policeman. Two old men as full of wickedness as they are full of years. These men made up their minds they were going to turn the teacher out. (As they called it) and get a Mr. Patrick who belongs to the islands to take the school after Xmas. They called a meeting, talked matters over, trying in every way to find a complaint. They asked the Chief to write to the Department, asking for a change of teachers. He told them he could not without a reason for my leaving. A certain gentleman friend of mine from Parry Sound, used to visit me. This James Walker said. "Can we say something about the teacher and this man who visits the teacher?" So there and then they started a Slander. As soon as I heard of it. I went to the Chief He said he had nothing to do with it

Then he told me ~~me~~ just what I have told you. I also had a talk with Mr [redacted]en and King, and told them both what I thought of their actions this only infuriated them more than ever; since ~~the~~ they have never ceased to undermine me and my work. I asked Mr. Logan about it, and asked if I should report them. He said no. The quietest way was the best. When Inspector Moore came to visit the school. I asked him the same question. He said the same as Mr. Logan. I would not have written now, only I feel as I said before I must defend my-self.
I would have left the school at once had I been free to do so. As if these men had come to me as they should have done. and told me they would like a change. and given me time to get-out. As is it. I had all my winter supplies in. also the furniture in the home belongs to me. If you can see the expense & inconvenience. I would have been put to in leaving at that time I told the Chief then I would leave at Mid summer. I told Mr. Logan the same. also the Inspector. every one on the island knows I am leaving then

This is to certify that Mr. E Richardson has taught for the last half year in S. S. No. 8 Brantford, in this county. I paid two visits to the school while he was in charge. He is a teacher of good ability and considerable experience, and seems to be well qualified to do good work in his profession. He has good, common-sense methods of teaching and is an excellent disciplinarian. His personal character, so far as my knowledge of him goes, is without reproach. He is a gentleman of good presence and manner. I consider him to be a capable and trustworthy teacher.

Mr. A. Logan, Indian Supt.,
Parry Sound, Ont.,

Dear Sir,-

I am replying to your "ad" in to-day's Globe
I am a Public School Teacher, holding
a Second Class Certificate and have a lengthy
experience as a teacher.

I was Principal of Sunderland P.S., 3 rooms,
for 7 years; Zephyr P.S., 2 rooms, for 4 years;
Blackstock P.S. 4 years; Hawkesville P.S., 4 years;
S.S. #1 Stamford, 4 years; S.S. #9 Reach, 6 years and of
various other schools for shorter periods.

I am also, a practical 'book keeper' having had
charge of the Books of the 'The Trent River Paper Co.,'
Frankford, for 4 years.

I have a small printing outfit consisting
of 2 sizes (9" x 3") Paper cutter, between 40 & 50 fonts of
type, Job Case, wood rules, furniture, reglets, borders,
numbering machine, and all else requisite for doing
any kind of commercial printing. If you have
any industrial training in connection with
your school, this might be available.

I am, also, fairly proficient on Band Mu
having had charge of the Band business

and might, possibly, turn it to good account for the schools benefit.

I have no knowledge of the Indian language but, I suppose that is not a serious drawback.

Should you accept this application, kindly advise me as to what furniture and other necessaries I may need in additional furnishing of the school residence.

I should expect salary paid monthly, and as July and August are non teaching months at $55.00 per months.

I am enclosing copies of testimonials.

I am a Protestant.

Sir,—

In reply to above letter I beg to report to you that Miss Munt the late teacher of Ryerson School has vacated the house and handed in the keys,on the 20th.August.

I gave the caretaker instructions to have house and school scrubbed out and put in good shape for the new teacher There will likely be some furnishings needed for the house as Miss Munt had a lot of her own furniture in the house. I will make a report in a few days of what is in the house and what will be wanted.

Dear Sir,

I am in reply to your letter of 29th March to say that I will take the school charge until the 15th. June next at $30 per month. For the following reasons I will be unable to continue the position much longer. I find the duties more than I can attend to. I have a large family of children and my own health is not good. I would like to have you look around at once and get a teacher, and I will be willing to stay until you get one. I am sorry to have to do this, but I cannot help it. I have done my best to please the Department and the Indians, but I find it impossible to do so. I have been offered a position in the Public Service at Ottawa, and I think I can do better there. There were 36 pupils present with seating for only 24.some chairs were being used by the others. I would recommend the purchase at once of 12 single seats,large size, (or adjustable seats)and one small table to set water tank on, cost about $3.00 ,also a curboard for books,$20.00 and two window rollers to replace broken ones.

Do you mean to say that since you will not put the telephone into my house that I have to pay to use it where it is? That is the reason I cannot accept your kind invitation for tea as I did not receive the telephone. If the Government is paying for it I have as much right to use it as my friends on the island. One thing I know that I have done for the people there is the fact that I have got their children to go to school. I am willing to do something for it. If I have to pay for using the telephone I think you had better send it back for I am much in need of the things that I have ordered with it.

Dear Sir;

I would like a copy of the letter Mr. Logan sent you answering my complaints I have got to take witnesses with me to his office now that I have found out that I cannot depend on him. My reasons are as follows. When I asked him the wages of the janitor. That I had to report to Ottawa he told me $36. When I asked other questions, he said that he didn't know what they wanted to know for as he had told them (Ottawa). When he came out February 28 and asked if we knew how much he was getting as janitor and Mother and I said $36. He said $20, the Chief was also present. The janitor himself says $20. I would like to know why the difference. If your treasurer would look up and see which is correct and please let me know.

On February 28th he (Indian Agent) said that as far as he could see that the caretaker was the whole trouble and would try as Mother

suggested, we would do the undertaking (as we did last spring) and just hire a man to put on the wood and take out the ashes once a week. I went down to the furnace room once a week to fire the furnace. He said he would quit, "Good by" I said Good riddance But he was back bright & early the next morning and has been ever since

I went up to see Mr. Logan Saturday with two witnesses and he denied saying the other but he said at afore Mother and I. After the witnesses went out he said that he had no use for the Chief, only he was Chief. I told him that they said that I was in the wrong company. I was in the company of the children and the young people which has started Indian Agent, Chief Magee, Rev. Thomas, Councillor D. E. King and Councillor E. Talbot going against me. I told the Indian Agent that they were doing dirty, mean work on the Island and he wouldn't deny it.

and [illegible] trying to get rid of me for fear I show their up to you and the rest of the Indians

They are trying to stop the children from coming to school by charging non-members. There are far more non-members children than members. Out of 29 on the roll at the present time there are 7 members. When I took 48 on the roll on the 1st. there were 17 members which you see is very small compared to the non-members. I can safely say that the non-members take more interest in the school than the majority of the members.

The chief himself has a girl on his house working for him instead of coming to school. Councillor C. Tanahpinpiday has 2 running the roads instead of coming to school.

I feel I am doing my duty in helping the children and the young people who have hitherto been kicked aside, and starving up for the right.

Excuse me if I repeat this. Things which have been said to me by the young people and which I was told. You have been an improvement to Barrys but it needs you still more. Within the last month after Mr. Logan had been out and the children went home wild because they thought I was leaving, three men came up that night to see about it. When talking about it one boy said "If you leave I won't come around here much, You are the only teacher who has

take any interest in us. I rather was I don't blame the children will know you".

After seeing the way the things are going on Perry Island, it is no wonder we are at war at the present time. I think unless we look after things in Canada more, it will be brought home a great deal more than it is at the present time about the war.

I have just heard that they are going to hold a closed council to get rid of me. They are afraid to have it open as the larger majority is for me and especially the children and young people. I would like to know what they are saying to prove against me. If there is anything against my character, the boys here know what I am like and would like to know what they have against me.

When your representative comes down don't go to Mr. Logan first and get so filled up that he cannot see anything good in us only the bad ones, so we cannot talk to him as our inspector was on March 12th.

I do not blame you for what has happened previously, as you acted by the Indian Agent thinking he was a man of principle. But now that you have found out that he is not, I hope and expect you will do something for the

poor Indians on Parry Island who have been suffering from the Tyranny of those leading men but afraid to say anything on account of the consequences. Speaking from experience the children and young people are the makings of good men and women for their country if they get a chance and their better nature appealed to continually.

They are complaining about the school being small. I never went below 5 and my average is 12 or 13. You know as well as I that we have had the severest winter this year that we have had for years, then there has been a great deal of sickness. The leaders of the band have no children, and don't take any interest in keeping the roads open in winter so the children can come to school, that is another reason why the school has been so small as it was. Then some did not have enough warm clothes.

I do hope you will take action soon, as I consider myself a true friend to the Indians on Parry Island and would like to see them get some encouragement

Sir

Having recently made a special interview with the Dep't concerning the betterment and advancement of the Parry Island Indians. I beg to state that the authorities mentioned in the report presented you by me are I believe and have good reasons to say that they are trying to remove the teacher, through advice of Mr Logan our worthy and unpopular agent.

With authority I utter those words. "The teacher is a great "improvement" to the Parry Island Band of Indians. Young and active and loved deply by her scholars. Logan, chief & councillors are a nuisance to us. (meaning party I still represent before you) and for the, would be, so called, indian advancement. The trouble is all through the neglect of the caretaker truant and constable (a case of "three in one") ignorant as to his duties of either one or the other. He in his positions as constable, he deems himself as the makes of laws.

We would suggest that Mr Constable be given a back seat and have nothing to do with the Parry Island Bands of Indians in any form or position he is a non-treaty and besides that he is practically no good. He doesn't care whether children go to

school or not same as the chief and commilors, because they have none to attend same. So they don't care. This will show in my report and interview with you I mentioned something about this matter.

I would corrobrate the ~~story~~ report of the teacher.

Another suggestion I have in mind is that if you send a man down here, not to pay too much attention to the afore mentioned authorities or else stories of not much ~~value~~ truth will be told.

The majority of the people residents of the Carry I Island Reserve, whose children attend school wish the present teacher to be retained. If any action or resolution is passed by the said Bands council if the said council is not defeated.

MEMORANDUM

Hon.Mr. Meighen -

I am returning herewith the letter addressed by Miss Viola E. Watson to the Right Hon. The Prime Minister, together with a copy of a memorandum prepared by Mr. Benson in charge of the Schools Branch. My own opinion is that Miss Watson is not adapted for Indian school-work, and I think it would be in the interest of all concerned if she would resign.

IMMIGRATION.

Mr. Scott,-

With reference to the letter addressed to the Prime Minister by Miss Watson, teacher of the Ryerson School on Parry Island, I beg to say that Miss Watson, who took charge of this school on September 11th, last, is the holder of a limited Third Class Certificate for Ontario and has had two years experience in teaching. She is twenty-one years old and is allowed a salary at the rate of $550.00 per annum, with a teacher's residence provided.

Mr. J. L. Moore, Public School Inspector, who visited the school on the 30th of November, last, reported that "Miss Watson has been very successful for the short time she has been in this school and deserves great credit for the way in which she has induced the children to attend school."

Apparently she made a good start, as the Agent also reported that when he visited the school on the 11th of October he found everything very satisfactory and a good attendance, and he recommended that more seats be purchased.

On the 12th of December she applied for an increase of salary, but she was informed that the Department regretted that it was unable to comply with her request, as, owing to the war, the funds at its disposal were limited.

On the 5th of February Miss Watson wrote the Department complaining that the caretaker was neglecting his duties and expressing her views pretty freely about affairs on Parry Island. She accused the caretaker of stealing things out of the school and said that, if the Department was willing to put up with this state of affairs, she was not and she would have to leave and get another school.

She also brought up the matter of the use of the telephone and complained that she had been asked to pay ten cents for the use of it. A copy of her letter was sent to the Agent, who was asked for a report.

She wrote again on February 13th, renewing her complaints against the caretaker and also found fault with the Agent, Chief and Missionary. In this letter she says that, "I cannot tell you in plain enough language what he (the caretaker) is like. You certainly would not like to hear them from a girl, the words that it takes to say what he is like. The Indian Agent has the gaul to tell me to put up with a man like this but I have had hell on earth long enough caused by him. You will certainly agree with me that this is not a fit place for a girl with people like this at the head. As I have said

said before and which I will stick to, that if something is not done soon they will have to get a new teacher for the Ryerson Indian School, Parry Island".

On the 11th of March, the Agent, in reply to the Department's request for a report on Miss Watson's complaints, wrote saying that he was very much disappointed in Miss Watson, as he was under the impression that she was going to make a good teacher and that she would get along well with the Indians, especially as she had her mother keeping house for her. He stated that no meetings were held in the school-house of any kind and as for the use of the telephone, there is no charge for her or any members of the band for local calls. In reference to her complaints regarding the cleaning of the school he states that he interviewd the caretaker and the missionary and they say that on the Saturday complained of it was Nomination Day, they also had a funeral that day and, as it was very cold, they decided to leave the scrubbing of the school until the Monday afternoon. When Miss Watson decided not to open school on Monday morning they scrubbed it out in the morning, and the caretaker had his wife and another Indian woman to help and they cleaned all they thought was right for them to clean. The caretaker denied stealing

stealing anything from the school. The Agent states that the caretaker is a respectable Indian, about sixty-five years of age and he and his wife are both above the average Parry Island Indian. He receives $20.00 a year for looking after the school. He looks after the furnace, sweeps out the school and scrubs it out two or three times a year. He says he paid the woman who helped his wife to scrub $2.00 and yet this teacher has so much to say about him. She would not allow him to heat the water for scrubbing in her kitchen and so he had to make a fire outside. The Agent says that she is getting in wrong with the Indians, first accusing the missionary of pocketing receipts from the telephone and now accusing the caretaker of stealing out of the school.

The Agent states that he has done all he can to make it pleasant for her, but she has no control or discipline over the xchildren and they are doing pretty much as they like around the school, breaking windows, etc.

The teacher does not wish the caretaker around the school at all and she is asking for the keys of the basement and the Agent says that he cannot see any chance of fixing things up with her and that she is making trouble among the Indians and istaking sides with a certain troublesome faction.

She asked for a copy of the Agent's report, which was not sent her.

The Agent enclosed a letter from the Chief, in which he states that he is sorry to learn that the teacher has refused to allow the caretaker to do his work. The Chief says the caretaker is a good man and does more work than he should do. He also says that the teacher is making trouble and that he thinks the best thing to do is to discharge her.

Judging from the many long letters which Miss Watson has written the Department it is doubtful whether she will ever make a success of this school, as she does not appear to be willing to adapt herself to her surroundings. Her letters are badly expressed and indiscreet in terms. It would be to the advantage of all concerned if she would act on the suggestion conveyed to her in the Department's letter of the 19th ultimo, which was to send in her resignation if she was not satisfied with the conditions at the Ryerson School.

REPORT OF INSPECTOR MOORE ON THE RYERSON DAY SCHOOL.

Miss Watson hasn't been as successful as I had anticipated when I visited the school, last term. She evidently hasn't thrown sufficient energy into her work.

The general management of this school isn't quite as satisfactory as it was last term. I also regret to find such a falling off in the attendance. The teacher seems to think that the attendance during the coming term will again reach the high standard of last term. However, unless there is a decided improvement in these respects before the end of June, I should recommend a change of teacher after vacation.

Dear Sir -

I have been thinking for sometime about asking you to give me a little piece of ground for the Ryerson school. Now that we are asked to produce more I know that if we could help in this.

I asked the children this morning if they would like to work a piece of ground of their own and they are all quite willing. So if you will do your part in trying to get us more ground as near the school as possible I will try to keep the children aroused to do their best in working it I would like to see them grow prizes at the fall fair on Parry Island.

I am willing to do my part if you will co-operate with us.

If you will do this I would like the seeds as soon as possible and please send them to my address as I cannot get across to Parry Sound very well at

the present time, so you will oblige me very much
My plans were for the 2nd class to work at beets, carrots, onions and a couple of rows of tomatoes, potatoes or cabbage There are 9 or 10 for that class.
For the 1st class. less of the small vegetables and more of the larger ones. There will be 10 or more in that class.
Then for the primary class There might be 5 or so That could handle potatoes and tomatoes and beans
If you would also either get Window boxes made or give me permission to try at the stores to get such boxes so we could have one for each window that all the children will help to make these look pretty. There are 8 windows in the school and 5 in the house. Of course I do not mean to get all these this year but 12 anyway.
It is up to you now whether the pupils of this school and myself join "4 C. S." If you will co operate with me, I can get the children to not be afraid of that. I may also say that you will have to include me in each one of the above classes as they will take more interest in it
I hope you will join with us and let us know as soon as possible as some of the seeds could be put in any time

Dear Sir,

A special meeting of Council was held on the above date that we express our earnest desire that the present teacher Miss V.E.Watson her services be discontinued from the Ryerson School on Parry Island reserve our feelings have been very much hurt indeed by accusing all the Officials officials that are connected with the Indian Department,that is the Indian Superintendent,the Chief of the Band,Constable and caretaker of the school and the residing missionary are the ones she is accusing,there is no sufficient or no reason at all,if she was looking after her own affairs she would not find fault with the officers who are doing their best to please her and make a success of her school.Instead of that she is more associating of these who are raising friction in the community. She is very careless in our school room,the children breaking things quite often slates and other things;she is bound to have her own way without regarding the officials advice.She is more entertainer than a teacher,we want a teacher that can teach.Just to prove what she is and said about her intentions,on Sunday afternoon in thepresence of the Sunday school scholars the remark said by her that the school opens on Monday April 5th.,she was telling the children to come to school then,she went on speaking and said "You may have heard that I am going to quit,teaching by giving in my resignation,but I am not going to quit,the Chief and constable have to leave first before I do" and then again was heard by making a remark it was the time she met the ex-councillor Philip Menomenee,"that the Chief and the constable have them arrested before I go". To the SUPERINTENDENT OF INDIAN AFFAIRS,

O t t a w a.

We, the undersigned, resident on Parry Island Reserve,

HUMBLY PETITION as follows:-

1. That Miss Viola V. Watson, who has been teaching the Indian School on Parry Island since last September is, we understand, to leave at the end of the current term;

2. That she has been one of the best teachers, if not the best teacher, we ever had on the Island and we are very anxious that she should stay with us;

3. That we feel she is the first teacher we ever had who has taken any real interest in us and our children and in trying to help us in every way possible;

4. That we believe if she is urged to stay she will be willing to do so for our sakes.

5. We therefore humbly pray that you communicate with Miss Watson, setting out our desires that she remain with us, and asking her to retain the position she now holds.

And your Petitioners as in duty bound will EVER PRAY:

DATED at Parry Island this Seventh day of May, A. D. 1918.

The Superintendent of Indian Affairs,

Ottawa, Ont.

Dear Sir,-

At the request of Mr. Andrew Walker, of Parry Island Reserve, we are enclosing herewith a petition circulated on the Reserve, asking the Department's intervention in the matter of retaining the services of Miss Watson, teacher of the Indian school at Parry Island.

When Mr. Walker returned the petition we noted that it had been apparently signed by all parties in the same handwriting, and Mr. Watson informed us that he did not understand that it was necessary to be signed by the petitioners themselves, but he assures us that he explained the petition to all those purporting to sign and they all signified their assent to the same, and authorized him to sign in their behalf.

We have had a declaration made by him and attached to the petition setting out these facts.

Mr. Conley,-

The services of Miss Viola E. Watson, teacher of the Ryerson Indian School, are being dispensed with at the end of this quarter.

You will be good enough to tell Mr. Superintendent Logan to take over the teacher's residence and he should prepare a list of the government property there and see that it is all in good order. He should then forward this list to the Department.

*Sir,—*

I beg to report to you that Miss Watson is still in possession of the school house on Parry Island. When I called on her July 20th she said her mother was sick and could not give me any time that she could move out. I am holding back one of the two cheques you sent, and told her she could get that when she got out of the house. She has not sent me the key yet although I understand she has moved some of her goods out. I would like to get your authority to advertise for a teacher for Shawanaga and Parry Island Schools and I think you will have to pay at least $600. per year, Miss McLarnon wants $650. I had an application from her but I do not think she will suit Parry Island.

Sir,-

I have to acknowledge the receipt of your letter of the 2nd instant in regard to securing teachers for the Shawanaga and Parry Island schools and stating that Miss Watson is still in possession of the school-house on Parry Island.

In reply I beg to say that the Department has decided to place Miss McLarnon, who formerly taught the Shawanaga school, in charge of the Ryerson school after the holidays and she will be paid a salary at the rate of $600.00 per annum.

You will be good enough to see that Miss Watson and her mother leave the Ryerson school-house at once. Before Miss Watson leaves you should get the key from her and see that all the government property is left in good condition.

Kindly take steps to try and secure a suitable teacher for the Shawanaga school and forward any applications you receive to the Department for consideration.

REGISTRY

I beg to enclose to you an application from Miss Adeline McIntosh of Toronto for the Ryerson School, Parry Island and may say that she is a very likely person having taught at Shawanaga some years ago. I think also at Henvy Inlet. She is about 40 years of age.

I also enclose an application from a Miss Lillian Keesig who has been working here for some time at the munition plant but is a Cape Croker Indian. She is rather a bright intelligent girl and I think would be alright for Henvy Inlet school

I was speaking to Inspector Mr.Moore about giving Mr.Partridge a chance at Shawanaga school and he thinks it might be alright to give him a trial. The Indians at Shawanaga will be pleased to have him and I think he may be alright if he will take it. That would fill up all the schools for the present and could get them all going for November 1 st. unless this Influenza epidemic gets around. All the schools etc. in town are closed but so far it has not reached the reserves. Having these teachers in view I had not yet advertized in the Toronto papers.

Trusting same may meet with your approval,

Moved by Elijah Sabahbamaing seconded by John Menomene that this Council informs the Indian Superintendent Mr. Alex. Logan, if it is not possible to secure a teacher if not one in view for the Indian Ryerson school on Parry Island from now till Christmas. The Council requests the Superintendent Mr. Logan if there is not anything in the way by the approval of the Indian Department that Joseph Partridge have temporary appointment as teacher for our school. He may have a good reason for resigning as teacher at Henvey Inlet school in view that he may be near the town have a good opportunity for any assistance he requires from the teachers in his private course of study and we believe that he must have quite a bit of experience as a school teacher. Madam,-

In reply, to your letter of the 26th, instant, I beg to say that Superintendent Logan informed the Department that, as you were unable to take charge of the Nyerson school until October 1st, you were willing to resign if the Department desired the school to be reopened on September 2nd.

As the Department was able to secure a teacher to reopen the school on the latter date, Superintendent Logan was instructed to advise you that your resignation was accepted.

Sir,-

I have to acknowledge receipt of your recent report of inspection of the Ryerson Indian Day School, in which you state that the services of the present teacher, Miss Harris, are not satisfactory, and that she has not proved capable of teaching this school.

In reply I have to request that you will be good enough to state whether you could nominate a qualified teacher for this school to take up duties about April 1st, next. The Department considers that it would be giving Miss Harris very brief notice to dismiss her at the end of the present quarter and it might not be possible to secure a successor at the present time. The Department is prepared to pay an increased salary over that allowed Miss Harris in the event of a qualified teacher being secured.

DEPT. OF INDIAN AFFAIRS

RECEIVED

Dear Mr Scott. Your kind offer of help is bringing a speedy response.

Inviciting Parry Island I found a rather bad condition. It seems that the Mission House is not in good condition and the Rev and Mrs Black went to live with a Mrs Thos C. Salt son of one of our deceased Missionaries and an old friend of theirs. Some 9 years ago Mrs Salt's wife left him and she is living with another man at Alderville. I am assured that Mr Salt has done all in his power to secure her return.

Some evil minded persons have started talk about Mrs Salt and Mrs Black which has gradually worked up to the point of a scandal. They have evidently travelled across to Parry Sound together frequently when going shopping etc but never in any clandestine way or without Mrs Black's knowledge.

I have stayed here 3 days going into this matter thoroughly. I have had them before the Indian Agent, Mr Logan, the Chairman of the District, Rev Dr Smith,

the Police Magistrate Mr. Moore and [redacted] Quarterly Official Board. I cannot find any foundation for the scandal excepting in gossip and I believe I am correct in saying that nothing wrong has been done.

However I think some change is necessary so that the tongue of the slanderer may be effectually stopped for it has started towards concerning Miss Harris who is living alone in the residence attached to the School. As the Mission House must have extensive repairs I have suggested that Miss Harris take Mr. & Mrs. Black into the School Residence for the time being. She is delighted with the idea as it will make life bearable for her. Mr. Logan has given me his consent that I present the matter to you. Mr. & Mrs. Black are quite willing to go. Mrs. Black and Miss Harris are close friends anyway.

I heartily recommend this course and I hope that you will see your way clear to give your authority to have the arrangement made.

Kindest regards. If you write me send letter to Calgary. I think it might be well to write Miss Harris Parry Sound direct.

Yours faithfully

Dear Mr.Barner,-

In reply to your letter of the 6th instant, I may say that I do not see any objection to having Mr. and Mrs. Black live with Miss Harris at the school residence.

I would rather that you should write to Miss Harris on this subject, as I do not wish to become involved in any correspondence that might arise with regard to the little local misunderstandings to which you refer in your letter, and which I do not regard as of very much consequence in view of your explanations and comments with respect thereto.

Madam,-

I beg to inform you that the report of the Public School Inspector who recently visited the Ryerson Indian Day School has been received by the Department. The report states that your services are not satisfactory and that you seem to take very little interest in the work. The Inspector attributes your lack of interest in the work as one of the causes for the poor attendance. Your academic qualifications are too limited to successfully teach the school.

In view of the above, I have, therefore, to inform you that your services will not be required after the end of the present school year, June 30th, next. You should prepare a return on the forms for that purpose, showing the attendance, days taught, etc., and forward it to Mr. Superintendent Logan for transmission to the Department, in order that the amount of salary due can be paid you. Mr. Logan is being informed that your services are being dispensed with.

Sir, -

I beg to report to you that Parry Island School is closed. Miss Harris has been very careless lately and did not appear at school from May 28th. until June 7th., some of the children going each day but no teacher.

I phoned Mr. Moore, the Inspector who suggested closing the school. I told the caretaker to tell Miss Harris to call and see me, before opening the school again but she has never called. She went home, some sixteen miles from here but sent her report about June 12th. I do not think she is entitled to salary for the month of June.

Sir,-

I have to acknowledge the receipt of your letter of the 15th instant, together with the return of attendance, days taught, etc., of Miss Harris, teacher of the Ryerson School, covering the period which she taught during the current quarter.

In reply I beg to say that it is noted that Miss Harris did not teach after the 7th instant.

Miss Harris began duties on September 8th, 1919, and is allowed payment for a total of 173 days, as follows,- September quarter 17 days, December quarter 57 days, March quarter 64 days and June quarter 35 days. She receives a salary at the rate of $600.00 per annum and is,therefore, entitled to be paid 173/200 of that amount, or a total of $519.00. She has already received $351.00 and the sum of $168.00 is now due her to complete her salary for the period she taught. A cheque for this amount is being sent.

I beg to refer you to official letter of the 27th of May, last, in which you were informed that the services of Miss Harris would not be further required and requested to endeavour to secure the services of a qualified teacher to begin duties after the summer holidays. I have, therefore, to request that you will be good enough to endeavour to secure a qualified teacher for this school and the name, age and qualifications of any applicants should be submitted for the consideration of the Department. Sir,-

I have to acknowledge the receipt of your letter of the 17th instant enclosing the resignation of Mrs. L. Wilson as teacher of the Shawanaga Indian Day School, to take effect on the 30th instant.

In reply I beg to say that her resignation as teacher of this school is accepted. The Department is sorry to lose her services and approves of the suggestion made by you that she be offered the position as teacher in the Ryerson School, Parry Island. If she accepts the Department will allow her the same salary as was paid her at Shawanaga, namely,- $700.00 per annum, and the bonus during the present fiscal year at the rate of $150.00 per annum. You will be good enough to consult Mrs. Wilson and ascertain from her whether she would be prepared to accept the Ryerson School and inform the Department as to her decision.

It will be necessary to obtain a teacher for the Shawanaga School, to begin duties after the summer holidays, and you should make inquiry with a view to obtaining the services of a teacher. The name, age, qualifications and experience of any applicants received by you should be submitted to the Department for consideration. For a qualified teacher for the Shawanaga School the Department would be prepared to pay the same salary as was allowed Mrs. Wilson.

Mr. Scott,-

Mrs. Nellie L. Wilson, who was appointed teacher of the Shawanaga Indian Day School, at a salary of $700.00 per annum and bonus, beginning duty on the 16th of February, last, has sent in her resignation to take effect on the 30th instant. Her reason for resigning is that the place is too lonely.

A teacher will be required after the summer holidays at Ryerson, Parry Island, and Mr. Superintendent Logan suggests that Mrs. Wilson be transferred there and, if so, he requests to be informed as to what salary the Department would be prepared to pay her. At the present time she is in receipt of $700.00, which is entirely paid from band funds. The teacher at the Ryerson School only receives $600.00, $300.00 of which is paid from band funds and $300.00 from vote.

I would beg to recommend that Mrs. Wilson be offered the position at the Ryerson School at the same salary as is paid her at Shawanaga and that the extra amount required be provided from the school vote. She has a limited third class certificate, is a widow with two children, and the Inspector states that the pupils have made splendid progress since she took charge. He also states that he found a decided improvement in the general management of the school (Shawanaga) and that he considers Mrs. Wilson a very capable teacher, the attendance having increased considerably since his visit last fall. I think we should endeavour to retain Mrs. Wilson's services and that she be offered the Ryerson School at $700.00 and the bonus.

Dear Mr. Logan:—

I received your wire at Midland on Mon. evening, and was very glad to know that my application was accepted, also that my luggage is in the school. I will send you a cheque for the charges.

I beg to acknowledge cheque for $199.50 on my salary for last term. The Dept. has made a serious mistake, unless they intend forwarding the H. C. L. Commission. They are owed $50 short on my salary. I figure it at $55 per month for the 10 teaching months, which allows me my share of the money for holidays. This is the way I have always been paid in other schools and that brings my salary to $255 for the quarter. I won't accept any other settlement from them so you may forward this letter to the Dept. It is bad enough to teach in an Indian School, without being cut short on pay-day.

Sir,-

I have to acknowledge the receipt of your letter of the 8th instant in further reference to the appointment of Mrs. Nellie L. Wilson as teacher of the Ryerson Indian Day School and enclosing a communication from her regarding the salary she received for her services during the period which she taught the Shawanaga Indian Day School.

With reference to her salary I beg to say that she began duties at this school on March 1st, 1920 at a salary at the rate of $700.00 per annum. Teachers are required to teach two hundred days in each year, in order to draw their full salary. The return received from her for the March quarter showed that she taught twenty-two days during the month of March, for which she was paid 22/200 of her salary of $700.00, or $77.00. The return for the June quarter shows that she taught fifty-four days during that quarter and she was allowed three holidays - one dayon account of having dental work done and two days on account of illness, a total of fifty-seven days, for which she was paid 57/200 of her salary of $700.00, or $199.50. She was paid the bonus for one month in the March quarter, $12.50, and for three months in the June quarter, $37.50. The bonus is payable to teachers of Indian day schools at the rate of $150.00 per annum. You will, therefore, see that Mrs. Wilson has been paid in full for the service which she rendered at the Shawanaga Day School and that there is no further balance of salary due. In making payment annual holidays are not taken into account, and, as stated above, the payment of salary is based on the number of days the school is open. A copy of the Indian Day School Regulations is enclosed herewith and from it you will see the method adopted in computing salaries for broken periods.

You will be good enough to explain this matter to Mrs. Wilson. She has received salary and bonus of $326.50 for the 79 days she taught this school.

It is hoped that she will accept the position as teacher of the Ryerson School, to begin duties after the summer holidays.

Sir,-

I have to acknowledge the receipt of your letter of the 4th instant reporting an outbreak of measles among the pupils at the Ryerson Indian Day School, Parry Island, and informing the Department that, on the recommendation of the doctor, you have closed the school.

In reply I beg to say that your action in this matter is approved.

Steps should be taken by the doctor and yourself to prevent as far as possible the spread of this disease and proper medical attention should be given to the children effected. It is hoped that the outbreak of measles will not spread and that those at present effected will soon recover and that the school will be re-opened at an early date. Kindly inform the Department later as to the date of the closing and also of the re-opening of this school.

Sir,—

I beg to enclose to you resignation of Mrs.Wilson,Ryerson School,to take effect on Jan.31st.1921 I could not persuade her to stay any longer as she is being married. Her friend arrived here from B.C. at Christmas and is taking her back with him so I think her excuse is reasonable. I have not a teacher as yet to take her place.

I expect to have the school and teachers house disinfected this week and have school reopened on the 17th. if no other cases develope.

Sir,-

I have to acknowledge the receipt of your letter of the 12th instant enclosing the resignation of Mrs. Nellie Wilson as teacher of the Ryerson Indian Day School, to take effect on the 31st instant.

In reply I beg to say that her resignation is accepted. She should prepare a return showing the days taught, attendance, etc., for the period she teaches during the present month and you should then forward the same to the Department, in order that any payment of salary due her can be made.

It is hoped that you will soon be able to nominate a teacher to succeed her and in this regard you should be guided by the instructions contained in official letter of the 4th instant. The name, qualifications and experience of any applicants should be forwarded for the consideration of the Department

I have to acknowledge the receipt of your letter of the 4th instant, in which you request to be transferred from the position as teacher of the No. 1 School on the Walpole Island Reserve to a similar position at the Ryerson Indian School on Parry Island.

In reply I beg to say that the local Agent at Parry Sound is advertising in "The Globe" and "The Mail and Empire" for a teacher for the Ryerson School. We have pass resolution in our regular council which we are sending written to you Department direct from our council to consider the matter of our request. This is

We the undersigned members of this Parry Island Band, do hereby respectfully request you to take Joseph Partridge (member of the said Band) former Teacher of Henvey Inlet and Shawanaga Indian Reserve schools for the past ten or more years, to take our school here for this year, the following reasons Viz. That an Indian teacher has more advantage than a white teacher, on the Indian children, when he understands and could talk their language, especially on the younger children: And we ourselves having been under an Indian teacher, when we were at school, know how necessary that an Indian child should be under an Indian teacher and also has more chance to learn under him.

We do humbly request you to take this matter unto your careful consideration

Dear Sir,-

Seeing your advertisement in the Globe, I decided to apply, as I have been looking forward to an opportunity of this kind.

I have a second class, permanent, certificate which has been especially endorsed for fifth form work, and an academic first, with the exception of one subject. Besides, I have certificates for: physical culture, cadet instructor, musketry instructor, and others.

At present I am the principal of a four-roomed school for my fourth year and teach the entrance and two classes in continuation work but in my ten years' experience I had much experience in every grade of the public school although I never taught an Indian school I had three years' experience in rural schools where all

the pupils were of non-English descent.

For personal information concerning myself I briefly state the following: I am twenty-nine years of age, above average size, married and have one child, am in good physical condition, a member of the Methodist Church, a Sunday School teacher, and a member of the choir. At the last convention, I was elected president of the West Huron Teachers' Institute.

In accepting a school of this kind, I would be doing it with a considerable financial sacrifice and in other respects, too, but it is the experience I want. However, a living wage is necessary. Is the bonus optional on the part of the trustees? Why not make it part of the salary? I could commence duties Mar. 1st.

If you see fit to accept my application, please give me more details concerning the furnishing of the house, and anything else that may be of interest.

I am,

Respectfully yours,

Sir,-

I have to acknowledge the receipt of the petition of the 2nd instant signed by yourself and other members of the band requesting that Joseph Partridge be appointed as teacher of the Ryerson School, Parry Island.

In reply I beg to say that the Department has recently advertised for a teacher for this school and has received a number of applications, from which we are selecting a suitable, qualified teacher. It will, therefore, not be possible to accede to your wishes.

Your obedient servant,

J. D. McLean

Sir,-

I have to acknowledge the receipt of your letter of the 7th instant enclosing the applications which you received in answer to the advertisement inserted by you in the Mail and Globe last week for a teacher for the Ryerson School, Parry Island.

After considering these applications it has been decided to appoint Miss Stella Huffman, Ridgeway, Ont., to begin duties as soon as possible. You should communicate with Miss Huffman and inform her of her appointment and arrange with her to arrive and take up duties at as early a date as possible. Her salary will be at the rate of $600.00 per annum, together with bonus during the period which it is continued to teachers in Indian day schools. I shall be pleased if you will give Miss Huffman every assistance you can. You should inform the Department later as to the date on which she begins duties.

If she will not accept this poisition the Department will approve, as a second choice, of the appointment of Mrs. W. R. Howse, 172 Lambton Ave., Mount Dennis, Ont. In the event of Miss Huffman not accepting, you can communicate with Mrs. Howse.

Cecilia Ann taught the Kenboro Public school during the year now closing, and brought it up from a very low condition to a state of great efficiency. His pupils that went to the Entrance were exceptionally well prepared, and not only did they excel in their studies but in general deportment they were also much improved. I have therefore no hesitancy in stating that no Public school Board can make a mistake that honors him with its confidence.

Mr. Alexander Logan, Indian Supt.
Parry Sound. Ont.

Dear Sir

For nearly two years, I have been teaching the Moravian town Indian school on the Moravian Reservation, Kent. Co. Ontario on a salary of $700. per annum, with a bonus of $150, and a furnished dwelling house, and as teachers salaries have recently risen considerably I feel now like making a change, although I have had excellent success, and have learned to esteem the Indian children very highly. My experience here has taught me just how to handle Indian pupils and if I have the pleasure of teaching other Indian schools I am confident I will meet with success equally as good as I had in the White schools, the work here is exceedingly heavy, as the attendance is very large We have an Indian Agent here and a Moravian town Council, composed of the Chief, and 6 other members all of whom take great interest in the matters relating to the school. I trusting the enclosed application will be accepted

I have been teaching for six years in the Ontario Public & Separate schools, and the last references you might wish can be given to you by Mr. D. L. Gratton, Inspector, 77 McCaul St. Toronto. My third-class English-French certificate became invalid on June 1919, but has been renewed for 1919-20 and Inspector Gratton told me it would be again renewed this year, if I would teach again as so many teachers are wanted.

If you kindly accept me, please reply by a telegram to and oblige, as I intend leaving for a month in North Bay, on February 11th.

In writing you a note, I will take this chance for your refusal. I would be glad if you would

Dear Sir;

You have a notice in the Mail & Empire, requiring a teacher for Parry Sound Island Indian School.

I am a Protestant Lady with eight years teaching experience. I have taught in both Counties and Town schools. And can give you references if desired. My age is thirty-six, I play the piano and I am five feet three inches tall.

I have a First Class non-professional certificate, and passed my Model Examination in Windsor Essex Co. with Honours.

Kindly give me the following particulars about your school.

i. How many pupils are on the roll? What is the average attendance?

ii. Do you supply the fuel for household purposes? Do you pay for the telephone?

iii. Is there an organ or piano?

iv. What constitutes a school year in this school? Does the school end in June and commence in Sept.?

v Is the school on an island? How does a person get from the School to Parrysound?

I should wish my husband to come with me, could he obtain employment at his trade as a carpenter? Or what work might be obtained? Kindly write to me - write me a letter. Do not phone.

Dear Sir:-

At the present time I am in charge of a three-roomed school in this city of Fort William. Inspector Hamilton in his report says I am doing good work here. My one reason for wishing to leave is that my home and friends are in Southern Ontario and I would like to be nearer Toronto. I have a wife and one child. I am a graduate of Toronto Normal School and hold a second class certificate; also a physical training certificate. I was with the C. E. F. in France and on the Rhine. I served three years over there. I am a Presbyterian and thirty three years old.

Sir, -

The Public School Inspector, in a report on his inspection of the Ryerson Indian Day School, states that Miss Huffman, the present teacher, intends giving up duties at the end of the present school year, viz: June 30th. The Inspector gives a very favourable report of her work, and it is regretted that she intends to resign. You should obtain from her a written resignation, and forward it to the Department.

You should keep in view the obtaining of the services of a suitable teacher for this school, to begin duties when it re-opens after the summer holidays. Any applications which you receive, together with full particulars regarding qualifications, etc., should be forwarded for the consideration of the Department.

I have to acknowledge the receipt of your letter of the 8th instant, informing the Department that, on account of illness, Miss Edith McLarnon, teacher of the Ryerson Indian day school, has given up duties, which have been taken over by her sister, who is qualified to teach, until the regular teacher is able to resume her duties.

In reply I beg to say that this arrangement is satisfactory.

The report for the current quarter should be signed by Miss Edith McLarnon, and cheque for salary and bonus will be made payable and sent her, and she can arrange to settle with her sister for any salary due during the time the latter teaches.

Sir:-

I have to refer again to yours of the 8th instant, concerning the change in teachers at the Ryerson Indian Day School. The Department has learned that the present incumbent of this position is probably better suited than her sister, Miss Edith McLarnon.

Will you make an effort to arrange for the present teacher to continue the work at this school until the end of this academic year and, if you believe she is giving good service, offer her the position for the coming terms as well. Her first name and qualifications should be intimated by you in your next communication to this Department concerning the school question.

Sir,—

I beg to report to you that Miss Bertha McLarnon asked last week to get away for two days to see her sister who is sick in Toronto. She said she would teach for two days during Easter holidays in lieu of same. She left on Monday night the 13th. and arrived back on Wednesday night the 15th.. While away her rooms at the school house were broken into and all her trunks as well as her sisters, ransacked, and everything worth stealing was taken.

I went over and took the constable with me, with result that he has three young half breed Indians in goal and will come up for trial tomorrow morning. One of these chaps was put in Kingston and only got out last November.

I will have to send a man to fix up the damage, one door smashed and some broken glass.

None of the men adrested, belong to the band but have been living at Parry Island for some time. The constable has located the most of the stolen goods which consisted of rings, bracelets, fountain pen, knives etc..

Province of Ont.
District of Parry Sound
Town of Parry Sound

David L King of the Parry Island Indian Reserve in the matter of the release of Bertha McLarnon from duty as School teacher at Parry Island Indian Reserve.

I. David L King of the Indian Reserve of Parry Island, Caretaker and Constable hereby declare as follows:--

I. That I am well acquainted with Bertha McLarnon.

II. That in my capacity as caretaker of the school I have reason to pass frequently close to the teachers residence.

III. That during Miss Bertha McLarnon's stay over the [illegible] and I have personally known her to have male visitors come to her house and remain [illegible] alone in her residence all night.

(a) The first one of these visitors was a married man with two children whose home is in Depot Harbour.

(b) The second man to practice this visiting was a tall Englishman from Parry Sound; a married man also.

The third of such men to visit there was a young man from Parry Sound who came on the [illegible] of Christmas week, remained all day Saturday [illegible] day of that week and who has frequently [illegible] since that time [illegible] with the teacher as I have [illegible] at the window of her room [illegible] going to bed [illegible]

[illegible] this declaration conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act.

Sir,-

I have your letter of the 22nd instant, regarding the application which you received from Mrs. P. F. Goulais for the position as teacher in an Indian day school and recommending that she be appointed to the Ryerson Indian Day School for the next school year.

In reply I beg to say that previous to her marriage Mrs. Goulais taught in an Indian school in the Sturgeon Falls Agency and upon her marriage the Department requested her resignation. It is considered that it would be inadvisable to appoint her as the Department does not desire the husband, who would be unemployed, to live on the reserve. Besides, it is considered that the services of a protestant teacher should be engaged for this school. The Department would prefer you to obtain the services of some other qualified female teacher for this school. If you are unable to obtain any applicant for the position, we may be able to select a teacher from the applications which we have on file.

I will be pleased if you will give this matter of obtaining a teacher your further attention with a view to having the appointment made in time before the school re-opens after the present summer holidays.

We note that you refer to the applicant as Mrs. P. F. Goulet, but it is thought that the name should be Goulais and not Goulet.

Enclosed please find application for position of Teacher at Ryerson Indian Day School on Parry Island.

I should state that I know Miss McFarlane very well and find her to be a most exemplary young lady. She comes of a good family, for I know her parents very well too. She is the young lady who helped to fill in at Lower French School when Miss Dale left.

I have pleasure, therefore, in recommending Miss McFarlane for the position and I believe she will give satisfaction.

Trusting that this will meet with the approval of the Dept.

I have the honour to be.

Sir:

Replying to yours of November 27th, 22-3-1, re resignation of Miss Ida McFarland, teacher at Ryerson Indian Day School, Parry Island. Enclosed please find resignation.

I have to state that I am pleased to accept this resignation. From conversation with Inspector Moore and personal observation, I have come to the conclusion that a local teacher is not suitable for this school. The reason for me coming to this conclusion is that they have the idea that they know the Indian bent of mind, and it is a case of familiarity breeding contempt. I wrote to the Department about this matter before and I have come to the conclusion that a teacher from a long distance away is the best for this school.

I am endeavouring to get Miss Fulcher, who was at Gibson Reserve. Miss Fulcher is a very fine type of teacher. I may not be able to get her but there are two other qualified teachers whom she has recommended. In case I cannot get any of these teachers, would the Department please let me know if there are any protestant teachers available around Ottawa.

This school was in first class condition when Miss Smillie resigned from the school to look after the Agent. I am sorry to say that the school has not done so well, and I believe the reason is because it is a local teacher.

I am getting into communication with Mr. Castleman, and Miss Fulcher. I will advise the Department when I am able to get a teacher. Please reply if you have any qualified

# Hub Emily's Dream Came True

## A CHRISTMAS STORY By John M. (Jay)

On the Jaques Bay away up in the north country there is a Hudson Bay Post, where the Indians come to trade their furs and get in return, food, cloth, powder and all the other things used by the Indians. At this Post there was a very little girl, whose name was Emily and she was the only white girl in the district. Her father had charge of the Hudson Bay Post and was away a great deal of the time, so Emily was left with her grandmother, and she was very lonely for little girls to play with. Her grandmother was very old and could not play with her, but she told her many stories of the Indians and the early days when she was a girl herself. Emily was very fond of her grandmother and would sit for hours at her feet and listen to the stories she told her. Her favorite story was about Santa Claus and how he lived at the North Pole and had a great many little people to help him make toys for all the children in the world. Emily had never seen a doll, as there were no white children near enough for her father to get her one, and she had often heard her grandmother tell about Santa Claus and how he always brought a doll to every little girl who believed in him. So Emily believed in Santa Claus with all her heart and soul, and every night before she went to bed she would kneel down and say her prayers and ask Santa Claus to bring her a doll. She would tell her grandmother that she was sure Santa Claus would bring her one, as she had been a very good girl and had always said her prayers. Her grandmother would tell her that Santa Claus knew best what little girls should have dolls, and that if she was a good girl Santa Claus would bring her one for sure.

At last Christmas Eve came and Emily had been very busy all day helping her grandmother get ready for Santa Claus. She was sure that Santa Claus would bring her a doll that night, and she was very excited. She had hung her stocking by the fireplace and was waiting to see Santa Claus. She was sure that he would come down the chimney, and she had been told that if she was asleep when he came he would not leave anything. So Emily was very careful to keep her eyes open, but she was very tired after her long day's work and soon fell asleep. When she awoke it was morning and the first thing she looked for was her stocking. She was sure that Santa Claus had been there, but when she looked in her stocking she found it was empty. Her heart went down into her little moccasins and she felt very sad. She could not understand why Santa Claus had not brought her a doll, as she had been a very good girl and had always said her prayers. She thought that perhaps Santa Claus had not been able to find the Hudson Bay Post, so she decided that she would write him a letter telling him where it was and asking him to please bring her a doll. She went to her grandmother and asked her how to write a letter to Santa Claus. Her grandmother told her that Santa Claus knew how lonesome Emily was for a doll, and that he would be sure to bring her one if she would only be a good girl. Santa Claus would not, however, bring her one before Christmas, as he wanted to keep it a surprise for her. So Emily got on well with her lessons and it came to Christmas Eve after a few days Emily was very busy and was talking about Santa Claus, wondering what he would bring her, and thinking that she was the happiest girl in the world. Mrs Gibson would come to her day just before Christmas and the Christmas tree. The children were practising Christmas songs and Christmas carols and Emily was very busy getting ready for Christmas and was very happy at the thought of seeing Santa Claus, who she was sure would bring her a doll. She went to bed early that night and was very excited. She had hung her stocking by the fireplace and was waiting to see Santa Claus. She was sure that he would come down the chimney, and she had been told that if she was asleep when he came he would not leave anything. So Emily was very careful to keep her eyes open, but she was very tired after her long day's work and soon fell asleep. # How Emily's Dream Came True

(CHRISTMAS STORY by John M. Gray)

On the James Bay, away up in the far north there is a Hudson Bay Post, where the Indians come to trade the furs and get in return, flour, tea, sugar and all the other things they need to live on. At this Post there was a very tiny girl, whose name was Emily and whose father and mother had died and she was left all alone with her Grandmother. This little girl was an Indian girl and her grandmother loved her and as the long winter nights, she thought how frail and small this little one was, and she pondered in her heart what would happen to her if when she grew up no one would have to go out on the trap lines and have to bear the cold. So she said away deep down in her heart "I won't let her

When the snow was melting in the summer, and little Emily was running about trying to catch the sunbeams shining in at the cabin door, her grandmother used to say, "What a sweet child. How can I part with her" because by this time she had made up her mind to send her to the Indian Residential School, away at Chapleau, on the C P R. But first of all, before she got the consent of the rest of Emily who always was very much and delighted to see her playing around. They did not want her to be run away but her grandmother spoke to them, and told them if they loved her they would not want her to grow up to be a no use to the camp when she was old enough, so that satisfied each of Emily and they started now the Missionary and made arrangements for Miss Emily, five years old, to go to the Indian Residential School at Chapleau.

When these now went away the ice went out of the rivers and the geese came honking from the south and the snow was showing on both sides of the fence around the Hudson Bay Factor's house. Emily started with the Missionary for the School at Chapleau, more than 200 miles away, in a canoe. The first day they paddled all day on the river, and Emily looked out on the River and liked to be in the canoe, sailing along, but when the party landed for the evening to camp. Emily missed her grandmother, and she cried out after a while she went to sleep in the tent. In the morning they were all up and on the river there were a lot of canoes moving, and Emily guessed her time when she saw them. Just then she was called for breakfast and in a short time away they went again on the river and so it was for six days they paddled and came to Chapleau and Emily was taken to the school.

One day Emily became for her grandmother at first but after a while she played with the other children who were older than she was, but all the time she thought about her grandmother and her uncles at Hudson Bay. It was one day when Miss Missionary came to take charge of Chapleau School, the Rev. Mr. Gibson and his wife.

Mr. Gibson was a big man, over six feet tall and he had been away up in the North West Territories. When he looked at wee Emily his heart went out to her she looked so small, and he talked to Mrs. Gibson about her and Mrs. Gibson loved her and made her the same as one of the family. So the time went on and it came around to Christmas time and everybody was glad and busy getting ready for Christmas and the Christmas tree. The children were practicing Christmas songs and everybody was talking about Santa Claus and wee Emily was wondering what it was all about. Then one day Mrs. Gibson told her about it, and the whole Children at it and Mrs. Gibson told Emily that if she was a good girl, Santa Claus would bring her a doll. Emily was delighted because Mrs. Gibson had told her that Santa Claus knew for her grandmother and to let him to bring her a doll the next day which was Christmas. Well, none of the children could hardly keep waiting to see Santa Claus but Emily lay awake for a long time, and at last fell asleep. In the morning she woke with everybody laughing and all the children clapping their hands, and being very happy. Mrs. Gibson brought Emily in her nightie, and Mr. Gibson himself came over to her and said, "Santa Claus has a doll for you Emily," and sure enough there was Santa Claus with a doll for Emily and she was very happy. She cuddled it in the arms of Mr. Gibson and [illegible]

Sir:

I wish to confirm conversation with the Superintendent of Indian Education and to state that you are appointed teacher of the Ryerson Indian Day School, near Parry Sound, at a salary of $85 per teaching month - duties to commence September first. There is a furnished teacher's residence attached to the school building, which will be quite suitable for a married man with one child. The local Indian Agent is Mr. J. M. Daly, of Parry Sound, and he will bear the same relation to you as a school board. You will look to him for advice and instruction in connection with all matters affecting your work.

I shall be glad to have a letter of acceptance, and, at a later date, you should have a further interview with Mr. Ferrier.

Sir:

I have to inform you that the Department has appointed Mr. Desmond Bolton to the position of teacher of the Ryerson Indian Day School - salary to be at the rate of $85 per teaching month. Mr. Bolton is a 28 year old Irishman, is married and has one 2 year old child. He expects to reach Parry Sound during the week prior to the opening of school on September first and, of course, will report to your office. You will please give him every possible help as he commences his new duties. Mr. Bolton has no Canadian professional qualifications, but his training at Queen's University, Belfast, and general experience have, I believe, fitted him for this post. He is very highly recommended by those who know him in Ottawa. He came to Canada in 1926 and three years ago married an Ottawa girl.

MEMO FOR FILE:

Chief Judge, of the Parry Island Band, visited the Department today and spoke of the falling off in attendance at the Ryerson Indian Day School during the month of June. He says that, when Mr. Daly was paying Interest, he threatened to fine parents who allowed their children to stay away without sufficient reason. The Chief is in favour of this and he thinks that, if an example or two were made, it would have a good effect.

He feels quite satisfied that Mr. Bolton is doing good work. He is well liked by the Band.

Sir:

I have your letter of the 22nd instant, enclosing a doctor's certificate regarding the illness of Mr. Desmond Bolton, teacher of the Ryerson Indian Day School.

In this connection it is noted that it will be necessary for him to give up duties for a short time and that arrangements have been made for his wife to carry on the work until he is able to resume duties. It is hoped that Mr. Bolton will be able to resume work at an early date. The arrangements made for carrying on the work during his absence are approved.

Dear Sir

I wish to make application for the position of teacher at the Ryerson Indian Day School, Parry Island; where I have taught for the last three years.
I have raised the standard of daily attendance and have had a pupil pass the entrance examination, which is I believe the first one to pass from this school.
I was unable to answer your letter sooner as I was away from home and did not receive my mail.

Yours truly

Desmond Bolton.

July 30, 1934,

The Secretary,
Department of Indian Affairs,
Ottawa,Ont,

Sir,

Enclosed please find application for position as teacher for the Ryerson Indian Day School, by the present school teacher, Desmond Bolton.

Would the Department please note what Mr.Bolton states re one of his pupils passing the entrance examination. This is the second time this pupil has tried. In connection with this I have to state that at the Depot Harbour School where there are nineteen Indian children attending, there were three pupils passed their entrance without trying the examination , and one of these Indian pupils had the highest marks of any pupil in the school.

I would suggest to the Department that they discuss Mr.Bolton's application to continue to teach with Mr.McGookin, Inspector of Indian Agencies. Mr.Bolton seems to have a pretty fair opinion of himself. I am sorry to state that neither the Indians nor myself have such a good opinion of him as a teacher, and the fact that three pupils have passed the entrance without trying the examination goes to show that it is possible to teach these children a lot better at the Ryerson School than is being done at the present time.

When Mr.Bolton was sent here by the late Mr.Ferrier, it was because he was out of a position and to help him tide over the depression. We found it necessary when Mr.Bolton came here to have him go to the public schools here to get in touch with the method of teaching. The Inspector of Schools in this District Mr. Moore informs me that in his opinion he will never make a teacher.

When one considers the number of qualified teachers who are looking for schools it is just too bad that we cannot get some of them to teach in the Ryerson Indian Day School.

I know that the Department states it is customary for the teachers to continue if they have been found satisfactory. This is a situation where the Department and the Agent should co-operate for the well being of the children of the Reserve.

I would appreciate the co-operation of the Department in seeing that we get a qualified teacher for the Ryerson Indian Day School, at the earliest convenience of the Department.

The Secretary,
Department of Indian Affairs,
Ottawa,Ontario,

Sir:

Replying to yours of August 7th, 22-3-1 , re Mr.Desmond Bolton, teacher of the Ryerson Indian Day School,and the question of dispensing with his services. In your letter you ask me to write to you around the first of November, I have been very busy here,but at the same time I was keeping this particular item in mind, but owing to the condition of affairs here I thought it would be all right to write at the first opportunity.

I had a conversation with the Inspector of Public Schools here re Mr.Bolton, and he is convinced that he will never make a school teacher. So far as I am concerned, he was only here one month when I knew that he would never be suitable for an Indian School in this section of the country. It takes a school teacher here on Parry Island to devote all his time to the teaching and any spare time he has,if he feels inclined,he could quite well put it in by talking to the parents about the advantages of education for the children. At the present time he is engaged in the Boy Scout Work. The sad part about it is that he is a married man with one child and rather a likeable fellow -outside of being a school teacher, and when I read him the letter from the Department he asked me if I would try and arrange for him to be kept on until the end of the June quarter.

He cannot do much more harm than he has done to the school, and owing to him being a married man with a wife and child, and owing to the almost impossibility of him getting a position at the present time I would suggest to the Department

that he be allowed to remain until the end of the June Quarter, and that he would be advised to that effect by the Department through this office and also be advised that after the end of the June Quarter his services will be no longer required. I am very sorry for Mr.Bolton, but his idea of teaching in Canada will never be a success. He was never cut out for a teacher and when the respected Mr.Ferrier wrote and told me to do the best I could for him as he was up against it, I did so th the best of my ability, but my actions were misconstrued by Mr.Bolton. I arranged with the Department and with the Inspector of Public Schools here that he would get a few days visiting the schools and trying to catch on, and I am sorry to say that when he was through with this experience he did not have very much use for the teaching in this country. Mr.Bolton is quite well pleased with himself. His endeavours with the boy scout movement were about as successful as his teaching in the school .

I trust the Department will allow him to remain until the end of the June term when he would be better able to get a position, but that he be advised by a letter from the Department to this office, that his services after the June quarter will be no longer required.

The consideration of the Department in this matter will be appreciated.

I beg to acknowledge the receipt of your T-5892 of the 20th instant, with reference to Mr. Desmond Bolton, teacher of the Ryerson Indian Day School.

The information contained in your letter has been carefully considered and it has been decided to allow Mr. Bolton to remain in charge of this school until the end of June, next.

In view of the large number of qualified teachers who are now available, it is considered that it should be possible to improve the teaching services at the Ryerson School and you should inform Mr. Bolton that it is unlikely that the Department would be able to retain his services after June 30th, next.

MEMORANDUM:

The Honourable the Superintendent General.

Mr. John M. Daly, Indian Agent, Parry Sound, requests the Department to dispense with the services of Mr. Desmond Bolton, teacher of the Ryerson Indian Day School, on the Parry Island Reserve, No. 16, Federal District of Parry Sound. Mr. Bolton was appointed to the position as from September 1, 1931, with salary at the rate of $35 a teaching month. He has no Canadian professional qualifications, but is a graduate of Queen's University, Belfast, Ireland.

Mr. Agent Daly reports that Mr. Bolton is obtaining very little success in the classroom work at this school. He states that Mr. Bolton is adverse to accepting suggestions for improved teaching methods and he feels that it would be in the best interests of this school to engage a professionally qualified teacher as from September 1, 1935, the beginning of the next school year.

The reports submitted by the Public School Inspector are very brief, but he states that in some subjects of the curriculum the work is fair.

Mr. Bolton is a married man with one child. He has assisted with the church work on the reserve and has also been interested in boy scout work.

I would recommend, in the interests of the education of the pupils in the classroom, that the services of Mr. Bolton be dispensed with at the end of the present school year and the services of a fully qualified teacher be secured for the next school year. If you concur, I will bring this matter to your attention in due time, with a view to the appointment of a teacher.

Dear Sir;

Yours of May 18th,22-3-1,received, in which you ask for a full report regarding the work of Miss Annie McArthur as teacher of the Ryerson Indian Day School.

In reply I have to state that in my opinion it is a mistake to have a person with such high qualifications teaching in an Indian Day School. I have had them before and they were not satisfactory.

I had an interview with Mr. J.L.Moore, Inspector of Public Schools in this District, and asked him how he thought Miss McArthur was getting along. He said that this was the best year she had had. I sent word to Miss McArthur that I wanted to talk to her, had a conversation with her, and apparently she is quite satisfied with herself. In yesterday's mail I received the enclosed resignation and I think it would be advisable for the Department to accept it.

I would suggest to the Department, in the event of them chosing a teacher for this school, which according to their letter they intend to do, to try to impress on the teacher for this school to look upon the teaching here from a missionery point of view. That is, the teacher should get around

and visit and get acquainted with the parents. In that way it would be better for the children , teacher, and everyone. The Indians in this section of the country are very sensitive to the"high-hatting"teachers we sometimes have here. My experience in this Agency is, that after a teacher is about three years in an Indian School in this District, they are worse than useless.

Will the Department please reply at their earliest accepting Miss McArthur's resignation so that I can let her know that her resignation is officially accepted by the Department.

MEMORANDUM

DEPUTY MINISTER.

The Department has received the resignation of Miss Annie McArthur, teacher of the Ryerson Indian Day School (Electoral District of Parry Sound; J. M. Daly, Esq., Indian Agent, Parry Sound, Ont.). Her resignation will be effective from the end of the present academic year, viz., June 30, 1937.

It will be necessary to obtain another teacher to begin duties at this school on September first. A fully qualified, Protestant teacher is required. Salary allowed is at the rate of $850 for the ten teaching months.

You will remember that Mr. Kenneth B. McPherson was employed for some time at the French Bay Indian Day School. He was recommended by Mr. F. C. Sanderson, Deputy Speaker of the House of Commons, who is still quite interested in Mr. McPherson and has written recently requesting that we place him in an Indian school. Mr. McPherson would be quite suitable for the Ryerson School.

Dear Sir:

I am in receipt of your letter of the 27th instant with reference to the permission you have granted Mr. Bernard Horne to re-open the Ryerson Indian Day School on September 6.

The Department is surprised to learn that despite the fact that Mr. Horne was advised several months ago that the Ryerson School should re-open on September 1 he arranged to try examinations on that date.

You can readily realize the criticism to which the Department is exposed if some teachers are allowed to delay the re-opening of the school to September 6 while others re-open on the date set by the Department. You should notify Mr. Horne that in future we expect him to comply strictly with the opening and closing dates of which he already has knowledge.

I acknowledge receipt of Mr. Phelan's letter of July 23 with reference to teacher for the Ryerson Indian Day School. I had already been in contact with Mr. Moore, Inspector of public schools, in the matter and he advised me that he was at his wit's end to know where he would get sufficient qualified teachers to take up all the vacancies in his inspectorate. He has promised, however, to let me know if anyone should turn up who would be suitable for our schools.

I wrote you a few days ago with regard to the Magnetawan and Lower French Schools. Mrs. Dupuis will continue in the Magnetawan school and I expect to contact the teacher of the Lower French School within the next couple of days and will advise you as to her definite decision.

Dear Sir:-

I have been keeping up inquiries for a teacher for the Ryerson Indian Day School, but up to date without any success.

It has occurred to me that in default of obtaining a teacher for this school, we might have the children on the Reserve attend the public school at Depot Harbour. There has been a considerable falling off in the population of the village, owing to the cessation of work there by the Canadian National Railways, and inquiries I have made show that the school is sufficiently staffed and could accommodate at least thirty pupils from the Reserve, which is about the average attendance at the Ryerson School. This would entail an expenditure of .10¢ a head per day which in itself would not equal the expenses of our own school. It might however be necessary to supply transportation daily, as the distance covered by some of the pupils would be almost three miles one way. I have not gone definitely into this feature as yet but believe that if the scheme meets with your approval, I might be able to make arrangements with a local man for transportation.

Your early consideration of this matter will be appreciated.

Dear Sir:

I have your letter of the 7th instant, suggesting that arrangements be made for Indian pupils of the Ryerson School to attend a neighbouring white school. The cost of their tuition, plus the cost of their transportation, would amount to a considerable sum and there is no guarantee that the Indian children would regularly attend the white school. I feel that it would be preferable to continue your efforts to secure a teacher. It has occurred to me that, as the attendance at the white school has decreased, it might be possible to make arrangements with the School Board to secure one of their teachers to carry on the Ryerson Indian Day School. You might confer with the Board and ascertain from them if they intend to keep all the teachers that they are employing at the present time.

REPORT FOR THE MONTH OF FEBRUARY, 1943.

x x

February has been marked by an epidemic of 'Flu or Grippe x all over the country and the Indians have not escaped, but as usual, have had rather more than their share. School attendance has been very poor and in some cases schools had to be closed owing to illness of both teacher and pupils. I have been glad to learn that we are to have a teacher for the Ryerson School on the Parry Island Reserve, which is now scheduled to reopen on March 4. This school has been closed since last June and a good many of the youngster have been running wild, although many who live near enough to the Village of Depot Harbour have been attending the white school there. This school suspension will perhaps help the parents th realize the benefits offered by the Department's schools and induce them to more urgently take advantage of such benefits.

REPORT ON PARRY SOUND INDIAN AGENCY FOR THE MONTH OF MARCH, 1943.

School attendance has been more than usually bad during the winter, due largely to the exceptional snow fall and cold weather. I am glad to be able to note that during the month a teacher was obtained for the Ryerson day school on the Parry Island Reserve. This school had been closed since last June and as it serves a good number of pupils, I am glad to see it in action again. There is a scheme on foot also to have the school buildings on the Lower French Reserve moved from their present site on Coutin Island over to the mainland, which, if we can manage it, should make an improvement in the school attendance at that point.

Dear Mr Devlin,-

I have received a cheque, no.J041[illegible]3, amounting to twenty - nine --------20/100 dollars which apparently is in payment of my September salary. This means that the Department have paid me only for the actual days which I taught and not for the full teaching month, which I think is customary. You will realize that this reduces the annual salary considerable, and frankly I am very disappointed at not being paid for the full month. I am sure that you will agree with my view point and am wondering if you would take the matter up with the Department in an endeavour to have this adjusted.

I have for acknowledgment your letter of the 15th instant and also a letter received by you from Mrs. Dora G. Logan, teacher at the Ryerson Indian Day School, sent forward therewith.

The records here indicate that Mrs. Logan's application for this school is dated September 13, 1943 and did not reach the Department until September 15. Under existing regulations, we regret that it is not possible to pay Mrs. Logan salary from September 1. We are of the opinion that her request is a very unusual one, particularly in view of the fact that she has only been in the public service for a few weeks. You may inform her, therefore, that the Department cannot, in view of all the circumstances, favourably consider her request.

I note the efforts that you have made to secure wood for this school. The only suggestion I can make is that you continue your efforts in this regard. I presume you have already warned the Indians of the Parry Island Band that unless they co-operate with you in securing wood the school will be indefinitely closed and the children's education will suffer. This is to advise you that I have secured the services of Mrs. Grace Jacklin, subject to your approval, as school teacher for the Ryerson Day School, Parry Island. I took Mrs. Jacklin to Parry Island this morning to reopen the school there. She is prepared to carry on her duties there until Mrs. Grace Vandenberg recovers from her illness. I do not expect that Mrs. Vandenberg will be able to take over until the new year.

Mrs. Jacklin is qualified as a teacher but as she has family responsibilities and resides in town here, she proposes to travel back and forth to Parry Island each day. This is a little difficult at present as there is no ferry now operating between Parry Island and the mainland and I have arranged for Mrs. Jacklin's transfer each day by gasoline livery which will cost us $2.00 per day. I have in mind that we have had considerable trouble in keeping this school going and as there is a potential roll of between thirty and forty pupils, I have committed myself to this extent and hope that you will approve of my action.

I have your letter of the 26th instant in which you state you have secured Mrs. Grace Jacklin as temporary teacher of the Ryerson Day School.

Present regulations do not permit our paying transportation of teachers of Indian Day Schools. Under these circumstances it will not be possible for us to consider payment of account simply stating "to cover cost of taking teacher to and from school."

However, in view of your recommendation the Department realizes the importance of keeping this school in operation and we will allow the teacher a salary for her temporary services at a rate of $6.00 a teaching day and with this amount she will be able to pay taxi charges.

When issuing the cheque in her favour we will forward it in your care at which time you can adjust the account in question.

Dear Sir,-

In confirmation of the conversation I had with you this morning, I have the honor of making an application for the position of a teacher in the Day School of Parry Island.

The particulars concerning my character, education and qualifications for this position are as follows:-

I was born in Rostov on Don, Russia, on August 30th 1901. From 1908 to 1919 I attended a private classical school (gymnasium) there and graduated with a gold medal.

In 1919 I registered in the Department of Physics and Mathematics of the Don University (Rostov on Don) but due to the Revolution was able to stay there only one semester.

From the beginning of 1920 to the end of 1921 I served in the White Army fighting the communists.

At the end of 1921 I went to Prague, Czechoslovakia and registered in the Electrical Engineering Department of the Polytechnic Institute of Prague. I stayed there until the end of 1924 and then came to the United States to continue my studies at Union College, Schenectady, New York.

Re: Ryerson Day School- Parry Island.

I have just been advised by Mrs. Vandenberg, whom I had hoped would be prepared to take over her duties on the reopening of the school after the Christmas holidays, that her doctor will not permit her to do any kind of work for an indefinite time. This leaves us with a definite vacancy at the Parry Island school.

In connection with this, I had a caller yesterday who was desirous of getting a position as a teacher in one of the Indian schools. This man whose name is A.D. Avtzine was born in Russia and naturalized as a Canadian citizen in 1936. I have checked on this statement and find it correct. I was rather surprised to find a man of his education and attainments seeking a position of this kind and questioned him about this but he assured me that his principal reason was in order to give him an opportunity of studying Indian life. He is a very personable man and speaks very good English although with a noticeable accent. One thing which might militate against his teaching in Parry Island School would be the question of religion since he is an adherent of the Greek Orthodox Church and the Parry Island school has always been considered protestant. From my personal observation I would be inclined to think that he might make a very good teacher. He has made me a written application which I am enclosing herewith and would be glad to have your reactions.

I note from your letter of the 5th instant that Mrs. Vandenberg will be unable to presume duties as teacher at the Ryerson Indian Day School for an indefinite period.

I have read the application submitted and I know the gentleman is well educated but evidently he has not had any teaching experience. Under these circumstances I feel that his application should not be accepted.

I have your letter of the 18th instant, with reference to an inquiry you received from Mrs. Grace Vandenberg.

As you are aware, Mrs. Vandenberg was appointed teacher of the Parry Sound Day School effective September 1, 1945. From the information given to us in your letter of November 6th, she was obliged to give up duties on October 14th. We paid her salary in full for the month of October, which means that we allowed her sixteen days sick leave with pay. I feel that this was a reasonable amount in view of the fact that she was only in our employ for six weeks.

Dear Sir.

Having read your advertisement for a Day School Teacher in the Globe and Mail of recent date, I beg to apply for the situation. I do this knowing that I can discharge the services required.

Prior to the war I taught school for three years in the James Bay area under the late Mr. H. A. Tyler, Indian Agent Moosonee, Ontario. I enlisted in the Canadian Army in Jan. 1940 and am now receiving treatment for arthritis which I incurred whilst Overseas. Since my discharge from the army, I have been reluctant to seek re-employment in James Bay owing to the remoteness of that district from this Province area and to the nature of its climate

I left the University of Toronto in May 1930 after spending in all five years in the Faculty of Arts and began school teaching in 1933

Re: Teacher, Parry Island Day School.

With regard to the employment of Mrs. Mary White as teacher of the Ryerson Day School, Parry Island, Mrs. White had arranged to be here on March 1. I had talked to her on the telephone last week and she assured me that she would arrive in Parry Sound on Friday. Friday afternoon I received a telegram from her that she would not be here and that a letter was following. Her letter was received this morning and a copy is enclosed herewith.

As Mrs. White was the last remaining one of the four applications originally received in answer to our advertisement in the Globe and Mail, this leaves us back where we started. Would you suggest that we run another ad for a week in the Globe and Mail?

I am advised by Miss Edna Gillmore at present teacher of the Parry Island Day School that she will be unable to continue in that position after June 30.

I had just recently bought some new furnishings for the teacher's residence on Parry Island in the hope of making the place more attractive for the teacher but Miss Gillmore has apparently not been sufficiently accustomed to living on an Indian Reserve to wish to continue in her position there. I am of the opinion that the school at Parry Island should be made a two roomed school. We have at present almost 50 children on the roll there, in all grades, and I consider that this is too much of a handicap for any teacher. Your comments on this would be appreciated.

Dear Sirs,-

From my two cheques received so far for teaching in the Peterson Indian School, deductions have been made for superannuation. I was under the impression that teachers are exempt from such deductions. Furthermore, I expect to be only a temporary employee. Kindly advised me as to whether some mistake has been made, either on my part or the part of the Department.

Yours truly,

PLEASE QUOTE FILE

Parry Sound, Ont.,
August 3, 1946.

Indian Affairs Branch, Ottawa, Ontario.

File No. 22-3-1.

With regard to the situation at the Ryerson School on Parry Island I have located a room in a house close to the school which could be used as a supplementary school room. The room I refer to is 25' x 19' with a recess 10' x 14'. It would require considerable fitting up before being used as a school room as the lighting is inadequate and we would have to put in at least two more windows. The plaster on the walls is in bad shape and I doubt if it could be patched sufficiently to be presentable and would possibly require to have the walls completely replastered. An easier job could be done by using wallboard but this is at the moment unattainable. School fittings for this extra room such as desks, etc. might be taken from the Magnetawan Day School which has been discontinued.

The owner of the room I refer to asks $10.00 per month rent, we to do the repairs.

There is sufficient accommodation in the teacher's residence attached to the Ryerson School to accommodate two single teachers.

Should you approve of this scheme, please advise me promptly and I will endeavour to have the necessary repairs made and will also be in a better position to obtain teachers.

With reference to your letter of the 3rd instant, the Department approves your suggestion regarding a second classroom for the Ryerson School, provided you can secure two teachers.

I enclose the forms which should be completed by the teachers you recommend for appointment.

As soon as you have secured the teachers you may make the necessary repairs to the building, keeping the costs as low as possible.

Salary will be allowed each of the teachers at the rate of $100.00 a month plus bonus of 24.1%.

Dear Phil

As you no doubt know I spent a holiday at Jeffreys Beach this summer and while I was there I was approached by a number of the Walk Pond Indians with a view to securing my return to that Island. Each Year that I have holidayed here since 1938 I have had enquiries from one or more of the Indians asking if I could be there to make a move. From Time to time I communicated with the Department as to the situation and requested that [illegible] be transferred to my charge. [illegible] the Department was fully aware of the circumstances that existed on the Reserve and were favourably disposed to my return. I have corresponded with the Department on [illegible] occasions and finally received word from the Indian Agent that he would be glad to see me back on the Island and that he would do all in his power to assist me in re-establishing myself there. I also received a letter from Mr. McCrecken and he confirmed this to me.

Dear George:-

I have received your letter of the 5th instant with reference to your re-employment as teacher in an Indian Day School.

It is noted you are aware of the vacancy at the Kettle Point School. However, after discussing your application with other Departmental officials, it is felt that it would not be advisable to appoint you to that school again.

We have a vacancy for a teacher at the Ryerson Indian Day School near Parry Sound, Ontario. I understand that there is also good accommodation for the teacher in the rooms provided for that purpose.

We would be prepared to consider your temporary appointment and will be willing to accept your services immediately at a salary of $131.00 a teaching month. You will note that in the preceeding sentence I mentioned the word "temporary". This is in accord with the last paragraph of your letter. If interested please let me hear from you immediately.

I wish to advise that the Ryerson Day School, Parry Island, is still lacking a teacher. I have advertised in the Toronto papers without any success and wish to know if you think that I should continue to advertise this position.

I had one or two applications from married men for this position but as none of them were very satisfactory I would not close with their offers. There is also the fact that the living accommodations at the school are limited and would be completely filled up by a married couple and as it has been our intention to make this into a two room school we would then have no accommodation for a second teacher. The ideal setup would be to have a married man whose wife would also be able to teach, otherwise we would be obliged to have two single teachers. With a nominal roll of about fifty pupils, it will be seen that two teachers are practically a necessity for this school.

With reference to your letter of the 16th instant, there does not appear to be any great advantage in advertising for a teacher for the Ryerson School.

However, if you do not hear of any teacher within the next few weeks it might be advisable to advertise again about the 20th of December.

The information contained in the second paragraph of your letter has been noted but teachers are so hard to obtain that even though only one applies, we think you should have the school started. If a qualified teacher is secured, we would be prepared to pay a larger salary than that previously mentioned in view of the heavy enrolment.

Parry Sound, Ont.,
December 16, 1946.

At a meeting of the Parry Island Band Council held on December 14 the following resolution was passed.

Moved by Peter Judge,
Seconded by Stanley Manitowaba

That in view of the critical situation with regard to the Parry Island Day School having been without a teacher for some time, this Council believes that the regulations should be relaxed to permit the appointment of a Catholic teacher if it is found impossible to secure one of the Protestant faith. The band membership as it now stands shows 82 protestants and 50 catholics.

The idea behind this resolution is that if we find it impossible, as we have found it up to date, to secure a protestant teacher for this point that the Indians of the Parry Island Band would be perfectly satisfied to have a catholic teacher rather than none at all. I believe that if it were possible to relax the regulations in this respect it might give us a wider field of choice.

Mr. S. Devlin, Indian Agent, Parry Sound, Ontario.

We have your letter of the 16th instant, in which you state that the Parry Island Band is prepared to accept a Catholic teacher.

As you are aware every possible endeavour has been made to secure a Protestant teacher but without success. We have an application from Miss E. Hail who is a qualified teacher and has six years' experience. She is a Catholic and is prepared to accept the appointment and open the school. We are, therefore, instructing her to report to you.

It should be understood that this appointment is only until the end of June next year and is only made owing to the fact that it was not possible to secure a Protestant teacher.

The Department will depend on you to have the teacher's residence in habitable condition before the teacher arrives. If necessary you should employ someone to clean the rooms . You should also make certain that there is sufficient fuel available. If any additional small items of furniture are required you may arrange for local purchase.

Mrs. Edith Rail, teacher of the Ryerson Day School requests leave of absence from June 2 to June 6 inclusive for the purpose of taking a normal school examination to qualify for teacher's certificate. Mrs. Rail has also advised me that it is her intention during the summer holidays to pay a visit to her home in Scotland and that, in case she does carry out her intention, it would not be possible for her to be back in Canada before October 1. This information is in case she should be considered for a permanent appointment in her present school.

With reference to your letter of the 17th instant, you may allow Mrs. Rail leave of absence for the period June 2nd to June 6th inclusive in order that she may take the normal school examination.

If she wishes to continue in our employment, we can probably give her a school on September 1st. A new schedule of salaries for teachers of Indian Day Schools will go into effect at that time. If her services would not be available by October 1st, it is doubtful that we would have a vacancy at that time.

Dear Sir:

In view of the fact that the school on Parry Island Reserve is to be divided into two rooms and my husband is desirous of being appointed the Senior teacher then, I am herewith submitting my application for the position of Junior teacher.

I am Protestant. 26 years of age. and, although I have no teaching certificate, I have a Bachelor of Arts degree from McMaster University in Hamilton. The course there included several classes of psychology and sociology as well as English, French, History, etc.

The preceding winter I assisted Mr. Ard in bringing a very backward school up to normal, working, of course, at home except for taking the craft period with the girls of the school. We took knitting and sewing and are now preparing for a sale of our work on the annual "achievement day".

Like Mr. Ard, I am musical and play the piano and sing. My musical experience has included training — university and church choirs, and singing in operettas given at McMaster. I am also familiar with school plays and pageants, having participated in them in school and church.

Dear Wm. Deacon,

This is my application for the position as principal of the school on Parry Sound Island Reserve should the school be divided into two rooms.

I am an experienced and qualified teacher with a first class professional standing of Ontario. I am also in possession of the Normal School Entrance Certificate, a certificate for Normal School Graduation Examinations passed and a Public School Leaving Certificate. I also have to my credit 2 years towards a B. A. degree from Toronto University. I am also an extra mural student.

I am protestant, white, female, thirty-two and married, my wife has her B. A. degree. I am of Irish parentage, was born in Scotland and came to Canada when I was nine years of age.

My present inspector is W. C. Wm. Phillips B.A., B. Paed., Richmond Hill, Ontario:

I am thoroughly experienced in conducting a rural school since I have taught all the grades from 1 to 10.

I am not green at other types of work either since I had to earn the cost of my own education and carry on my studies at the same time. To do so I worked as a sales-clerk in the Canadian Co-operative Wool Growers Ltd. and as a canvasser for the American Fur Co. and Sheet Music Co. of Canada.

In addition to the necessary normal school, senior matriculation and university subjects, I have studied music and art; in both of which I am credited with some ability. I have a good working knowledge of piano playing, and have played at many concerts over the radio, and in many of the local community halls as well. I have also references on the craft of pottery and in woodwork, both of which I have studied in mine.

Parry Sound, Ont.,

I am enclosing applications from Mr. and Mrs. Walter Ard for the position of school teacher on the Parry Island Reserve. I have already had some correspondence with Mr. Ard as a result of advertisements which we ran for school teachers in the earlier part of the year. I had explained to him that it was our intention if possible, to make the Parry Island School a two-room institution. It will be recalled that we had discussed this last year, since the school membership roll runs between forty and fifty. As explained at that time, the present school building is inadequate for this purpose but I believe it would be possible for me to obtain a large room in a nearby house which could be, at some little expense, fitted up as a schoolroom. The principal difficulty which remained was the living quarters. Those in the present school building, however, although small, could accommodate a man and his wife. I believe that this would be our best solution for Parry Island where for several years now we have experienced great difficulty in obtaining and retaining teachers.

I am definitely advised by the present teacher, Mrs. Edith Rail that it is her intention to return to Scotland after the summer holidays and that she does not now expect to come back.

The only fault which I can find with Mr. Ard's application is that his qualifications seem to be high for the position. I would be glad if you would correspond with him direct, advising him as to the probable salaries for himself and his wife, keeping me in touch with what is being done.

Mr. Samuel Devlin, Indian Agent,
Parry Sound, Ontario.

On receipt of your letter of May 13th we wrote to Mr. and Mrs. Walter Ard and forwarded them our application form so that we could have complete information regarding their qualifications.

In your letter you suggest the operation of a two room school on the Parry Island Reserve. The March quarter return of the Ryerson School shows an attendance of 34. This number would not justify two rooms. We expect an average of 50 to 55 if two class rooms are operated. Can you guarantee that we would have the attendance mentioned if a two room school were established.

In replying you might also let me have an estimate of the cost of renting and fitting up the room in a house which you consider we could secure as school quarters for the academic year 1947-48.

We note from your letter that Mrs. Rail will definitely give up duties at the end of the current month.

This will acknowledge receipt of your letter of June 2 with reference to the Ryerson Bay School on Parry Island. We have had at this school a nominal roll of about 50 pupils. Owing to the rather sporadic operation of the school of late years a number of these pupils have been attending the white school at Depot Harbour. I believe, however, that we should be able to take care of these pupils ourselves with a two-room school.

The room which I propose to use as a second school room in a house close to the present school building could be fitted up as a school room at a cost of $200 to $250. and the owner of the house asks a rental of $10.00 per month.

I might say that Mr. and Mrs. Walter Ard visited here over the week end and I took them to Parry Island to inspect the school there and look over the situation. They were to advise me later as to whether or not they would be prepared to consider taking the position there but I have not since heard anything more from them.

Inspector of Schools Cassie makes the following comments in his report on the above school:

"Re Building - Some minor repairs and interior decorating are desirable.

"Attendance - Has been fairly regular. Several have taken work for the summer hence many away today.

"Deportment - Satisfactory at time of inspection.

"Teaching - Individual items are well enough taught but general procedure leaves much to be desired. This teacher does not plan, and arrange, sufficient seatwork. When she is teaching one grade all others are listening or are idle. Progress must necessarily be retarded under this procedure. Many classes would soon become unmanageable unless kept busier than are these pupils.

"Pupils' Work - Progress would appear to be spotty. Some are doing fairly well, while others are more or less lost. Oral answers are fairly well given. Written work is rather poor; a higher standard might be required. Vocal music has been well taught; the children sing heartily and in tune.

" It appears to me as though this teacher tries very hard - it might be an improvement if she so arranged her programme that she were doing less and the children more.

"Suggestions 1. Minor repairs and interior decorating.

4. Purchase of hand-work materials and material and equipment necessary to duplicate seat work exercises in the various subjects."

Would you please discuss the Inspector's comments with Mrs. Rail and point out the necessity of conducting her school on a proper time table and of providing adequate seat-work for the children who are not actually being taught by the teacher while another lesson is in progress.

Mr. Samuel Devlin, Indian Agent,
Parry Sound, Ontario.

Eastern Indian Day School

Inspector of Schools Cassie makes the following comments in his report on the above school:

"Re Building - Some minor repairs and interior decorating are desirable.

"Attendance - Has been fairly regular. Several have taken work for the summer hence many away today.

"Department - Satisfactory at time of inspection.

"Teaching - Individual items are well enough taught but general procedure leaves much to be desired. This teacher does not plan, and arrange, sufficient seatork. When she is teaching one grade all others are listening or are idle. Progress must necessarily be retarded under this procedure. Many classes would soon become unmanageable unless kept busier than are these pupils.

"Pupils' Work - Progress would appear to be spotty. Some are doing fairly well, while others are more or less lost. Oral answers are fairly well given. Written work is rather poor; a higher standard might be required. Vocal music has been well taught; the children sing heartily and in tune.

" It appears to me as though this teacher tries very hard - it might be an improvement if she so arranged her programme that she were doing less and the children more.

"Suggestions 1. Minor repairs and interior decorating.

2. Purchase of more reading material within the comprehension level of these pupils.

3. Purchase of an adequate supply of seat work material such as work books in mathematics and in language.

4. Purchase of hand-work materials and material and equipment necessary to duplicate seat work exercises in the various subjects."

Would you please discuss the Inspector's comments with Mrs. Rail and point out the necessity of conducting her school on a proper time table and of providing adequate seat-work for the children who are not actually being taught by the teacher while another lesson is in progress.

Would you have Mrs. Rail requisition for a Hectograph for the duplication of seat-work exercises.

I am in receipt of an application which is enclosed herewith from Basil Shaver of Victoria Harbour, Ontario, for a position as Indian day school teacher. This man has made application several times in the last year. I am a little doubtful as to his abilities and also whether he would make a successful Indian teacher but if you will please send me forms for the grading of teachers I will have him complete one which will give us a better idea of his qualifications. I would like to have a few of these forms on hand so that I may use them in other cases where necessary.

Re: Ryerson Indian Day School.

I am enclosing an application for school teacher submitted by Mr. P. M. Manchester of Stouffville. I have advised Mr. Manchester that his application has been sent forward to you for consideration. I do not think, however, that he would make a successful school teacher for a large ungraded school since he has had no teaching experience. I cannot understand in any event why, if he is successfully employed as a forester, he should wish to take up school teaching.

Dear Mr. Manchester:

I have received your letter of application sent in to Mr. S. Devlin, Indian Agent at Parry Sound.

We are making every endeavour to get properly certificated teachers for our Indian day schools. Therefore our salary schedule for these positions is as follows:

(a) Non-certificated teachers - $1,000 to $1,120.

(b) Second class teachers - 1,200 to $1,560.

(c) First class teachers - 1,260 to $1,980.

In view of the fact that you do not hold a teacher's certificate, we would be able to offer you only a beginning salary of $1,000 per academic year, plus free house, fuel and light.

Sincerely yours,

Mr. Samuel Colin,

Dear Sir:

I should like to apply for the position as teacher in the Indian School as advertised in the August 21 issue of the Globe and Mail.

I must state, Sir, that I am not a qualified teacher as I have not yet attended Normal School. I am eighteen years old, a Protestant, and a graduate of Sutton High School.

For reference, I am allowing a copy of a letter from C.N.R. Postmaster of Sutton High School and also one from Mrs. D.E. Pearce, Chief Operator of the Sutton Branch of the Bell Telephone Company where I was employed during the summer of 1946.

What is the salary which you would pay an unqualified teacher, and annual grades would be required to teach?

If I become the position, I shall endeavour to give satisfactory of the kind which you place in me.

Ottawa, August 7th, 1924.

Sir:

I have to acknowledge the receipt of your letter of the 2nd instant, enclosing an application which you received from Miss Edith H. Smiley for the position as teacher of the Ryerson Indian Day School, and stating the qualifications and experience which she possesses and the salary required.

In reply I beg to say that the Department will approve of the appointment of Miss Smiley to begin duties when the school re-opens after the present summer holidays, on September 2nd, next. The salary allowed her will be at the rate of $700 per annum, supplemented by the bonus provided by law. The bonus for the present fiscal year ending March 31st, 1925, will be at the rate of $15 per teaching month. Payment of both salary and bonus is based on ten teaching months in the year.

Kindly inform Miss Smiley of the approval of her appointment and ascertain definitely from her whether she will accept the position or not, and advise the Department of her decision.

Ottawa, August 18, 1924.

Madam:

I have to acknowledge receipt of your telegram, accepting the position of teacher at the Ryerson Indian Day School. I take it for granted that you are Protestant. If not, I should be pleased to hear from you without delay. Mr. Indian Agent Daly, of Parry Sound, is being informed of your appointment. The salary will be at the rate of $700 for the ten teaching months, plus any bonus provided by law. At present there is a bonus of $15 per teaching month paid to teachers of Indian day schools.

I should be pleased if, upon the occasion of your next visit to Ottawa, you would call at the Department - the Schools Branch, Room 501, Booth Building. Instructions and advice will be given to you.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Sir:

Relative to conversation with you while in the Department yesterday regarding an increase in salary to Miss Edith Smiley, I beg to say that the Department will approve of an increase of $5 per teaching month from the 1st of September, next. This will make her salary from that date at the rate of $90 per teaching month.

Please inform Miss Smiley of the increase granted, which is made in view of the excellent services which she has performed.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

Ottawa, June 20, 1930.

Sir:

Under separate cover, the Department is forwarding you the June quarter salary cheques of the teachers of the Lower French River, Maganetawan, Moose Deer Point, Ryerson and Shawanaga Indian Day Schools. You can hand these cheques to the teachers when the schools close for the summer holidays. At the same time, you should secure the June quarter returns and forward them to the Department.

The salary of the teacher of the Gibson Day School goes to the Treasurer of the United Church of Canada, Toronto.

Ottawa, July 24, 1931.

Sir:

I have to inform you that the Department has appointed Mr. Desmond Bolton to the position of teacher of the Ryerson Indian Day School - salary to be at the rate of $85 per teaching month. Mr. Bolton is a 28 year old Irishman, is married and has one 2 year old child. He expects to reach Parry Sound during the week prior to the opening of school on September first and, of course, will report to your office. You will please give him every possible help as he commences his new duties. Mr. Bolton has no Canadian professional qualifications, but his training at Queen's University, Belfast, and general experience have, I believe, fitted him for this post. He is very highly recommended by those who know him in Ottawa. He came to Canada in 1926 and three years ago married an Ottawa girl.

T-3275.

The Secretary,
Department Indian Affairs,
Ottawa,Ont.

Sir:

Enclosed please find DaySchool reports for the quarter ending September for this Agency,for Moose Point, Parry Island, Shawanaga, Magnetawan and Lower French.

I find these reports very satisfactory,so early in the season, and have reason to believe that they will be satisfactory in the coming quarter.

I have made arrangements and received programmes for the teacher's convention which will be held in Parry Sound and have sent same to the teachers, and because of this, as I understand the teachers have not too much money, I would respectfully request that the Department sent forward the cheques at their earliest convenience,so that the teachers may be able to attend the convention on the 8th and 9th of October.

If I receive the cheques by the 5th, the teachers in the various reserves will be able to get them by the 7th, which would give them a chance to attend the convention.

I am very anxious that the teachers should attend for the reason that I would like the people and the teachers in this district to realize that my teachers are in as good standing as they are. In this way we are able to cast a good impression on the district regarding our efforts to have qualified teachers in our schools.

The Secretary,
DEPARTMENT OF INDIAN AFFAIRS,
OTTAWA, ONT.

15-3910 - 5

SIR,—

ACCOUNTANTS JAN 21 1898 BRANCH

At a meeting of the Parry Island Band yesterday the 4th inst. which I attended, a resolution was passed asking the Chairman to grant an appeal for the purchase of a bell for the Regina School House. The bell which they propose purchasing is to be seven inches in diameter (small size) complete erected on the School House at $21.00.

I have had communication with Wm. Rice Esq. Jun. of Toronto regarding such a bell as is wanted, & have agreed to deliver the bell at Parry Sound for $16.00.

The purpose for which the bell is wanted is to summon the children to school, as a considerable number of them reside quite a distance from the school, & am of the opinion that the ringing of a bell will promote a more regular & better attendance at the school. I therefore request the Department to grant its approval of the expenditure.

I enclose Extracts of the minutes of the meeting of the Council.

Sir, 23648½

I beg to enclose you herewith a resolution passed by the Council of the Parry Island Band requesting that the Department sanction the expenditure of $25.00 to repair the Ryerson school house. I examined the school house yesterday & found the following repairs necessary:

New Floor required. Present floor worn out

New Shingle roof required. Present roof old & leaky

Walls require re-plastering in several places. & Whitewashing. I estimate the cost of making these repairs at $50.00 & as they are all badly needed I beg to request you to grant the expenditure, as the amount asked for by the Council viz: $25.00 will not pay for more than shingling the roof.

SIR,--

Returning to your letter of August 1 in which you authorized an expenditure of $50.00 to repair the Nipissing School on the Parry Island Reserve I beg to inform you that I have found it impossible to secure anyone who would undertake to do what is required to be done for this sum.

I have found on making an examination of the school house that the following repairs are absolutely necessary:

SCHOOLS JUN 5 1902

Roof of school house & porch to be shingled
Porch sheeted over
Ceiling & Walls replastered & whitewashed
New floor & supports under porch.
Painting & made woodwork - to include Wainscotting, window casings & seats

The only man in Parry Sound who will undertake to make the above repairs is Simon Woods & he asks to complete the work for $

I would suggest that this work be done during the Summer holidays as it is badly needed & I would recommend that Simon Woods offer be accepted

Sir,

I have to acknowledge the receipt of your letter of the 6th instant enclosing a Resolution from the Council of the Parry Island Band that a woodshed and porch for the teacher's house be erected at the Ryerson school.

In reply I beg to say that it will be necessary for you to obtain from the Band a Resolution authorizing an expenditure from their capital funds of such an amount as will cover the cost of erecting the shed and porch. A definite estimate of the cost of each will first have to be had and the matter then submitted to the Band.

Sir,

I have to acknowledge the receipt of your letter of the 21st instant enclosing a resolution from the Parry Island Council in reference to the erection of woodsheds and porches for the teachers' residences at the Ryerson and Shawanaga schools.

In reply I beg to say that the Department regrets that you did not state definitely in your letter the cost of this work, as it is necessary to obtain from His Excellency the Governor General in Council authority to spend the money from the Capital Funds of the Band. A reference to the files in connection with the Shawinaga school shows that the cost of the woodshed there was $43.87. Based on this estimate the Department is asking for authority to expend $130.00 for the sheds, porches and padlocks at both of these schools. As soon as this authority is received you will be advised to proceed with the work.

MEMORANDUM.

The school building and teacher's residence at Parry Island required some slight repairs, which have been made since my return.

I spoke to the Chief and Indians regarding their complaints against Miss Armour, their teacher, and told them that they should try and make things pleasant for her instead of making it as disagreeable as possible and that they had no right to ask for her resignation. They promised me that they would try to get along better in future. Mr. Agent Macdonald told me the trouble was that Mr. Elias, who is teacher of the Indian school at Shawinaga, was anxious to be placed in charge of the Parry Island school and that the Indians were trying to get rid of Miss Armour to make a vacany for him. Mr. Macdonald said it would be unwise to give Mr. Elias this school in any event. I think that there will be no more trouble about Miss Armour in future.

The school is centrally located and the teacher's quarters will be quite comfortable when the new porch is

Sir,—

I beg leave to acknowledge the receipt of your letter dated the 22nd instant referring to the Hand bell for the Byerson Indian School which I purchased in the month of January last.

The account for an axe and handle was purchased by me for the use of the fire ranger on Parry Island.

This axe was much in need at the time it was got the fire had into a Brule and was blazing up the trunks of some dead trees and the wind was driving the Cinders and Sparks into the green woods. by cutting the trees down the progress of the fire was smothered.

The Secretary
Department of Indian
Affairs
Ottawa

Sir,—

Pavy Island

I made a visit to Pavy on the 6th inst and found that the Belfry is in very bad shape and not fit to hang the new bell in. I would recommend that a new tower be built, also a new platform and steps at the entrance.

The plaster inside wants patching and whitewashing. — — —

The teacher wants 6 new window shades

Let me know if I may get work done at once or get prices and submit to you first. — —

The new bell is larger and heavier than the old one and it would not be safe to attempt to put it up in the old tower — It may cost about $90.00 or $100.00 to do all the above work.

I have the honor to be Sir Your obedient servant

Alexander Lyons

*Sir,—*

Re your letter of April 12th. I would say that I have investigated this account and find that when Mrs Yarwood was staying at the Hotel her husband was staying with her. she was there 8 days. which would mean 24 meals - each the C.P.Ry. charged her 75 cts for storage of trunks as she had left them there while she was at the Hotel. — — —

Ottawa, May 21, 1912.

Sir,-

I have to acknowledge the receipt of your letter of the 8th instant in reference to the belfry at the Ryerson School.

In reply I beg to say that the Department wishes to have prices for this work before authorizing it to be done and you should also state by whom the labour is to be performed. In all cases where possible the Department approves of using Indian labour, if competent workmen can be had.

Your obedient servant,

Sir:-

I beg to acknowledge receipt of your letter of the 1st instant relative to expenditure incurred in connection with the Ryerson Indian School, and in reply I enclose herewith cheque No. 3398 in favour of David Hawke, and also cheque No. 3399 in favour of the Parry Sound Lumber Company in payment of the accounts which you submitted for labour and lumber respectively.

An account should be forwarded in favour of the merchant from whom paint was purchased.

In future you will be expected to comply with the Department's instructions with regard to expenditure which should only be incurred when authorized. In this case you were requested on the 21st May to submit an estimate of cost. There was ample time for you to carry out these instructions between the date that you were written to and the date on which the work was done. Except in the case of the supply of relief urgently required, you should not authorize any expenditure without obtaining authority from Head-quarters.

AUG 1913

Sir—

I would like to get authority from the Department to install in all the Indian schools under my care. Cisterns or water tanks with a Pump and individual cups for pupils and teachers — The present system is filthy and unsanitary. They use an open pail and 1 cup for all persons and dip in each time they want a drink and I notice so many children with sore mouths. I think it would be a good move to have cisterns as I suggest and I would recommend one be put in each school and one in Parry Island Council Hall the cost for 5 and cups for all the pupils would be about $40.00 or $50.00 dollars please let me know what you think about it

Sir,-

I beg to enclose to you a copy of minutes of Parry Island Council meeting, held on Aug. 3rd.

In regard to motion No.1 new school house, I may say that the present school is in very bad shape. It is a log building, built 35 years ago, and is not worth spending any more money to keep it in repair. The school and teacher's house are too close to the railway track and I think it would be much better to have house and school in one. It certainly has its advantage in cold weather. We can get a very nice site for new school if the Department decid to build and I would recommend that a nice building be put up at a cost of, say $3000.

Ottawa, August 17, 1914.

MEMORANDUM.-

Mr. Scott.

Mr. Superintendent Logan encloses a resolution of the Council of the Parry Island Band for the erection of a combined school-house and teacher's residence for the Ryerson School. The Superintendent states that the present building is beyond repair and is too near the railway track and he recommends that the new building, if put up, should be on another site.

The present school building I know from personal observation is very old and in bad condition and the railway track runs within a hundred feet of it.

The Parry Island Band have $93,179.52 to the credit of their capital account and Mr. Logan says that a nice building could be put up for about $5,000.00.

Sir,—

In answer to the above letter and the report of teacher of Ryerson School, as to the condition of foundation etc. I may say that the building is not worth spending money in repairs. When in Ottawa last summer, I had a talk with Mr. Benson, about a new school, and had a letter from Dept. on July 22/14. file No. 153810/1.

At Parry Island council meeting held Aug. 3/14. it was resolved that a new school house with teachers residence be built as soon as possible; that motion was sent on Aug. 10th. with my report on the state of present buildings. I have been expecting plans and specifications along ere this for new buildings.

Sir:-

I beg to acknowledge receipt of your letter of the 4th inst., advising me that you have sent plans and specifications for a school at Parry Island, Ont., and asking me to take charge of same until after the tenders are closed. The plans and specifications referred to were received here to-day. I was just wondering if you did not intend this letter and the plans etc., to go to the Postmaster at Parry Sound, instead of Owen Sound. I also notice in the list of papers in which you are advertising for tenders, you have one The Canadian Echo, Owen Sound. This is also an error as we have no paper of that name here, but there is one by that name published in Wiarton. You will I know pardon me for making this correction, and if it is the Department's intention that they be put on exhibition in this Office I will be very pleased to carry out your instructions.
